Mr. Woods continued to perform in outstanding fashion as Chief of the CCS Registry during an extremely busy period. The figures cited in the last Fitness Report as to the workload of the CCS Registry continued to be representative of the volume and variety of Mr. Woods' responsibilities. He supervised the work of six subordinates with a successful combination of patience and firm professionalism. He continued to be the source of sound, constructive suggestions for coping with the paper "explosion" occasioned by the investigations of CIA and the Freedom of Information and Privacy Acts.

Mr. Woods is a highly valuable, reliable, unobtrusively effective records manager. In moving on to new responsibilities in an area division he leaves behind a solid record of achievement and the admiration of those with whom he has served in CCS.

Mr. Woods is a quiet, highly effective manager of a major repository of records within the DDO. The workload of his Section is staggering: over 8,000 documents filed each month, over 500 index cards prepared each month; close to 300 Freedom of Information or Privacy Act requests processed each month, etc. Mr. Woods organizes his Section well; he handles a group of six women with skill and understanding and he heads, as a result, a harmoniously working team.

Mr. Woods approaches problems with a positive attitude and brings his considerable experience and imagination to bear with appropriate initiative and follow-through. His response to the exceptionally heavy workload of the Staff over the past year of Congressional investigations and cover exposes was vital to the Staff's and the DDO's requirements for current and historical records. He volunteers ideas designed to improve the Staff's records; he works weekends and after hours to keep ahead of a growing avalanche of paper and requests for information. He is, in sum, a highly competent, knowledgable, yet flexible records manager upon whom the Staff relies heavily.

COMMENTS OF REVIEWING OFFICIAL

I have no difficulty in agreeing with the letter ratings and the narrative evaluation in the above report. Mr. Woods established the high level of his professional competence very soon after his assignment in CCS and has maintained this standard without interruption. I again must emphasize his abilities as supervisor in one of the toughest supervisory assignments known to me. With a Registry Chief like Mr. Woods, it is easy to come to the conclusion that running a registry of the complexity and volume as that of CCS is a cinch - at least he makes it appear that way.

During the 6 months under review Mr. Woods has continued to fulfill his rosponsibilities in the same excellent manner which has been documented in his last two fitness reports and which led to his promotion to GS-12. Mr. Woods surefootedness as a records officer and manager of people, together with ability to take necessary initiatives where actions are required and his maturity and sound judgement, make him an ideal chief of this very active and complex registry and records management office. I dread to think that eventual rotation will deprive me of the services of this extraordinarily competent and effective officer.

Since his last Fitness Report, in June 1974, Mr. Woods has continued his extremely fine performance as a conscientious, hardworking and thoughtful records manager and registry supervisor. The CCS registry workload remains at about the same level as previously reported, and Mr. Woods regularly works an hour or so of uninterrupted overtime every working day personally reorganizing procedures, cleaning out, consolidating, and retiring files. His enthusiastic determination in reducing the numbers of out-of-date and no longer useful files is most exemplary. Knowing the numbers of primary and supplemental files involved in this exercise, and as a retiring supervisor, I can only wish him "good luck"!

Mr. Woods also continues eager to learn and use new methods and techniques. During this reporting period, in July 1974, he took the Agency course "Introduction to Micrographics Seminar #2."

Finally it gives me pleasure to note here that, effective ~~11~~ 24 November 1974, Mr. Woods will be given a well deserved promotion from GS 11/6 to GS 12/3.

COMMENTS OF REVIEWING OFFICIAL

Both Mr. Yates' letter ratings and narrative comments accurately reflect the quality of Mr. Woods' performance during the reporting period. He is a thoroughgoing professional records officer who uses his extensive experience and his good judgement to take initiatives toward improving the Registry service and the management of records. Hand in hand with his high substantive competence goes his excellent ability as a supervisor. I can say nothing more laudable in this regard than that I have not had to deal with Registry personnel problems during the last year. He knows the job that needs to be done and so do his people. With this kind of leadership, the work gets accomplished with a high state of morale.

After a short overlap with his predecessor, Mr. Woods assumed his responsibilities as Chief of Registry, CCS, on 3 October 1973 - roughly nine months ago. In this position he is responsible, overall, for CCS registry and records management activities, including the supervision of seven other individuals. As could be expected from even a casual reading of his past fitness reports, Mr. Woods quickly took hold, and has been performing his new responsibilities in an exemplary manner. Despite the volume and variety of files with which he was required to become familiar, early on he systematically began cleaning out, consolidating, and retiring files as appropriate, reorganizing and updating the indexing system for individual and project files, and redistributing employee workloads. He also reorganized the placement of file machinery, desks, and service counter to achieve greater employee comfort and efficiency in the utilization of personnel. Although his task as Staff Security Officer is a secondary function, he also reorganized, simplified and re-wrote the security check and duty officer roster procedures.

Indicative of the work which he supervises are selected Registry statistics for May 1974: 7015 documents filed, 8200 files pulled (and re-filed) for Staff officers' use, 6642 cables processed and distributed, 9900 facility and name searches, 2353 documents logged, 833 index cards made and filed, and 200 new files opened. During his nine months with CCS, Mr. Woods not only has had to learn the CCS "system" himself,

This officer has continued to perform with a high degree of effectiveness and accomplishment. He has concentrated on improving our records holding standards and on purging irrelevant and out dated files. In May 1972 he began a monthly series of progress reports for the Chief of Station outlining the month's accomplishments. Copies of these reports through January 1973 were sent to Hqs in OIRT-18014 and 18015, dated 9 Feb 73. These reports clearly show this officer's focus on records management activities, his ingenuity and agressiveness in launching programs of review of files and his tireless efforts in reducing Station holdings to a practical and useable minimum. His records inventory as of September 1972, reporting a total reduction in excess of 85 feet, speaks for itself. His next report also promises to show dramatic reductions.

This officer shows a sense of professional responsibility and determination in the oft neglected function of records management, deeper and more intense than any other witnessed by the rating officer in his career. He performs his other duties as Chief, Registry with an equally high degree of effectiveness. Subject officer may have been inadvertently hiding his talents under the proverbial bushel basket by having remained in the field for so long. It is the rater's hope that Hqs now has focussed on him and has discovered his potential for greater responsibilities. The records in this Station are tremendously improved for his having had a tour in Rome. We are certainly glad he came.

COMMENTS OF REVIEWING OFFICIAL

This officer has been remarkably effective during his tour in Rome. While we are very sorry to lose him, there is no question that his formidable talents should be used on a much broader range of records management and related problems than could be done in this Station. His next assignment in Headquarters appears to give him that additional scope. We are glad that he served in Rome and that during this tour here he received a well-deserved promotion. Rome Station's records have improved considerably as a result of this officer's tour here. I am in full agreement with the above comments and ratings.

This officer's performance over the past year has been outstanding. He is a skilled professional records manager, an indefatigable worker and a highly imaginative and efficient supervisor. Since his last Fitness Report he has directed a TDY team of records officers in a concentrated program of records reduction. He devised the program and supervised its execution with most effective results. This officer is a driver and a doer. He constantly strives to improve the Station's records management posture and follows up with procedures designed to maintain the gains achieved by his efforts. It is highly gratifying and stimulating to work with him. He sees the broad dimensions of the task at hand and focuses constantly on improving the system. This quality convinces the rater that he is capable of greater responsibilities in a position of broader scope. I recommend that Headquarters begin to plan for the utilization of this officer on the completion of his tour of duty in Rome. He should be placed in a Headquarters position in which his skills and broad experience can be fully used and in which he can achieve the professional growth of which he is both capable and deserving.

I concur in the comments of the rating officer and believe the overall outstanding rating is well deserved. Subject is a first-rate Records Management officer - deeply interested in his work, conscientious in the extreme and always looking for an innovative approach that will upgrade the functioning of Registry and better serve Station needs. Without losing sight of the unending pressure to reduce and periodically reorder the Station's holdings, this officer avoids assuming attitudes that are cast in cement. He works with the Branches and individual officers in solving problems rationally. He is unfailingly pleasant and courteous and is well-liked by all. The Station is fortunate to have him.

I have worked with this officer just 2½ months, but this has been long enough to satisfy me that he is above average in registry work. He is a very knowledgeable registry technician, but most important, he is aggressive and imaginative in devising new procedures, or revising old ones to improve the quality of registry service to this Station. He is affable in dealing with his peers and confident and persuasive in dealing with the senior management of this Station. Shortly after his arrival he took over the analysing and distribution of the cables, and prepared a Station procedure for this purpose. Immediately following that, he devised a new procedure for handling correspondence and installed it. He had reviewed the multitudinous files at this Station and has plans to trim them back to more reasonable and appropriate dimensions. In every respect, this officer has taken charge of the function he is here to perform, and has devoted a great deal of time, thought and effort to improve it. We are indeed satisfied with his performance.

State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. If extra space is needed to complete Section C, attach a separate sheet of paper.

Mr. Woods first made a survey of the Augean stable that the Italian Branch files had become over many years of shifts in personnel and changes of direction. He then reviewed, downgraded, and retired approximately 350 Top Secret documents with appropriate Project and Subject files and copies destroyed. At the completion of this there was not one Top Secret document on the Branch. He devised, gained approval from FI/D, and carried out a new procedure for the downgrading of TYLOTE material from Top Secret to Secret so that it could be retired. He retired approximately 60 Project, 25 Subject, and fifty 201 files. He surveyed the Communist Party of Italy files and discovered that there were a total of 93 of which 19 were already closed. He closed 47 of the remainder and left 25 open and arranged for RID/ARD to retire all the material in the open files prior to 1 January 1971. He closed and retired Pian files dating back to the early 1950's. All in all, out of 76 feet of safe space filled with CS material, he retired 36 feet of files leaving a catalogue of where everything is or has been sent. A remarkable record (and done with a minimum of fuss and Branch dislocation)!

What he did in such a short time speaks eloquently of how he went about his duties for which see the accompanying memorandum of recommendation for promotion. Reporting officer has known him over fourteen years and has the unvarying impression of him as a quietly competent, diligent, reliable, self-reliant individual.

COMMENTS OF REVIEWING OFFICIAL I concur in the above evaluation. Subject turned in a most impressive performance during his brief time on the Italian Branch. Largely as a result of his enthusiasm and initiative, the Branch was able to achieve what had never been accomplished before: a complete overhaul, cleaning, purging, and restructuring of its filing system. To his credit, Subject has a keen appreciation for operational requirements and all of this work was done without sacrificing the future utilization of informati acquired in the past; on the contrary, the efficient use of this material has been so enhanced that it will surely be reflected in our future operations. Mr. Woods has a unique contribution to make in Rome or any other place he is assigned. The Station is fortunate to have him....his presence is sorely needed to do the same thing in Rome that he has just accomplishe

In the four months he has been under my supervision, Subject has demonstrated that he merits in full measure the high opinion of him held by his previous supervisor. Conscientious, careful, fully knowledgeable of Registry procedures he has gone about his day-to-day tasks in an exceptionally proficient way without the need for constant supervision. He is prompt in his response to requests and has an excellent sense of "get the job done". He is an intelligent and concerned supervisor who has been meticulous in keeping his supervisors briefed on personnel and other problems as they have arisen in the Station Registry. He appears fully capable of assuming larger responsibilities in the records field. The rating officer regrets that Subject's family situation precludes his staying for another tour.

With about nineteen months experience managing the station registry already under his belt, his usefulness here increases. He continues to demonstrate the same quietly effective leadership and talent for sound organization in his own shop as were noted on the last fitness report.

While maintaining a high standard in the more routine day-to-day services and processes a registry is normally expected to supply, he has also been the catalyst for a thorough, carefully phased and continuing review and, where appropriate, purge of registry and other file holdings. Administering this ambitious reduction program requires sound judgment and experience in handling the detail in our existing records. Subject has these qualities and has achieved impressive results. To complete this task, he has asked to extend his tour here for one year until November 1971 and Headquarters has approved this.

He is invariably completely responsive to guidance from the DCOS, his immediate supervisor, and conscientiously seeks to achieve the work goals which are identified during our occasional accomplishment and performance consultations. The spirit of cooperation with which he deals with other station personnel is equally commendable.

No criticism can be made of his security and cover deportment.

State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable. He arrived ten months ago at this post with considerable experience in Registry work at Headquarters and at other field stations and with a thorough understanding of how a Station Registry should be organized and run. He immediately put this understanding to good use. While maintaining the overall efficiency of Registry programs already in effect when he took over, he enthusiastically began a carefully-planned and continuing effort to further reduce less than essential Registry paper holdings with results which are already impressive. His suggestions on new procedures designed to conserve space and manpower are usually imaginative and practical.

He himself is a remarkably well-organized, conscientious and cooperative person.

He has had to undertake his improvements while accommodating to the loss of one Registry slot which fell victim to a Foreign Service reductions program. Primarily due to his managerial talents, the Registry has been made to carry on almost as well with three regulars as with the previous four. Although his people are increasingly hard-worked, their morale is high. He himself appears to be a glutton for work but his Registry is obviously a happy shop.

This is Subject's final Fitness Report as Chief, Registry at Vietnam Station. He has worked long and hard but can look with pride at the many accomplishments that he has effected during his tenure. He will depart leaving a sound and well-functioning organization. His planning has been effective and his cross-training and development of the personnel under his supervision have been fully productive.

During this period, his unit has experienced heavy increases in workload and assumed new or additional functions with no reduction in the service provided to Station components.

Subject has been responsible for many work saving innovations, procedural changes and a thorough updating and revamping of the highly important registry reference records.

The personnel under his supervision display enthusiasm and dedication in their work. Their pleasant manner is a reflection of Subject's management ability.

Subject performs his managerial and supervisory duties in a highly professional manner. He knows systems, writes lucid and concise procedures and reacts positively to situations. He is a "Doer".

Subject is responsible for the supervision and operation of one of the more diversified and complex field registry operations in the Organization. He is thoroughly knowledgeable and experienced in registry practices. Subject is a dedicated and hard working officer who will apply himself diligently to individual registry activities. Such diligent application occasionally causes him to overlook his overall supervisory role, the supervision and management of eleven personnel and the responsibility for providing a wide variety of services, locally and in-country. In the press of his activities, he does not always employ a high degree of tact in dealing with his subordinates. In this context it should be noted that he is performing proficiently in a position well above his present grade level.

During the past several months, the Section has undergone several changes and assumed additional functions under his guidance.

Subject is cost conscious in the use of supplies and equipment in his Section.

Subject is attending evening courses leading toward his degree to further himself professionally.

FOSHAG has continued to perform at a "Strong" level. He is a fine supervisor and thereby gets maximum performance from his staff which is too small to handle a work load which has constantly increased over the past year. He is cost conscious in funds material and also strives to stream-line and improve the functioning of the Registry and its related functions.

FOSHAG has twice been recommended for promotion. He definitely deserves it and should be assigned next to a position above his present rating.

As Chief of the Station Registry this employee continues to perform [illegible]ceptionally proficient level with little supervision from his supervisor. His super[illegible]s being reassigned and is scheduled to be replaced by another officer who will necessarily need several months to become knowledgeable of Registry activities. However there is no concern that the flow of paper and the maintenance of accurate records will be affected due to the turnover of supervisors. This employee continues to use his native ingenuity and high standards of achievement to ensure that his office continues to be a well run and efficient unit. He continues to ensure that no government funds are wasted, even to the extent of arranging for the construction of certain modifications to the Registry office by Registry employees at little cost to the Government. This employee has been performing at a level above his present GS-09 grade. As recommended in November 1964, it is reconfirmed that this employee should be promoted to the next higher grade at the earliest possible opportunity.

This employee continues to be Chief of the Station Registry. During the past year his level of performance can be properly evaluated as exceptionally proficient. He continues to welcome hard work, is not bothered by constantly changing deadlines and is able to fill in for any absent member of his unit, and keep up his own work as well. He is quite conscious of the value of Government personnel and materiel, and does everything in his power to conserve these resources. He continues to come up with new ideas on how to perform his functions in a more efficient and effective manner. This results in benefits to the entire Station. It is regretable that the position this employee fills does not allow for promotion since he has been performing at a level above his present grade for several years.

COMMENTS OF REVIEWING OFFICIAL

I concur in this rating and add that this employee has not let the very serious personal problems thrust upon him during this period interfere in any way with his consistently dependable performance. In this key role, in any station of this size, dependability, reliability, and confidence are "musts" and while there are quite naturally small aggravating incidents of mis-routing or mis-direction of documents, I have been struck by the lack of them here, because ratee has the "must" qualities. His performance certainly warrants favorable consideration of the projected promotion action.

SECTION B PERFORMANCE EVALUATION

W - Weak	Performance ranges from wholly inadequate to slightly less than satisfactory. A rating in this category requires positive remedial action. A - Adequate	Performance meets all requirements. It is entirely satisfactory and is characterized neither by deficiency nor excellence.
P - Proficient	Performance is more than satisfactory. Desired results are being produced in a proficient manner.
S - Strong	Performance is characterized by exceptional proficiency.
O - Outstanding	Performance is so exceptional in relation to requirements of the work and in comparison to the performance of others doing similar work as to warrant special recognition.

Consider ONLY effectiveness in performance of that duty. All employees with supervisory responsibilities MUST be rated on their ability to supervise (indicate number of employees supervised).

SECTION C — NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. _Manner of performance of managerial or supervisory duties must be described, if applicable._

As the Chief of the Tokyo Registry this employee has performed well. He has abundant energy and constantly comes up with ideas for the improvement of the efficiency of his unit. He welcomes hard work and is able to fill in and take over any job in his unit and keep up with his own duties as well. As a supervisor, he has a slight tendency to be arbitrary when convinced he is right. This may be due to the fact that the Registry frequently operates under conditions of pressure due to the recent reorganization, reduction, and relocation of the Station. The Station has been required to get the job done with fewer people and under more difficult working conditions.

Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide best basis for determining future personnel actions.

Ratee has been in charge of station registry since 2[illegible] Ap[illegible]. This has been a period of dramatic change in the station and especially in our paper management. He has responded well to these changes and shows a degree of adaptability that bodes well. His handling of our recent "holdings" inventory, his unceasing efforts to reduce unnecessary holdings, and his knowledge of his business (RI) have made him a valued addition to our shrinking team. In this short rating period there has been little opportunity for me to observe his supervisory abilities, but the lack of any problem on this count coming to my attention means to me that he is doing well. Another six months should tell us more on this score.

Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Subject is an excellent records officer. His interest in the subject and his perseverance in carrying out tasks connected with it have not only produced results in his own work, but have kindled enthusiasm and interest within the Division in developments in Agency records management. He has been able to improve records within the Division with a great deal of success, and at the same time avoided the usual aversion to records responsibility which too much emphasis on records creates in the case officer. His ability to get along well with others is important in his liaison function.

Mr. Woods' work on the vital materials program in the last year has resulted in a much more realistic program for the Division. The creation and ~~retention~~ up-to-date retention of vital materials has for some time been a problem for which little solution could be found. It appears that the present program will result in vital materials which will be current and usable if needed.

Subject is at present assigned to a part-time detail in MMU. This should help to broaden his knowledge of new approaches in the records field. A/EXO/DDP has expressed his complete satisfaction with the very effective work Mr. Woods is doing on this detail.

Mr. Woods' work during the last year was the basis for a commendation of the Division's records program by COP.

Describe, if appropriate, his potential for development and [illegible] greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Subject is an excellent records officer. He is enthusiastic about his specialty and works hard at it, putting a great deal of energy into his work.

He is quick and understands records thoroughly. Because of this, he is at times inclined to jump ahead of others in records discussions and should attempt to slow down his approach to the subject to meet the level of persons who do not have the same records background.

Subject could fill any position in the records management field, and should advance quickly. He is interested in developing his capabilities and is at present enrolled in the Writing Workshop with this in mind.

This report has been prepared in accordance with FE Division standards which recognize the [illegible] rating the individual against the group. Thus an "average" rating reflects an entirely satisfactory performance.

INSTRUCTIONS

TO THE FIELD ADMINISTRATIVE OR PERSONNEL OFFICER: Consult current field administrative instructions regarding the initiation and transmittal of this report to headquarters.

TO THE FIELD SUPERVISOR: Read the entire form before attempting to complete any item. As the supervisor who assigns, directs and reviews the work of the individual, you have primary responsibility for evaluating his strengths, weaknesses, and on-the-job effectiveness as revealed by his day-to-day activities. If this individual has been under your supervision for less than 30 days, you will collaborate, if practicable, with his previous supervisors to make sure the report is accurate and complete. Primary responsibility rests with the current supervisor. This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

FIELD FITNESS REPORT

CODED

The Fitness Report is an important factor in organization personnel management. It seeks to provide:
1. The organization selection board with information of value when considering the application of an individual for membership in the career staff, and
2. A periodic record of job performance as an aid to the effective utilization of personnel.

INSTRUCTIONS

TO THE FIELD ADMINISTRATIVE OR PERSONNEL OFFICER: Consult current field administrative instructions regarding the initiation and transmittal of this report to headquarters.

TO THE FIELD SUPERVISOR: Read the entire form before attempting to complete any item. As the supervisor who assigns, directs and reviews the work of the individual, you have primary responsibility for evaluating his strengths, weaknesses, and on-the-job effectiveness as revealed by his day-to-day activities. If this individual has been under your supervision for less than 30 days, you will collaborate, if practicable, with his previous supervisors to make sure the report is accurate and complete. MEMORANDUM FOR: Chairman, Clandestine Service Personnel Staff

SUBJECT: James S. WOODS - Recommendation for Promotion

1. Subject has been in grade GS-10 since June 1968. Based on his outstanding performance as Chief of Registry in the Rome Station since June 30, 1971, he strongly merits promotion to grade GS-11 at this time. When Subject took over the responsibility for Registry a year ago, he found a system glutted with paper and bound up by a policy which discouraged getting rid of it. He found many procedures in force which were out of date, if not obsolete, and proposed streamlined procedures, which were adopted, to replace them. He asked for and was given the responsibility to analyze and distribute the cables, which had previously been a function of the Chief of Station's secretary. He recommended the discontinuance of the abstract system, which proposal had been adopted by most elements of the Station. He recommended a reduction in the retention period for cable and dispatch chronos. With the help of a TDY team here for the first half of CY 1972, he devised and instituted a program of purging the files. This program has resulted in the disposition of most of the departed Soviet files, a severe trimming of the true name files, and the review, reduction and up-dating of the project and operational files. All of this work was accompanied by appropriate name checks, entries on the index cards and selection of pertinent documents for transmittal to Headquarters. In summary, Subject performed a thorough "house-cleaning" of Station records in the full meaning of that phrase. This program is by no means finished. In fact, Subject has plans for continuing efforts along these lines which may exceed his tenure at this Station since he intends to return to Headquarters not later than May 1974. The on-going program includes a review and reorganization of the subject files, the encrypted 201's and the disposition (hopefully) of about 50 feet of microfilm. A corollary to these projects will be a significant reduction in the index cards, which at present lead to the microfilm and to other superfluous material we either have or will destroy.

2. The equally important aspect of records management, namely the introduction of procedures to lessen the likelihood

if not prevent the reoccurrence of this pile-up of paper is not lost on this officer. He constantly thinks in terms of procedures and controls to accomplish this end.

3. Subject is dedicated, highly motivated, conscientious, and hard working. He reports to work each day an hour before the Station opens in order to distribute the cables by opening of business. He never hesitates to respond positively to any request for help. Indeed, he solicits work which he believes can be done more easily or more simply in his unit. In all respects, Subject is a trained, professional records management officer who is thoughtful as well as enthusiastic about his work.

4. It is strongly recommended that Subject be promoted to grade GS-11.

MEMORANDUM FOR: Chief, European Division

FROM : Chief of Station, London

SUBJECT : Promotion Recommendation - James S. Woods

Subject, who has been in grade as a GS-10 just two years, has been Chief of the Registry of the London Station for eighteen months. Subject, fresh from a Saigon assignment, brought with him a broad and varied background of field experience (Far East) and several Headquarters' assignments. He has been in one or another aspect of records management work since he started with us as a very junior clerk in 1952.

Subject's fitness reports, since he has been in London, testify to the high regard in which he is held by the Station and the excellent results he has managed to achieve. When he arrived at the Station, the start had been made on a file reduction program but an enormous amount of organized work remained to be done. Subject set about it with great enthusiasm and a high degree of professional organization. As a result, the Registry inventory today is the leanest and the most efficient the Station has seen for many a long day, if ever before. To a great extent this can be laid at Subject's own door and he personally did much of the work. At the same time, Subject surveyed and reorganized the overall workload of the Registry and was finally able to recommend to the Station management a reduction of one Registry clerk. The smaller staff has certainly required a more intensive work effort on the part of Registry personnel, which has been attained without any loss of morale; in fact, quite the reverse.

Subject, therefore, emerges as a records management officer who has thoroughly learned his business and a hard-driving, sympathetic and successful supervisor. In the opinion of the Station management, Subject is already quite capable of taking over broader and more senior responsibilities in the records management field. In this respect, however, we do not believe he will be wasting his time in London by spending, as he currently plans to do, an additional year here on the completion of his tour in November. The London Registry, reflecting the multi-faceted work of the Station, is sufficiently complex an operation to warrant

Subject's continued attention.

In view of his really excellent performance and high promise, it is strongly recommended that Subject be promoted to GS-11.

/s/ Bronson Tweedy

MEMORANDUM FOR: Deputy Director for Plans

ATTENTION: DDP/OP

SUBJECT: Request for Quality Step Increase for Mr. James S. Woods, GS-09

1. On the basis of the information presented below, it is recommended that a Quality Step Increase be approved for Mr. James S. Woods.

2. Mr. Woods entered on duty with the Agency in April 1952 as a GS-03 Records and File Clerk assigned to RID. Since that time Mr. Woods has served as a Records Analyst at Headquarters, in Korea and Atsugi, Manila, and since 1961 in the Central Registry Section of the Tokyo Station. Mr. Woods is 37 years old and has been in grade as a GS-09 since 1958.

3. Mr. Woods' exceptional performance is described by the Tokyo Station as follows:

> "A. Mr. Woods is now on his second tour as Chief of the Tokyo Station Registry. This unit is located at Fuchu Air Station and handles all correspondence for all Station elements. In view of the fact that the Station is located in five different geographic locations, a great deal of responsibility is given to Mr. Woods to ensure that action responsibility on incoming cables is rapidly and properly assigned, dispatches are correctly routed and processed, correspondence from other local military agencies is correctly analyzed and routed, the twice-a-day courier system is functioning effectively, and the Station flexowriter is rapidly churning out priority dispatch traffic.
>
> "B. The Registry is presently composed of six employees in addition to Mr. Woods, who is Chief of this unit. Mr. Woods does an exemplary job in supervising these employees with the result that the Station Registry is a smooth and well-functioning unit.

"C. In addition to his normal duties, Mr. Woods is constantly thinking of ways to increase the efficiency of the Station Registry, and to be of greater assistance to the Station as a whole. Several of his ideas have been adopted by the Station with a resulting increase in effectiveness. His positive approach to all problems and his cheerfulness and willingness to perform any task have benefited both the Station and the Agency.

"D. In view of Mr. Woods' demonstrated ability to provide leadership to the Station Registry unit, his positive approach to the solution of the many problems which daily beset this unit, it is strongly recommended that he be promoted from GS-09 to GS-10 at the earliest opportunity."

4. Mr. Woods has continued to perform in an over-all "Strong" manner as indicated in his recent fitness report. He recently planned and effectively implemented the move of the Cable Secretariat from one location to another. In a dispatch, dated 22 November 1965, the present Chief of Station, Tokyo, stated, "There is little I can add to my predecessor's recommendation, dated 9 November 1964, for promotion of Mr. Woods. He is performing his duties as Chief of the Tokyo Station Registry with efficiency and dispatch. He is a strong supervisor who constantly strives to achieve the maximum economy in the use of his personnel and materials."

5. Consideration has been given to the granting of an Honor and Merit Award to Mr. Woods, but in this particular case it appears that a Quality Step Increase is more appropriate.

Korea Station wishes to express its appreciation to for his most diligent performance of duty during his recent TDY here, his highly cooperative attitude and above all, his extreme eagerness to get a job done well and expeditiously.

It was largely with his help that Korea Station was able to screen and process the voluminous material which needed to be handled in order to establish a coordinated and integrated record and file maintenance system.

All Korea Station personnel connected with the work of the TDY Team members were impressed and gratified by the eagerness with which they assisted with details and helped with problems that were outside the responsibilities of their assigned task. Their pleasant manner, apt suggestions, their excellent cooperation and untiring efforts to complete more than the initially estimated workload, all created a most favorable impression which reflects much credit not only on the team members themselves but on the Records Integration Branch as well.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

Mr. John F. Blake
Director of Personnel

Washington, D.C., 20505

Dear Mr. Blake:

I am writing to you personally and directly at the suggestion of my old friend and new neighbor, Don Marelius.

As the records will show I retired in the spring of 1971 after 40 years of Federal service 27 of which were with the Agency and predecessor organizations. At the time of my retirement a small ceremony was held, presided over by Mr. Tom K., and I was shown various items attesting to my length of service, dedication to duty, etc. However, I was not permitted to take these items with me due to certain cover considerations which I admit have never been quite clear to me. I was told informally in the division that perhaps after a year the items would be forwarded to me. It will soon be three years and I have not yet received them.

I am sure I don't need to tell you how much these items mean to me and what they will mean to my sons in later years. Therefore I would appreciate hearing from you as to the status of these items. I am sure there are many other fellows in the same boat.

Anxiou~~l~~sly awaiting your reply, I am

Sincerely,

James A. Noel

Dear Tom -

I am taking advantage of Gene's coming visit to Washington to send you this little note.

We will be moving to the San Diego area the end of this month and hoped to be settled into our new home there by the time mid-September rolls around.

Tom, you will recall that at the time of my retirement you presented me with a letter from Dick, a certificate of service, and (I understood) a silver medallion. All of these items were then returned to be safely stored away until some future date - not specified. I am sure you can appreciate that these items mean an awful lot to me - and eventually will mean a lot to my two sons. I realize and appreciate the need, because of cover reasons, for discretion with respect to displaying these items to friends, etc. At the same time I realize that as the years pass the chances of these items getting "lost" or falling between the chairs back home is very good. I do not want to lose them and it goes without saying that I would honor any restrictions that might be imposed in the event they are sent to me. The outfit in past years has entrusted me with top secrets, with the management of unvouchered funds, with details of sensitive operations. Surely it can now trust me to use intelligent discretion in the safeguarding of these items I write about. I would appreciate it Tom if you would take this request into careful consideration.

When I saw you last in Washington you promised one day you would be making a trip out to San Diego. I am holding you to that and hope it will be soon.

Lillian joins me in sending you our warmest regards. Don't forget - wherever I am you and the outfit have a sincere friend who is prepared to help out to the best of his ability.

Sincerely,

Jim

MEMORANDUM FOR: SA/ADDP

SUBJECT: Mr. James A. Noel

1. Mr. James Noel was uninterruptedly employed by the Department of State from 1931 to 1968. From 1931 to 1944 Mr. Noel was a bona fide Foreign Service Officer. Since 1944 his Department of State employment was in cover status while he was with OSS, SSU, CIG and CIA. He ostensibly retired from the Department of State in 1968. Until his actual retirement from CIA in 1971, he had cover as a consultant for the Department of Army. Mr. Noel received a 35 year certificate and service pin from the Department of State in lieu of the usual CIA retirement documentation and awards. Mr. Noel retired under cover and continues to be administered in this manner.

2. Under current guidelines, personnel retiring from CIA under cover do not receive any CIA retirement documentation or awards since this would be inconsistent with the retention of cover in retirement status.

SUBJECT : Mr. James A. Noel

REFERENCE : Dispatch - USFT-1584, 19 March 1970

1. Attached is a copy of a dispatch from subject, now a career agent - in which he poses certain questions with respect to his retirement status based on former service with the Department of State. We forwarded the dispatch to Central Cover Staff, for action with the Department of State. We were informed that there is no record of subject's service in Mexico either with the Civil Service or the Department of State, since records have been destroyed.

2. Since subject's retirement plans are directly involved with the service claimed, it would be appreciated if his records could be checked. Perhaps the Records Center could be checked.

ACTION REQUIRED - REFERENCES

REF: USFS-860, 26 February 1970

1. Reference has been seen and noted by [redacted] and Headquarters' offer to assist him in programming his retirement is greatly appreciated.

2. There is a matter in which Headquarters could be of assistance and which, conceivably, could influence a decision on the part of [redacted] to retire before he reaches his 60th birthday in March 1971. It is this. When [redacted] resigned from LNGOLD on 15 August 1954, to accept employment on 16 August 1954, with WOHIVE, he had to his credit with LNGOLD a considerable amount of annual and sick leave accrued over a period of almost fourteen years. Due to regulations or practices in effect at that time he was not paid for his annual leave but was told that both his annual and sick leave balances would be held in escrow and if he returned to LNGOLD employment in the future the credits would be reinstated. Years later when [redacted] was being integrated into LNGOLD, he inquired concerning the old annual and sick leave credits and was informed by the LNGOLD official handling the integration papers that reinstatement of his leave could not be granted due to the fact that there had been a "break in the continuity of [redacted]'s government

service" as reflected by the papers submitted by [illegible] to LNGOLD in connection with the integration process. This break in the continuity of service was completely fictitious but was inserted into the employment record of [redacted] by our cover people for some technical reason not clear to [redacted]. [redacted] has been in continual government service from 26 January 1931 to date without a single day's break in service, as his personnel record will disclose. He realizes, of course, that he has long lost his annual leave credit with LNGOLD and the lost annual leave is therefore not a matter of contention at this writing. However, he is most interested in now ascertaining whether the sick leave which he had to his credit when he resigned from LNGOLD in 1944 can be recovered and added to his sick leave balance now being held by KVROCK. Since unused sick leave can now be used in computing longevity for retirement purposes, the recovery of this sick leave could play an important part in [redacted] retirement plans. Consequently, he would greatly appreciate it if the appropriate Headquarters officials would look into this matter at their earliest convenience.

3. [redacted] would also like to raise another matter relating to his service with LNGOLD. [redacted] served from October 1933 to July 1941 at Mazatlan, Mexico, which was then designated by the LNGOLD as an "unhealthful post" for retirement purposes. Each year of duty at an unhealthful post entitled the employee to one and one half years of credit for retirement purposes. [redacted] would appreciate learning whether his service at Mazatlan during the period mentioned would, under present rules, entitle him to extra retirement credit.

4. A ruling by Headquarters on the two points raised is respectfully requested.

MEMORANDUM FOR: Director of Personnel

THRU : DDP/OP

SUBJECT : PCS Return Prior to Completion of Tour of Duty - James A. Noel

REFERENCE : CSN-20-59, dated 17 November 1965

1. This memorandum contains in paragraph 2 a recommendation for the approval of the Director of Personnel.

2. Mr. Noel arrived in Madrid as the Chief of Station on 21 September 1961. After home leave, he returned to Madrid on 7 August 1964, for a second tour of duty which would normally be completed on 6 August 1966. We have been advised that upon completion of his current assignment, Mr. Noel will be assigned as Chief of the DODS field office in San Francisco, California. Since the officer now filling that position is required to leave in early September for another assignment, it is very desirable that Mr. Noel arrive in San Francisco about 6 September. Therefore, it is requested that Mr. Noel be permitted to leave Madrid on or about 1 July 1966. This will permit him to take some home leave and arrive at his new post in sufficient time to settle his family, which includes two school age children, and report for his projected assignment on schedule.

SUBJECT: NOEL, James A. - Recommendation for Promotion

1. Mr. James A. Noel was born 19 March 1911, in New York City, is married and has two children. He graduated from San Diego Senior High School and entered the United States Foreign Service, where he served as consular officer in Mexico and Spain, from 1931 to 1944. He entered on duty with CIA, at CAF-11, on 15 August 1944. He served in Madrid and Barcelona and was promoted to CAF-12 in 1946. He subsequently served at Guatemala City as Chief of Station, and in March 1947, was promoted to GS-13. He was assigned to Buenos Aires as Chief of Station, and in August of 1951 was promoted to GS-14. Subject is presently Chief of Station at Caracas, Venezuela.

2. Mr. Noel has been rated Excellent to Outstanding as Chief of Station. His last efficiency report in June 1953 reflected a lower rating due to a difficult personnel situation and hospitalization. However, this situation has been resolved, and it is felt that Mr. Noel has earned his promotion to GS-15.

close relation to the job he is doing. Since this job is directly concerned with national security and the national interest, and has been consistently well done, I believe that Mr. Hoel can be said with sincerity to be an employee of unquestionable loyalty and integrity.

5. The same beliefs of the writer pertain to Mr. Hoel's wife, whom I have met on many occasions and found to share his attitudes and feelings completely. She, too, is strongly interested in the work Mr. Hoel is engaged in and has few, if any, outside interests. Their home life is happy and wholesome and their social activities appear strictly restricted to the business of the day.

6. In this respect, I believe that both Mr. Hoel and his wife are, by training and personality, security-conscious people who are quite happy to devote themselves to the success of the career in intelligence which Mr. Hoel has selected.

Chief, CAS is one of the ablest members of my Country Team. He has a profound knowledge and understanding of the complex Spanish political scene, and scores of valuable contacts. I have a healthy respect for his judgment, and frequently seek his advice and counsel.

He manages his staff effectively and enjoys their respect and confidence. Popular and well liked by his colleagues in the Embassy and the Spanish Government, Chief, CAS is an excellent representative of our Government.

Chief, CAS is prudent and discreet, and I have complete confidence in him. He is a man of few words but when he expresses himself, he does so in a meaningful way.

A gifted analyst with an incredibly deep grasp of the complicated Spanish mentality, Chief, CAS' assessment and opinions are highly valued by me and the members of my Country Team.

Chief, CAS and his associates have been most cooperative at all times, and have provided me with excellent support. I regard their operation superior in every respect which is a compliment to Chief, CAS' skillful leadership and direction.

Chief, CAS' wife is an attractive American lady who is an asset to her husband. She takes an active part in community affairs.

Mr. Noel is much too experienced and practiced a hand for his performance to vary very much from year to year. He has continued to turn in the highly creditable performance in San Francisco that has been standard for him for many years. He has managed his subordinates well and has exercised uniformly good judgment in directing their operational efforts. Of particular value has been his steadiness in the face of administrative adversity disrupting the organization of his Base. Mr. Noel insured that the work of the Base continued uninterrupted and demonstrated his capacity to keep on top of all details and report them to Headquarters as appropriate. It is a credit to Mr. Noel that in the post-Ramparts exposure period there was not a single instance of an academic asset withdrawing from a relationship with the Base.

The performance of his officers atteststhe careful guidance and wise leadership which has enabled them to operate securely and well in sensitive areas. His realtions with the FBI and DCS are excellent. He is appropriately economy minded. In short, he is a decidedly strong supervisor.

Mr. Noel is an old hand at running Bases or Stations abroad and his performance as Chief of Base, San Francisco, amply attests that. It goes without saying that he understands all aspects of the business, knows how to delegate, organize, direct and report. He has continued to do all these things well. His seniority, experience and maturity served the Agency in particularly good stead during this period when the location of his Base was compromised in the public press, through no fault of Mr. Noel. His subsequent and consequent actions were all taken with sound judgment and appropriate calm and circumspection. He was also most receptive to, and cooperative in, Headquarters suggestions in this matter. He is, of course, cost conscious and an excellent supervisor. His overall performance is that of a high order of senior Agency officers.

MEMORANDUM IN LIEU OF FITNESS REPORT

WE
D
Hdqrs. 3

SUBJECT: James A. Noel, Employee Serial No. 055292
Fitness Report for the Period 1 April 1964
to 31 March 1965

1. Subject, who was born 19 March 1911, is a GS-16 and has been assigned to Madrid as Chief of Station since October 1961.

2. As Chief of Station, he is charged with the organization and management of the station and is responsible for the planning, direction, and supervision of all its activities. He also exercises general supervision of the Barcelona base. Assisting him and under his general supervision are 24 staff employees and 15 contract employees.

3. Subject serves as the Ambassador's principal intelligence officer, as chairman of the Embassy Defector Committee, as the Agency representative on the Embassy Country Team, and as the coordinator of U.S. clandestine intelligence operations in Spain. Accredited as the Agency's representative to the Spanish Intelligence (AEM) and Security (DGS) services, he plans, directs, and supervises all aspects of the station's multi-level liaison with these services and personally handles the liaison with the Service chiefs and a number of their senior officers. On the operational side, subject handles BISHAD/1, CITIZEN and QUWIND/1. He recruited QUIP/1 during the rating period, arranged a new cover job for HARRIOTT through QUWIND/1, and participated in the handling of QUMALT and QUHOPS.

4. Subject is an experienced and mature officer, possessing an excellent command of Spanish. Highly motivated, conscientious, and industrious, he readily accepts responsibility and is both thorough and reliable in the execution of his duties. Even tempered and affable, he holds the confidence and friendship of those whom he directs and those to whom he is responsible, and the morale of his station is noticeably high. He is alert to the operational possibilities

of any given situation, evidences sound and objective judgment, and works well under pressure. He writes lucidly, speaks articulately, and exhibits a high degree of cost consciousness in the use of government funds and property. His delegation of responsibility to others is meaningful and well delineated.

5. Subject's performance has been strong throughout the rating period. He has given the station purposeful direction and competent management and as an effective supervisor who commands the loyalty and respect of those whom he supervises, he has succeeded in obtaining a maximum effort from the station personnel. He enjoys the confidence of the Ambassador and other principal officers of the Embassy, several of whom have expressed their appreciation of subject's work and commented on the value of the station's contribution to the functioning of the Embassy. The fact that the Ambassador arrived in Madrid with definite prejudices regarding the Agency but was of quite another mind upon his departure is testimony to subject's skill and tact.

6. Subject has conducted the Agency's liaison with the Spanish services most competently, as evidenced by the relationship he established with Captain General Munoz Grandes, his ability to persuade the AEM to undertake sensitive operations in Cuba, and the fact that this liaison did not suffer following the attack on the Spanish ship "Sierra Aranzazu". Marked progress has been achieved in joint CE and CP operations, and subject has developed QUANTUM/30 to the point wherein the latter's collaboration far exceeds the cooperation normally expected in an official liaison relationship.

7. In addition to his considerable executive and liaison duties, subject has carried out the previously cited operational assignments with marked ability. He is a convincing and persuasive agent handler, and his operational reporting is prompt and thorough.

8. The only criticism I would make of subject is that I believe the station should be making a greater effort to develop internal assets who will be able to report on and influence developments in Spain following the departure of Franco.

Subject is one of the Agency's truly mature, experienced operations officers. He has had unusual operational experience in Central and South America, both in the field and in Headquarters. He does not hesitate to express his conviction even though he may have reason to believe such convictions are not popular. He is a strong supervisor who enjoys his subordinate's respect. He is economy minded and made diligent efforts to comply with requests to economize. Mr. Noel has succeeded in creating a cohesive station in Madrid.

Mr. Noel has ably administered a large Station and has displayed maturity, good judgment and tact in the day-to-day management and direction of Station activities and personnel. This has been achieved despite the physical location of Station staff personnel in a number of separated office sites.

Under the direction of Mr. Noel a far reaching and fruitful major operational program against the high priority Cuban target has been undertaken and Madrid Station today is making a substantial contribution in good operations and good intelligence information to the over-all Agency effort. Another notable accomplishment directly attributable to Mr. Noel, and in part a reflection of his long years of service in Latin America, has been his professional handling personally of theStation operation involving Juan Peron. Interested CS components have stated categorically that Madrid Station coverage of Juan Peron and his activities is essential in satisfying existing intelligence requirements on Peronism.

Despite the Station's heavy diversion into Cuban and Latin American activities and State Department policy restrictions on internal political activities, Mr. Noel has encouraged the development of a long-range program involving activities against the Spanish Communist Party and clandestine contact with the Spanish political opposition.

MEMORANDUM FOR: Acting Chief, WE

SUBJECT : Mr. James A. Noel
Fitness Report Covering the Period 14 August 1961 to
31 March 1962

1. Mr. Noel assumed his duties as Chief of Station, Madrid on 23 September 1961. The Station, as constituted when Mr. Noel arrived, included some 21 staffers plus numerous contract personnel, as well as a two man base in Barcelona. The Madrid Station proper not only includes the Embassy installation but an outside operations section as well. Since Mr. Noel arrived the Station has been launched into a Cuban operations program of considerable scale and on a crash basis. In addition, in this period, one State cover slot was withdrawn, and the experienced Chief of Base, Barcelona had to be brought home due to a family emergency.

2. To date Mr. Noel has given every evidence of a particular ability to cope with the crash program and the acute shortage of personnel with judiciousness and maturity. While it is too early, yet, to pass judgement, there are indications that Mr. Noel has been preoccupied with Cuban problems (an area of special interest to him) to the detriment of lower priority but, nonetheless, necessary Spanish targets (for example, contact with the local opposition and a budding effort against the Spanish Communist Party).

3. As indicated above, Mr. Noel has not been in place as Chief of Station long enough to justify firm reservations concerning his management, nor to permit meaningful criticism. Also, as indicated above, his outstanding noticeable strength to date has been his ability to cope with a heavy operational program, a shortage of personnel, and a sometimes difficult operational climate, with judgement, calmness and patience.

MEMORANDUM FOR: Director of Personnel

SUBJECT: James A. Noel -
Memorandum in Lieu of Fitness Report

Mr. James A. Noel arrived in Havana in September of 1958, a trifle more than three months before Fidel Castro assumed power on 1 January 1959. With the advent of that new government Cuba became, so far as U.S. economic and political interests are concerned, one of the most important spots in the world, as well as increasingly more difficult to conduct CIA business. As a result, with the constant worsening of Cuban-U.S. relationship, it is doubtful that there is at the present time a more difficult assignment than Havana in this Division. Nevertheless, with an extremely limited staff, Noel has been able to continue, and even extend, his operations to the point where almost every significant phase of Cuban life is covertly covered. When the increase of anti-U.S. feeling is considered, to say nothing of the increase of effectiveness of the Cuban counterintelligence resulting from its direction by Soviet professionals, it is amazing that Noel has been able to produce the great volume of important reports which he has sent. He has conducted some extremely delicate operations in the face of almost certainty of discovery. In all this, however, he has offered leadership of a high quality to his staff and has been a fine example of good morale, which is reflected in the attitude of every member of his staff, all of whom respond readily and without complaint to the demands made of them by their surrounding circumstances. Mr. Noel deserves to be warmly commended for a job well done.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Read the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

1. An analysis of the compromise and arrest of Agency personnel in Havana on 14 September 1960, originally made by the Chief, Operational Services, and since confirmed by a review committee, assigns to WH Division responsibility for command failures in control and supervision of a sensitive operation. MEMORANDUM FOR: JAMES A. NOEL

SUBJECT: Commendation for Extraordinary Performance of Duties.

1. It is with great personal satisfaction that I have reviewed the performance of members of this Division and, in particular your own, during the recent crisis in Cuba. I fully concur with your commendation of various members of your staff, and I am having it made a matter of record in the personnel folder of each employee, together with a supporting comment from the Division. In addition, I wish to single out your own outstanding performance. You have justified our highest estimate of your qualifications at the time of your selection as Chief of Station, Havana. Your consistently sound and intelligent evaluation of the situation, courageous and objective proposals for action, extensive coverage of the various groups involved, immediate and comprehensive reporting, dedication to duty, and leadership, are among the major ingredients of your success.

2. Now that the military phase of the crisis is over, although the political one may linger long, I wish to thank you and the following members of your staff for a superior performance which has been a great credit to all concerned:

My dear Mr. Dulles:

I should like to express my appreciation to you for the security assistance furnished by your representatives during the Tenth Inter-American Conference at Caracas, Venezuela. Colonel J. C. King, the Head of your Latin American Division and Mr. James A. Noel, your station Chief in Caracas were a tremendous help to us in carrying out our security arrangements for the Conference and for the protection of the Secretary and Conference Delegates.

Colonel King was most cooperative and assisted us greatly during the initial planning of the security and throughout the Conference. The cooperation and advice of Mr. Noel was an invaluable service. Through Mr. Noel's knowledge and contacts our work was greatly facilitated. He consistently made available his time, equipment and the facilities of his office and maintained a close working relationship with our security representatives in Caracas.

Please accept my thanks for the assistance of Colonel King and Mr. Noel and for a job well done.

Sincerely yours,

(Sgd.) Scott McLeod

MEMORANDUM FOR: Chief, Liaison Control, OSO

SUBJECT : Integration of James A. NOEL

1. On 20 March 1952 the Department of State was requested to integrate Mr. James A. NOEL for assignment as Chief of the OSO station at Caracas, Venezuela. It is understood that Mr. Noel's papers are still in process at the Department.

2. This Division has now been informed that the medical staff of CIA will not approve an overseas assignment for Mr. Noel until 1 August 1952. At that time Mr. NOEL will undergo another physical examination and if results are satisfactory he will be certified as fit for overseas duty.

3. In order to avoid cancellation of Mr. NOEL's appointment, it is requested that the Department of State be asked not to call Mr. NOEL to enter on duty until advised by OSO that he is certified for overseas duty and ready to proceed to his Caracas assignment, subject to State's concurrence. It is anticipated that this will occur about 1 August 1952, or shortly thereafter.

SUBJECT : Retirement of Cecil J. KLOBUKAR (P) under the CSC Retirement System.

1. This memorandum is to remind all concerned that Cecil J. KLOBUKAR (P), GS-16 of your component is scheduled for retirement under the CSC system during the month of March 1971.

2. As you know, the normal retirement date is the last day of the month in which the individual becomes eligible to retire. MEMORANDUM FOR: Chief, Central Cover Staff

FROM : Chief, Domestic Operations Division

SUBJECT : Request for Non-Official Cover for Cecil J. KLOBUKAR (P)

The following paragraphs are keyed to points raised in Form 10-64, 2311.

A. General Information

1. and 2. This request concerns Staff Employee Cecil J. KLOBUKAR (P) formerly Woodrow C. OLIEN (P), who is converting to Career Agent status. He is presently Chief of Base San Francisco. He will operate in the same area on the outside as a Career Agent. KLOBUKAR has been under Department of State Cover since the Agency was established. From 1931-44 he was a bona fide Foreign Service Officer. From 1944-47 he was with OSS/SSU/CIG. KLOBUKAR is a senior staff officer who has had Chief of Station positions during his entire career as an Agency employee.

3. N.A. KLOBUKAR will serve under unofficial cover domestically.

4. KLOBUKAR has been operating under LNSLED cover in San Francisco.

5. KLOBUKAR can assume his new cover immediately.

6. Since KLOBUKAR's change of status involves a domestic base where he is presently assigned, the only consideration involves establishing him under non-official cover in San Francisco as a contributing Base asset as soon as possible.

Submitted by DO/I

S E C R E T

7. KLOBUKAR will be carried under new project WUBALANCE, presently in process of submittance for approval and for which funds will be made available.

B. Biographic Information

1. Cecil J. KLOBUKAR (P) was born 19 March 1911 in New York City. He is a white, male citizen of the United States. He is married and has two sons. His present address is 1807 Burlingame, California. His previous residence was Madrid, Spain where he served as Chief of Station.

2. N.A.

3. KLOBUKAR is a high school graduate.

4. KLOBUKAR has been a State Department employee from 1931 to 1944. Subsequently OSS and CIA. From 1929 to 1930 he was a bookkeeper and assistant to a traffic manager.

5. Not necessary for cover development.

6. As a senior Foreign Service Officer of many years KLOBUKAR has the social, intellectual and diplomatic qualities that are necessary in any form of business activity. He is a pleasant and interesting personality.

7. N.A.

8. Mexico, Guatemala, Argentina, Ecuador, Cuba, Spain.

9. He speaks fluent spanish.

C. Security Considerations

9. N.A.

10. N.A.

11. N.A.

12. N.A.

13. N.A.

D. Operational Information

1. The type of operation is FI and the duration of assignment is indefinite. KLOBUKAR will be involved in spotting, assessing, and handling of selected agents. In appropriate and highly selected cases he will act as a recruiter. No need is anticipated at present that any individual will be made witting of KLOBUKAR's CIA affiliation while he is under unofficial cover.

2. San Francisco area.

3. Possibly other areas for which San Francisco Base is responsible and in the northwestern United States.

4. Ideally, KLOBUKAR's cover should be such as to allow him free and plausible business, and social and professional access to as great a portion of the local foreign element of the business, academic, consular and journalistic community.

5. KLOBUKAR's income cushion will be that of a retired Foreign Service Officer, supplemented by his cover income, approximatly in total $30,000.00 per annum.

ing

6. The number of hours per week that KLOBUKAR will spend at his cover employment will to a certain extent also reflect his operational activity. Since his primary function will be spent in the area of spotting and assessing, his cover activity, if truly suitable, will enable him to accomplish this in conjunction with fulfilling his cover duties.

7. Communication channels desired: It is expected that KLOBUKAR's Base contact will meet him under safe apartment conditions.

8. Attached are cover suggestions prepared by KLOBUKAR. These suggestions clearly indicate the types of cover that could be plausibly and feasibly established for a person of KLOBUKAR's background.

Request to Revert to Civil Service Retirement System

ACTION REQUIRED - REFERENCES
Reference: USFS-577 dated 21 April 1967

1. On 26 November 1967, I reached the "break even" point between the Civil Service Retirement System and the Organization's System, having completed 36 years and 11 months of Government Service on that date.

2. Since I plan to work until age 60, at which time I will have 40 years of Government Service, it is my desire to revert to the Civil Service System in order to take advantage of the increased annuity under that System.

3. I would appreciate it therefore if you would take whatever steps may be necessary to transfer my retirement account back to the Civil Service Retirement System.

MEMORANDUM FOR THE RECORD

SUBJECT: James A. Noel

1. Chief, DO and I talked to Jim Noel this morning about the possibility of his converting from staffer to career agent. After considerable discussion, Jim agreed to the conversion. He is obviously doing this reluctantly, but he appreciates the situation within the DDP in which the encumbrance of senior grades by long-time employees is blocking the promotions of junior officers.

2. Jim urged that he be retained as a career agent until he reaches the age of mandatory retirement (about three years). Chief, DO stated that the need in the San Francisco area for handlers of contacts and assets is such that there would be a continuing need for experienced career agents on the outside of the small San Francisco Base. I told Jim that unless he pulled something stupid, he was virtually assured of career agent status until he reached age 60, and perhaps could be employed as a retired annuitant after that time if his performance was productive and if operational requirements remain as they are at present.

3. Jim explained why he could not retire -- the next five years will be difficult for him financially with two teen-age boys to put through college.

4. Chief, DO and Jim will work out the details and timing of his conversion to career agent.

A policy decision has been made that a participant in the CIA Ret System should not later than 18 months prior to his retirement apply to be removed from the CIA Retirement System and transferred to the CSR System.

In ofder to retire under the CSR System (55-30) he must be under that system for at least one year prior to retirement.

SUBJECT : Retirement Information

1. There are a few situations in which an employee at the time of retirement may have so many years of service (almost 37) that he would receive a higher annuity under the Civil Service Retirement System than under the Organization System. Because of this, the policy decision has been made that a participant in the Organization System who would receive a higher annuity under the Civil Service System may, not later than eighteen months prior to his retirement, apply to be removed from our system and transferred to the Civil Service System. Since you will complete 37 years of Federal service in January of next year it is felt that you should be advised of your retirement status under the Organization System and also if returned to the Civil Service System. The following information is being submitted to assist you in determining which course of action you desire to follow:

a. During the period from 15 August 1944 through 19 October 1946 there were no retirement deductions withheld from your salary. In order for this time to be credited in counting total service under the Organization System it would be necessary for you to make a deposit, with interest, to cover this period. The maximum annuity under our system is 70 per cent based on 35 years of creditable service. If you should return to the Civil Service System in order to receive the maximum annuity it would be necessary for you to make a deposit, with interest, to cover that period for which no contributions were made; however, you may receive full credit in counting total service without making a deposit but your annuity will be reduced by one-tenth of the amount due as deposit.

b. As you are aware, you are presently entitled to apply for voluntary retirement under the Organization Retirement and Disability System. The annuity estimate given below as of 31 October 1967 would be applicable if a deposit were made to cover the period for which no deductions were withheld. The annuity estimate given for 31 March 1968 would be applicable without a deposit since you would have completed 35 years of creditable service at that time without this period of service.

31 October 1967		31 March 1968
$14,265.00	Basic Annuity	$14,640.00
$13,109.00	Reduced to Provide for Survivor Benefit	$13,446.00
$ 7,848.00	Survivor Benefit	$ 8,052.00

SUBJECT: Retirement Information

e. If you were to return to the Civil Service Retirement System, you would be entitled to retire under the 55-30 optional provision at any time after you have been back in that system for a period of one year. The Civil Service Regulations state that to retire under the Civil Service Retirement System an employee must have been under that system for at least one year during the two years immediately preceding retirement under that System. Therefore if you should desire to return to the Civil Service System you should submit a request to Headquarters sufficiently in advance of your planned retirement in order to allow time for your request to be acted upon and for transfer to be made effective, as well as allowing for the aforementioned one year required by Civil Service Regulations. The following annuity estimate would be applicable in this situation as of 31 December 1968, assuming a deposit is made:

Basic Annuity	$15,755.00
Reduced to Provide for Survivor Benefit	$14,450.00
Survivor Benefit	$ 8,664.00

2. The above information is being forwarded for your consideration and should not be considered as anything more. If you have any questions regarding the above please feel free to forward them to Headquarters.

MEMORANDUM FOR: Director of Personnel

THRU : DDP/OP

SUBJECT : PCS Return Prior to Completion of Tour of Duty - James A. Noel

REFERENCE : CSN-20-59, dated 17 November 1965

1. This memorandum contains in paragraph 2 a recommendation for the approval of the Director of Personnel.

2. Mr. Noel arrived in Madrid as the Chief of Station on 21 September 1961. After home leave, he returned to Madrid on 7 August 1964, for a second tour of duty which would normally be completed on 6 August 1966. We have been advised that upon completion of his current assignment, Mr. Noel will be assigned as Chief of the DCDS field office in San Francisco, California. Since the officer now filling that position is required to leave in early September for another assignment, it is very desirable that Mr. Noel arrive in San Francisco about 6 September. Therefore, it is requested that Mr. Noel be permitted to leave Madrid on or about 1 July 1966. This will permit him to take some home leave and arrive at his new post in sufficient time to settle his family, which includes two school age children, and report for his projected assignment on schedule.

Memorandum in Lieu of Fitness Report for Cecil J. KLOBUKAR for the Period 31 March 1969 to 31 March 1970

Cecil J. KLOBUKAR, a career agent, has been primarily targeted against the local consular community during this reporting period. For this purpose he has maintained membership in two local organizations concerned with foreign affairs. More than that, he has been an active contributor to their programming and has participated in most of their social and cultural functions. This has enabled him to come in contact with a relatively large number of consulate officers. During the past year he has met, on one or more occasions, thirty consular members. He is concentrating, however, on the ten consulates which have representation in the denied and semi-denied areas. Within this area he is further refining the target by attempting to contact the more junior officers who give promise of a longer future career and a greater chance of being posted to an area of operational interest. To date, he has succeeded in establishing such contacts in the Japanese, Finnish and Indian Consulates. In this last case he has successfully passed the target to another Base officer for further development and hopes to accomplish the same with his Japanese and Finnish contacts.

In addition to this primary responsibility, KLOBUKAR also handles a support asset who is targeted against the academic community. He is directing this asset's efforts in the cultivation of two promising leads -- one, Japanese and the other, Vietnamese. Both of these cases are progressing very well due in great part to the direction and guidance which KLOBUKAR gives to the support asset.

KLOBUKAR also played a very important and direct role in the assessment and intermediate cultivation of TWPARROT/1 and TWPARROT/2 who were subsequently successfully recruited. He is now developing a local QKWAFER student who is an interesting, but difficult, recruitment prospect.

KLOBUKAR is cost conscious in the expenditure of operational funds; he does not have supervisory responsibilities.

SECRET RYBAT

As has been indicated above, KLOBUKAR has made excellent progress in gaining access to the consular community and in maintaining personal contact with potential recruitment prospects. He has also done extremely well in his direct participation in the academic area and in the supervision and direction of his support asset; his performance has been Strong.

27 May 1969

Memorandum in Lieu of Fitness Report for Cecil J. KLOBUKAR
for the Period 26 July 1968 to 31 March 1969

Cecil J. KLOBUKAR was the Chief of this Base until July 1968 at which time he was assigned new duties as a career agent, targeted primarily against the San Francisco consular community. Until that time there was no specific program aimed at the official foreign community. It was KLOBUKAR's responsibility, therefore, to break ground in this new target area. He went about this chore in an orderly and organized manner by refining the community to those which were of priority interest because of their representation in denied and semi-denied areas. He then started looking for a means to get information and gain access to members of this target group. To assist him in this endeavor he recruited two members of the consular community, representing Latin American countries. Since their performance did not live up to expectations, KLOBUKAR took the initiative by joining three local organizations relating to foreign affairs in order to enhance his cover and possibility of direct access as a retired LNGOLD officer. By participating in the gatherings of these organizations, KLOBUKAR is aiming at direct contact with at least a few of the officers from target consulates.

KLOBUKAR has demonstrated excellent initiative in pursuing as many avenues of approach as possible to this rather difficult target. It is not a cohesive community and does not experience the usual mixing and contact that one finds in normal diplomatic circles. It is fragmented and cliquish and for this reason KLOBUKAR has had to show both imagination and perseverance in probing for access to those specific consulates in which the Base has priority interest. He is now demonstrating his determination to get at this target by exploring another possible means of approach of his own device.

In addition to his primary responsibility against the consular target, KLOBUKAR also handles one support asset currently being used against a high priority student target and three general purpose assets who are used from time to time in both the business and academic areas. Here he has done excellent work, particularly in the direction and guidance of the first asset.

KLOBUKAR is cost-conscious in the expenditure of operational funds; he does not presently have any supervisory responsibility.

As has been indicated above, KLOBUKAR has been given a very difficult primary target on which the Base had very little information or prior experience. While it has been a frustrating and sometimes exasperating assignment, KLOBUKAR has shown both initiative and perseverance in attacking it; his performance has been Strong.

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

Mr. Noel is much too experienced and practiced a hand for his performance to vary very much from year to year. He has continued to turn in the highly creditable performance in San Francisco that has been standard for him for many years. He has managed his subordinates well and has exercised uniformly good judgment in directing their operational efforts. Of particular value has been his steadiness in the face of administrative adversity disrupting the organization of his Base. Mr. Noel insured that the work of the Base continued uninterrupted and demonstrated his capacity to keep on top of all details and report them to Headquarters as appropriate. It is a credit to Mr. Noel that in the post-Ramparts exposure period there was not a single instance of an academic asset withdrawing from a relationship with the Base.

The performance of his officers atteststhe careful guidance and wise leadership which has enabled them to operate securely and well in sensitive areas. His realtions with the FBI and DCS are excellent. He is appropriately economy minded. In short, he is a decidedly strong supervisor.

Mr. Noel is an old hand at running Bases or Stations abroad and his performance as Chief of Base, San Francisco, amply attests that. It goes without saying that he understands all aspects of the business, knows how to delegate, organise, direct and report. He has continued to do all these things well. His seniority, experience and maturity served the Agency in particularly good stead during this period when the location of his Base was compromised in the public press, through no fault of Mr. Noel. His subsequent and consequent actions were all taken with sound judgment and appropriate calm and circumspection. He was also most receptive to, and cooperative in, Headquarters suggestions in this matter. He is, of course, cost conscious and an excellent supervisor. His overall performance is that of a high order of senior Agency officers.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: James A. Noel, Employee Serial No. 055292
Fitness Report for the Period 1 April 1964
to 31 March 1965

1. Subject, who was born 19 March 1911, is a GS-16 and has been assigned to Madrid as Chief of Station since October 1961.

2. As Chief of Station, he is charged with the organization and management of the station and is responsible for the planning, direction, and supervision of all its activities. He also exercises general supervision of the Barcelona base. Assisting him and under his general supervision are 24 staff employees and 15 contract employees.

3. Subject serves as the Ambassador's principal intelligence officer, as chairman of the Embassy Defector Committee, as the Agency representative on the Embassy Country Team, and as the coordinator of U.S. clandestine intelligence operations in Spain. Accredited as the Agency's representative to the Spanish Intelligence (AEM) and Security (DGS) services, he plans, directs, and supervises all aspects of the station's multi-level liaison with those services and personally handles the liaison with the Service chiefs and a number of their senior officers. On the operational side, subject handles BISHAD/1, CITIZEN and QUWIND/1. He recruited QUIP/1 during the rating period, arranged a new cover job for HARRIOTT through QUWIND/1, and participated in the handling of QUMALT and QUHOPS.

4. Subject is an experienced and mature officer, possessing an excellent command of Spanish. Highly motivated, conscientious, and industrious, he readily accepts responsibility and is both thorough and reliable in the execution of his duties. Even tempered and affable, he holds the confidence and friendship of those whom he directs and those to whom he is responsible, and the morale of his station is noticeably high. He is alert to the operational possibilities

OFFICE OF PERSONNEL

of any given situation, evidences sound and objective judgment, and works well under pressure. He writes lucidly, speaks articulately, and exhibits a high degree of cost consciousness in the use of government funds and property. His delegation of responsibility to others is meaningful and well delineated.

5. Subject's performance has been strong throughout the rating period. He has given the station purposeful direction and competent management and as an effective supervisor who commands the loyalty and respect of those whom he supervises, he has succeeded in obtaining a maximum effort from the station personnel. He enjoys the confidence of the Ambassador and other principal officers, of the Embassy, several of whom have expressed their appreciation of subject's work and commented on the value of the station's contribution to the functioning of the Embassy. The fact that the Ambassador arrived in Madrid with definite prejudices regarding the Agency but was of quite another mind upon his departure is testimony to subject's skill and tact.

6. Subject has conducted the Agency's liaison with the Spanish services most competently, as evidenced by the relationship he established with Captain General Munoz Grandes, his ability to persuade the AEM to undertake sensitive operations in Cuba, and the fact that this liaison did not suffer following the attack on the Spanish ship "Sierra Aranzazu". Marked progress has been achieved in joint CE and CP operations, and subject has developed QUANTUM/30 to the point wherein the latter's collaboration far exceeds the cooperation normally expected in an official liaison relationship.

7. In addition to his considerable executive and liaison duties, subject has carried out the previously cited operational assignments with marked ability. He is a convincing and persuasive agent handler, and his operational reporting is prompt and thorough.

8. The only criticism I would make of subject is that I believe the station should be making a greater effort to develop internal assets who will be able to report on and influence developments in Spain following the departure of Franco.

His activities have spanned both the FI and the CA spectrum. He has and does deal easily and graciously with high ranking officials, both American and foreign. His good sense, poise and dignity never fail to impress. He is a person of principal and high morals. He does not hesitate to express his conviction even though he may have reason to believe such convictions are not popular. He is a strong supervisor who enjoys his subordinate's respect. Mr. Noel has ably administered a large Station and has displayed maturity, good judgment and tact in the day-to-day management and direction of Station activities and personnel. This has been achieved despite the physical location of Station staff personnel in a number of separated office sites.

Under the direction of Mr. Noel a far reaching and fruitful major operational program against the high priority Cuban target has been undertaken and Madrid Station today is making a substantial contribution in good operations and good intelligence information to the over-all Agency effort. Another notable accomplishment directly attributable to Mr. Noel, and in part a reflection of his long years of service in Latin America, has been his professional handling personally of theStation operation involving Juan Peron. Interested CS components have stated categorically that Madrid Station coverage of Juan Peron and his activities is essential in satisfying existing intelligence requirements on Peronism.

Despite the Station's heavy diversion into Cuban and Latin American activities and State Department policy restrictions on internal political activities, Mr. Noel has encouraged the development of a long-range program involving activities against the Spanish Communist Party and clandestine contact with the Spanish political opposition.

MEMORANDUM FOR: Acting Chief, WE

SUBJECT : Mr. James A. Noel
Fitness Report Covering the ~~Period~~ 14 August 1961 to
31 March 1962

1. Mr. Noel assumed his duties as Chief of Station Madrid on 23 September 1961. The Station, as constituted when Mr. Noel arrived, included some 21 staffers plus numerous contract personnel, as well as a two man base in Barcelona. The Madrid Station proper not only includes the Embassy installation but an outside operations section as well. Since Mr. Noel arrived the Station has been launched into a Cuban operations program of considerable scale and on a crash basis. In addition, in this period, one State cover slot was withdrawn, and the experienced Chief of Base, Barcelona had to be brought home due to a family emergency.

2. To date Mr. Noel has given every evidence of a particular ability to cope with the crash program and the acute shortage of personnel with judiciousness and maturity. While it is too early, yet, to pass judgement, there are indications that Mr. Noel has been preoccupied with Cuban problems (an area of special interest to him) to the detriment of lower priority but, nonetheless, necessary Spanish targets (for example, contact with the local opposition and a budding effort against the Spanish Communist Party).

3. As indicated above, Mr. Noel has not been in place as Chief of Station long enough to justify firm reservations concerning his management, nor to permit meaningful criticism. Also, as indicated above, his outstanding noticeable strength to date has been his ability to cope with a heavy operational program, a shortage of personnel, and a sometimes difficult operational climate, with judgement, calmness and patience.

Mr. Cecil J. Klobukar

Dear Mr. Klobukar:

The United States Government, as represented by the Contracting Officer, hereby contracts with you for your services as a Career Agent under the following terms and conditions:

1. Status. Your status is that of a Government employee under contract and, as such, your rights and benefits are governed by the provisions of this agreement. It is specifically understood that you are not entitled to rights and benefits pertaining to appointed staff status, except as provided herein.

2. Cover. In the performance of your services hereunder, you will act under cover suitable to conceal your true relationship with the Government. It is expressly understood and agreed that any and all documents which you may execute in the course of such cover employment are subordinate to this agreement and any contradiction of terms which may in any way amplify, extend or restrict your rights and/or obligations hereunder shall be resolved by this agreement which shall always be dominant.

3. Compensation. For your services as a Career Agent, you will be compensated at a basic salary of $26,640 per annum, the equivalent of a GS-16/6. In addition you will be entitled to legislative pay adjustments and within grade promotions in substantial conformance with rules and regulations applicable to Government appointed employees.

4. Funding. If necessary to protect the security of this arrangement, monies due you hereunder may be funded in other than a direct manner. It is understood and agreed that any monies so funded constitute payment by the Government in satisfaction of its obligations under this agreement.

5. Taxes. As a Career Agent, monies paid you under paragraph three (3) above constitute taxable income for Federal tax purposes and you must satisfy your Federal tax liability thereon. Such income may be paid you by or through a cover facility. Because of cover, operational, and security considerations the Tax Committee of this organization is authorized to make certain determinations and establish procedures (including tax withholdings) which will result in the full satisfaction of your Federal income and Social Security tax obligations. It is specifically understood and agreed that such determinations and procedures, whether oral or written, constitute an integral part of this contract and are legally incorporated herein by reference.

SECRET

6. Travel. You will be advanced or reimbursed funds for necessary expenses incurred in connection with such operational travel as may be directed or authorized by this organization. This may include per diem in lieu of subsistence in the course of such travel and while on temporary duty away from your post of assignment. All travel, transportation and per diem provided for under this paragraph must be properly authorized, and expenses incurred hereunder are subject to payment and accounting in compliance with applicable Government regulations, or according to the established policies of your cover facility, whichever is directed by the Government.

7. Operational Expenses. You will be advanced or reimbursed funds for necessary operational expenses including, but not limited to, entertainment and the purchase of information, as specifically approved by the Government or your cover facility. Such funds will be subject to payment and accounting in substantial compliance with applicable Government regulations or according to the established policies of your cover facility, whichever is directed by the Government.

8. Repayment. It is recognized that your failure to account for or refund any monies advanced you hereunder shall entitle the Government to withhold the total amount of such indebtedness or any portion thereof from any monies due you under the terms of this contract in such manner as it deems appropriate.

9. Benefits. By virtue of your employment relationship with the Government hereunder, you are herein authorized:

(a) Coverage under the Federal Employees' Compensation Act, as amended. Claims by you, your heirs or legal representatives under this Act will be processed by this organization in accordance with its procedures in such manner as not to impair security.

(b) Continued participation in the Civil Service Retirement System in conformance with rules and regulations applicable to appointed employees of this organization. From the basic compensation paid you hereunder there shall be deducted the appropriate rate percentage (presently 6-1/2%) for deposit and eventual crediting to the Civil Service Retirement Fund. Social Security deductions required by virtue of your cover activities will not be reimbursed you by this organization.

(c) Continuation of your present coverage under the Federal Employees' Health Benefits Act. This organization is presently authorized to bear a portion of the premium cost, you will bear the remainder. Your financial contribution will be effected either by payroll deduction or by direct remittance at periodic intervals to be established by this organization.

(d) Continued coverage under the Federal Employees' Group Life Insurance Act unless you have previously executed a written waiver of said coverage. This organization is presently authorized to bear a portion of the premium cost, you will bear the remainder. Your financial contribution will be effected either by payroll deduction or by direct remittance at periodic intervals to be established by this organization.

(e) Sick and annual leave equal to and subject to the same rules and regulations applicable to Government appointed employees. Annual leave may only be taken at times and places approved in advance by appropriate Government representatives. All accrued but unused leave credited to your former account as an appointed employee of this organization will be transferred to the leave account established for you under this agreement.

10. Offset. Emoluments (including benefits in kind) received from or through your cover activities are the property of the U. S. Government. Procedurally, such emoluments will be offset against amounts due you under this agreement and are acknowledged to be payment by the Government hereunder and for Federal income tax purposes. You will render signed reports to this organization, every six (6) months, indicating all cover emoluments received during the reporting period. Negative reports covering the same period will be submitted if no cover emoluments are received. Failure to submit timely reports may result in suspension of any contractual payments due you hereunder. If cover emoluments exceed those due you under this contract, you will dispose of the excess amount in conformance with Governmental instructions.

11. Execution of Documents. If, in the performance of services under this contract, you assume the custody of Government funds or take title of record to property of any nature whatsoever and wherever situate, which property has in fact been purchased with monies of the U. S. Government, you hereby recognize and acknowledge the existence of a trust relationship, either express or constructive, and you agree to execute whatever documents may be required by the Government to evidence this relationship.

12. Secrecy. (a) You will be required to keep forever secret this contract and all classified information which you may obtain by reason hereof (unless released in writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the espionage laws of the United States and other applicable laws and regulations.

(b) In the event you marry or remarry during the term of this contract, you agree to advise this organization at least one hundred twenty (120) days in advance of such contemplated marriage, or otherwise as soon as known, and to furnish such personal history data on your prospective spouse as may be required by this organization. You understand and agree that should this organization determine that your marriage would limit or otherwise impair your usefulness to the Government, this contract may be terminated.

13. Instructions. Instructions received by you from the Government in briefing, training or otherwise are a part of this contract and are incorporated herein, provided that such instructions are not inconsistent with the terms hereof.

14. Reassignments. During your period of service under this agreement, it may be necessary for this organization to terminate an assignment for reasons beyond your control. In such event, you will be given every consideration for other assignments appropriate to Career Agents.

15. Unauthorized Commitments. No promises or commitments pertaining to rights, privileges or benefits other than those expressly stipulated in writing in this agreement or any amendment thereto shall be binding on the Government. Specifically, you herein acknowledge that this organization makes no commitment, either express or implied, that appointed employment status will be offered you at the conclusion of or during your period of contractual service.

16. Term. This contract is effective as of 4 Aug 68, and shall continue thereafter until your retirement from the organization upon reaching age sixty (60) unless sooner terminated:

(a) Upon ninety (90) days' actual notice by either party hereto, or

(b) Upon actual notice to you in the event the results of an initially required medical examination are determined by this organization to be unsatisfactory, or

(c) Without prior notice by the Government, in the event of a breach of this contract by your violation of the security provisions hereof or by your otherwise rendering yourself unavailable for acceptable service.

Mr. Birch D. O'Neal
5704 Ridgefield Road
Washington, D. C.   20016

Dear Mr. O'Neal:

It is the practice of the Organization to follow up with former employees six months after their retirement. We hope by such inquiry to obtain information on what our retirees are doing and where they are located, invite suggestions for improving the retirement program and to learn if the Organization might be of some assistance on any post-retirement matters.

We should like very much to hear from you on the above points and on any other topics you think would be useful to us.

For your convenience in replying, we have enclosed a sheet somewhat akin to a form on which we have listed those standard items of information we'd like to have on every retiree. The remainder of the sheet, including the reverse side, is for your comments and suggestions. We shall be most appreciative of your fullest response to this inquiry.

Thank you very much for your cooperation.

Sincerely yours,

Carroll A. Duchay

MEMORANDUM FOR: Chief, CI Support

SUBJECT: Resume of Employment - Birch D. O'Neal

1. Attached is a proposed resume of my employment covering the entire service to the U. S. Government.

2. I would propose to use this should the need arise. However, I would not like to be restricted to the statements therein. In 1968 I applied for admission to the Bar in the District of Columbia and prepared a detailed response to certain questions in the application. The information provided at that time went on record and should the occasion arise, I would like to be in a position to make the same statements. I do not think that such a situation will occur, but if it does, I would propose to support the attached resume with the more detailed information attached hereto and which appeared in that application.

RESUME

U. S. GOVERNMENT SERVICE

BIRCH D. O'NEAL

From January 10, 1938 on entering U. S. government service as a Special Agent of the Federal Bureau of Investigation to February 28, 1970 (with exception of a few months in the fall and winter of 1946-47) was employed by various Departments and Agencies of the U. S. Government, including the Federal Bureau of Investigation, U. S. Department of Justice, U. S. Department of State, and Central Intelligence Agency. In this period of more than 32 years steadily advanced in salary with commensurate responsibilities from $3200 per annum to more than $30,000 per annum while holding various titles including Special Agent, Legal Attache, Civil Attache, and Foreign Affairs Officer. More than 12 years of this service was performed while stationed abroad or in travel status in many foreign countries of Latin America, Europe and Africa.

While the entire service involved utilization of legal training and conduct of investigations affecting the national security interests of the United States, that from September

1942 to February 1970 (voluntary retirement) also involved direct supervision of investigative and clerical assistants (on occasions more than 50 employees and expenditure of extensive funds). The service also involved extensive liaison with foreign government and other U. S. government officials. Liaison on occasions, both domestic and foreign, related to matters of the highest sensitivity and importance and accordingly was conducted at highest levels (Cabinet and sub-Cabinet).

SUPPLEMENTARY INFORMATION

February 1947 - March 1947. In February 1947 I entered on duty with what was known as the Central Intelligence Group, 2430 E Street, N.W., Washington, D. C., a government body created by Executive Order which was a predecessor to the Central Intelligence Agency. I was a legal liaison officer with this group.

March 1947 - December 1949. During this period I was detailed to the U. S. Department of State, 20th Street and Virginia Avenue, N.W., Washington, D. C., where I was assigned to the U. S. Embassy, Caracas, Venezuela, as Attache. In that capacity I prepared reports and advised and counselled the U.S. Ambassador on matters of a legal and political nature. In this work I employed legal knowledge, background and experience as related to the laws of the United States and the Republic of Venezuela.

January 1950 to December 1951 - Central Intelligence Agency, 2430 E Street, N.W., Washington, D. C. In this period I was assigned to duties involving liaison on legal matters with other departments of the U. S. Government including the Department of Defense, Department of Justice (Immigration and Naturalization Service and Federal Bureau of Investigation) and the Department of State. Criteria for the position included knowledge, application and interpretation of U. S. and foreign laws. The establishment of the position was at the instance of the General Counsel of the Agency and my selection to the position was with his concurrence. The assignment required close working coordination and collaboration with the General Counsel of the Agency and other governmental legal counsel. I discontinued this particular work to enable me to again undertake further assignment with the Department of State as a member of the Foreign Service Staff Corps.

December 1951 - April 1954 - U. S. Department of State, Foreign Service Staff, Washington, D. C. During this period I served as Attache, Political Officer, American Embassy, Guatemala City, Guatemala. In that capacity I gathered information concerning the legal system, laws, and enforcement thereof and counselled and advised the U. S. Ambassador on matters of a legal and political nature. In this work I employed legal knowledge and experience as related to the laws of the United States and the Republic of Guatemala. I resigned from this position in Guatemala to return to the U. S. for personal and family reasons.

April 1954 - to Present - Central Intelligence Agency, 2430 E Street, N.W., Washington, D. C. I have been employed with this Agency since April 1954 as a Foreign Affairs Officer. In that capacity I have had regular, almost daily contact and liaison with the Department of Justice and Department of State representatives on matters of a legal and political nature. My duties involve the application of knowledge and experience in the legal field, both foreign and domestic.

Dear Mr. Locke:

With reference to your letter of 26 September 1968 concerning Mr. Birch Dilworth O'Neal, I have known Mr. O'Neal since the late 1940s. In 1947 we were establishing formal liaison with the Bureau of Immigration and Naturalization and, because a thorough knowledge of the complex immigration laws was essential, I proposed that this position must go to a lawyer. Mr. O'Neal was selected and performed very well in that job, which required constant liaison with this office on the legal aspects.

In Mr. O'Neal's assignments since that time, I have had occasion to work with him from time to time on a variety of problems. I have found he has had a good grasp of the legal aspects of these matters. From this long association my conclusion is that Mr. O'Neal's moral character is good, he has sound background in the field of law, and is generally fit for the practice of law.

MEMORANDUM FOR: Mr. Lawrence R. Houston

SUBJECT: Application for Admission to the Bar of the District of Columbia - Birch D. O'Neal.

1. You recall I spoke to you about my application for admission to the Bar in the District of Columbia. The application has been filed. You have been listed as one of three persons connected with the U. S. Government in the Washington, D. C., area with whom I am personally acquainted and who are familiar with my work in the Department of Justice and other Branches of the U. S. Government. The others are Mr. S. J. Papich of the F.B.I. and Mr. Thomas C. Mann, former Foreign Service Officer with whom I worked, Ambassador, and later President of the Automobile Manufacturer's Association.

2. My application is being considered primarily on the basis of education qualifications as provided in the rules prior to admission to the Bar and reciprocity between the states of Georgia and the District of Columbia on matters of admission. They may not contact you but for your information in case they do, attached are copies of Attachments B, D, E and F of the application for admission which I filed in the District recently. You will note that in the last paragraph of Attachment B that services performed since April 1954 is carried in the capacity of a Foreign Affairs Officer. This had been agreed upon with Central Cover and primarily at their instance and I did not think it would jeopardize my case if, in fact, I could otherwise qualify under the experience provisions of the District rules. In any event, the information herein may be helpful to you in the event you are called upon to respond to an inquiry.

3. I am sending copies of this and the attachments to the Office of Security and Office of Personnel and I should hope that any response from these various elements of the

The following information is provided in response to Item 5, Page 3 of Applicant's Questionnaire and Affidavit:

July 1937 - January 1938, Decatur County Courthouse, Bainbridge, Georgia - associated with father, M. E. O'Neal, Sr. I engaged in the general practice of law and served as assistant to my father in the preparation of civil cases. He was the Solicitor (Prosecuting Attorney) for the City Court of Bainbridge which had general jurisdiction throughout Decatur County. I represented defendants in criminal cases in the City Court of Bainbridge during a period in which my father was ill. My oldest brother, Maston Emmett O'Neal, Jr., presently Congressman from the Second District of Georgia, was Solicitor Pro-Tem of that Court. I represented defendants in criminal cases in the Superior Court of Decatur County (Albany Judicial Circuit) which was and is a Court of unlimited, general, jurisdiction. Practice was both civil and criminal and included contracts, torts, real and personal property law, title searches, etc. I left this practice for the purpose of entering on duty with the U. S. Department of Justice on January 10, 1938 when I became a Special Agent of the Federal Bureau of Investigation. Requirements for admission to that service included having a law degree and admission to the bar.

January 1938 - 30 May 19[illegible] - U. S. Department of Justice, 10th Street and Pennsylvania Avenue, N.W., Washington, D. C. During this period I was engaged in gathering evidence, preparing investigative reports and prosecutive summaries, assisting U. S. Attorneys in preparation of cases for trial, and otherwise serving the U. S. Department of Justice in its many and varied peacetime and wartime responsibilities. This involved daily application of legal knowledge and experience for which I had been educated and trained and as required for the government position which I held. I served in field offices at Omaha, Nebraska, Memphis, Tennessee, Charlotte, North Carolina, New York, N. Y., and Albany, New York, as Assistant Special Agent in Charge, and in the Department in Washington, D. C. as an Administrative Assistant to Mr. J. Edgar Hoover. In addition I was designated and served as Legal Attache, American Embassy, Bogota, Colombia, from September 1942 to June 1945. In that capacity I was the highest ranking

ranking representative of the U. S. Department of Justice at that post. My duties consisted of gathering information of interest in and required in the enforcement of laws of the United States and the Republic of Colombia, handling matters requiring liaison between the Government of the Republic of Colombia and the United States Department of Justice and counselling the United States Ambassador and the [illegible] Secretary of State for American Republic affairs concerning legal matters of concern to Colombia and the United States. From June 1945 to December 1946 I served in Mexico in the same capacity and with the same duties under the U. S. Ambassador, American Embassy, Mexico, D. F. At that post I was also the highest ranking U. S. Department of Justice representative.

June 1946 - February 1947. In this period I briefly engaged in general practice of law. Primarily I was engaged in writing contracts, bills of sale, deeds, wills and the like. This work was in association with and as a matter of assistance to my father, Weston Emmett O'Neal, Sr. whose offices were in the Decatur County Court House, Bainbridge, Georgia. I left this work to reenter U. S. government service at Washington, D. C. where my legal education and experience in liaison with foreign governments and between various departments and independent agencies would be employed o the benefit of our government.

February 1947 - March 1947. In February 1947 I entered on uty with what was known as the Central Intelligence Group, 430 E Street, N.W., Washington, D. C., a government body reated by Executive Order which was a predecessor to the entral Intelligence Agency. I was a legal liaison officer ith this group.

March 1947 - December 1949. During this period I was etailed to the U. S. Department of State, 20th Street and irginia Avenue, N.W., Washington, D. C., where I was assigned the U. S. Embassy, Caracas, Venezuela, as Attache. In that apacity I prepared reports and advised and counselled the U.S. mbassador on matters of a legal and political nature. In his work I employed legal knowledge, background and experience related to the laws of the United States and the Republic Venezuela.

ATTACHMENT F (Continued)

January 1950 to December 1951 - Central Intelligence Agency, 2430 E Street, N.W., Washington, D. C. In this period I was assigned to duties involving liaison on legal matters with other departments of the U. S. Government including the Department of Defense, Department of Justice (Immigration and Naturalization Service and Federal Bureau of Investigation) and the Department of State. Criteria for the position included knowledge, application and interpretation of U. S. and foreign laws. The establishment of the position was at the instance of the General Counsel of the Agency and my selection to the position was with his concurrence. The assignment required close working coordination and collaboration with the General Counsel of the Agency and other governmental legal counsel. I discontinued this particular work to enable me to again undertake further assignment with the Department of State as a member of the Foreign Service Staff Corps.

December 1951 - April 1954 - U. S. Department of State, Foreign Service Staff, Washington, D. C. During this period I served as Attache, Political Officer, American Embassy, Guatemala City, Guatemala. In that capacity I gathered information concerning the legal system, laws, and enforcement thereof and counselled and advised the U. S. Ambassador on matters of a legal and political nature. In this work I employed legal knowledge and experience as related to the laws of the United States and the Republic of Guatemala. I resigned from this position in Guatemala to return to the U. S. for personal and family reasons.

April 1954 - to Present - Central Intelligence Agency, 2430 E Street, N.W., Washington, D. C. I have been employed with this Agency since April 1954 as a Foreign Affairs Officer. In that capacity I have had regular, almost daily contact and liaison with the Department of Justice and Department of State representatives on matters of a legal and political nature. My duties involve the application of knowledge and experience in the legal field, both foreign and domestic.

MEMORANDUM FOR : Mr. Birch D. O'Neal,
CI Staff

SUBJECT : Notification of Non-eligibility for Designation as a Participant in the CIA Retirement and Disability System

1. I have your memorandum of 27 October 1966 which refers to my memorandum advising you that in the initial screening of personnel eligible to become participants in the CIA Retirement System you have been determined to be ineligible because of an apparent deficiency in "qualifying duty". It is important that you realize that such a deficiency is only significant in the initial review of Agency personnel who have 15 or more years of Agency service since the law permits such persons to acquire at their option a vested interest in the CIA Retirement System. At the same time, the law requires a minimum of 60 months qualifying duty before one can possibly qualify for retirement benefits under the CIA Retirement System. It serves no purpose, therefore, to place a person permanently in the System if there is a possibility that he may never qualify for benefits therein.

2. In paragraph 2 of your memorandum you indicate concern that failure to contest the initial findings in your case may prejudice the possibility of a favorable decision with regard to your eligibility to participate in the CIA Retirement System at some future date. It is assumed that you were referring to the possibility that you may have some additional service that could perhaps be considered as qualifying duty under the System. As noted in paragraph 2 of my memorandum of 28 September 1966, our initial determination of ineligibility does not preclude reconsideration of your eligibility at some future date.

3. As you know, Regulation 20-50 provides for an appeal to the Director of any adverse determination under that regulation. However, the regulation also provides an opportunity for an employee to present his case to the CIA Retirement Board prior to the making of an adverse determination. Because of the large number of employees covered in the initial screening of on-duty employees to identify those eligible for participation in the System, this procedure was not applied when, as in your case, the employee's Career Service reported that he did not meet the requirements of Regulation 20-50 for nomination as a participant. Accordingly, the procedure of notifying employees of their non-eligibility for participation in the System based upon the initial finding of an employee's Career Service has been followed in all such cases. This is contrary to the implication in paragraph 2 of your memorandum that other employees in circumstances similar to yours were not so informed and I would be pleased to look more deeply into that aspect of your memorandum, if you wish.

SECRET

[illegible]

4. In the event that you have performed service which you believe to be qualifying duty under the CIA Retirement System, you are most certainly entitled to present the details of such service to the Clandestine Services Career Service Board for review and formal submission to the CIA Retirement Board. A copy of this memorandum will be forwarded to the Executive Secretary of that Board.

MEMORANDUM FOR: Mr. Emmett D. Echols
Director of Personnel

SUBJECT: Notification of Non-eligibility for Designation as a Participant in the CIA Retirement and Disability System

1. Reference is made to your memorandum directed to me, dated 28 September 1966, entitled as above, in which it is stated that I may request that my case be formally considered by the CIA Retirement Board and that such request must be made within 30 days of the date of the notification. Other pressing responsibilities have not permitted me to prepare for formal consideration a challenge to the decision of non-eligibility. My request, through the support officer of the Staff to which I am assigned, for a reading on retirement benefits which I might receive should I retire on 31 December 1966 or five years from that date, would not constitute a formal request of a decision as to my eligibility for retirement under the CIA Retirement System. The figures provided me in that connection were simply to serve as a guideline for my own considerations as to possible future retirement.

2. This memorandum is directed to you and to those to whom copies are designated to preclude the expiration of this day, 27 October 1966, without protesting the notification that I must provide certain notification within 30 days of 28 September 1966. I am informed that other officers of CIA who have not qualified for retirement have not in fact been given such notifications and my inquiry concerning possible benefits should not require therefore a formal decision that I am not eligible on any specific basis.

SECRET

3. I have questions with regard to certain aspects of the law and in respect to my eligibility, and this notification to you at this time is designed to preclude a loss of any right I might have under the law to challenge the decision of non-eligibility as given by you on 28 September 1966.

4. I would appreciate a formal reply acknowledging this communication with a statement as to whether in fact the legal question of eligibility is now before the CIA Retirement Board or any other authority of the Agency, or is not. This request is intended not only for the Director of Personnel to whom it is primarily addressed and from whom such notification of non-eligibility was received, but also is intended for others receiving copies of this memorandum.

MEMORANDUM FOR: Birch D. O'Neal

THROUGH : Head of CS Career Service

SUBJECT : Notification [illegible]eligibility for Designation as a Participant in the CIA Retirement and Disability System

1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the System, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of HR 20-50 for participation, I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the System may be designated participants as soon as possible.

2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. From a review of your record it appears that the decision of your Career Service was based upon the fact that you have 15 years or more of Agency service, but have not as yet performed 60 months of qualifying service as required by regulation. My determination that you are not eligible at this time for designation in no way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CIA System if you should meet the requirements for designation in the future.

3. Should you desire further information concerning the requirements for designation as a participant in the CIA Retirement System, I suggest that you read paragraph e of HR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees."

4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel free to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in Room 205, Magazine Building (extension 2847). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case be formally considered by the CIA Retirement Board. However, this request must be made within 30 days of the date of this memorandum.

APPLICATION FOR MEMBERSHIP in the CAREER STAFF of the CENTRAL INTELLIGENCE AGENCY

To the Director of Central Intelligence

Sir:

I submit herewith my application for membership in the Career Staff of the Central Intelligence Agency as defined below:

> "The Career Staff of the Central Intelligence Agency is a group of carefully selected and trained individuals who accept an obligation to devote themselves to the needs of the Agency, and who intend to make a career with the Agency."

In accordance with this definition, I desire to devote myself to the faithful performance of duty in the Central Intelligence Agency, and I accept the obligations and conditions of that service which are determined to be essential to the furtherance of its mission.

I am aware of the many restrictions necessarily placed upon me by virtue of the security requirements inherent in my employment by the Central Intelligence Agency. I am also aware that as a member of the Career Staff, it will be my obligation to serve anywhere and at any time and for any kind of duty as determined by the needs of the Agency, and I have been assured that in order to carry out this policy, full consideration will be given to my particular capabilities, interests, and personal circumstances. By virtue of this application for membership and upon my acceptance in the Career Staff, I am assured that, with continuing satisfactory work performance and conduct on my part, just and equitable attention will be accorded my personal progress during my tenure in the Career Staff. MEMORANDUM FOR: THE SECRETARY OF STATE

ATTENTION : Mr. W. Park Armstrong, Jr.

SUBJECT : O'NEAL, Birch Dilworth, Request for Appointment in the Foreign Service

ENCLOSURE : a. Application Forms DSP-34

b. Medical Forms 88 and 89

c. Occupational History Supplement

1. It is requested that Mr. Birch Dilworth O'Neal be appointed in the Foreign Service with the title of First Secretary, FSR-3, $8,330.00, for duty in the American Embassy at Guatemala City, Guatemala. Mr. O'Neal will receive from CIA a basic salary of $8,800.00 per annum.

2. Mr. O'Neal, who is 38 years of age, received his A.B. and LL.B. Degrees from the University of Georgia. He has had approximately thirteen years experience as an attorney, investigator, and intelligence officer in Government service. From September 1942 to August 1943 he was Legal Attache in Bogota, where he was responsible for all FBI activities in Colombia. From August 1943 to December 1944 he was Civil Attache in Mexico City, Mexico, where he was responsible for all FBI activities in Mexico, having under his supervision more than fifty special agents of the FBI. From March 1947 to December 1949 he served as Attache in Caracas, Venezuela, where he was OSO station chief, having as his responsibility all CIA activities in Venezuela. Since December 1949 Mr. O'Neal has served in a very responsible position at CIA headquarters in Washington, in which position he has represented the Director of Central Intelligence in liaison with all other Government agencies in connection with all matters relating to aliens of interest to CIA. It is believed that Mr. O'Neal possesses the professional qualifications for the duties planned for him and, in addition, has the cultural qualifications required of an American representative serving abroad.

SECRET

Memorandum for: The Secretary of State - 2

3. A commissioned title as First Secretary is requested for Mr. O'Neal in order that he may be enabled to carry out his duties in a secure and efficient manner. The use of a commissioned title in this instance, which has been discussed at length with appropriate offices of ARA, is believed necessary in order to make possible the appearance of a complete break between Mr. O'Neal and the previous OSO station chief, and in order to provide him with adequate cover which will integrate him completely into the Embassy in a country whose present Government is noticeably hostile and vigilant with regard to American intelligence activities. It is proposed that Mr. O'Neal will serve in the Political Section of the Embassy. He will replace Mr. Collins D. Almon, who returned to the United States in March 1951.

4. The proposed biography for Mr. O'Neal will be forwarded at a later date.

5. It is requested that subject arrive at his destination on or about 15 November 1951.

Dear Mr. O'Neal:

Several days ago I had a call from your agency advising me that an existing vacancy must be filled by November 1, and that a definite commitment was necessary by October 1. Actually I had intended to be in Washington during the early part of September for a further talk with you, but two court trials have prevented this.

If convenient to you, I would like to see you in Washington this coming Monday morning, October 1. If that day happens to be inconvenient, please telegraph or telephone me collect. I will assume this time to be agreeable unless I hear to the contrary.

I certainly appreciate the necessity for a positive commitment on my part, and will be prepared to give a definite answer when I am in Washington. Since our talk last June, quite a few personal complications have arisen, which I have been attempting to resolve.

With kind personal regards,

Sincerely yours,

/s/ J. K. Dorsett, Jr.

JKDjr/h

Mr. Dorsett conferred with the writer and Col. Sheffield Edwards on 1 October. He was still in a position of not being able to state that he would enter on duty on 1 November 1951. He mentioned various personal reasons and the necessity of conferring with his father-in-law Senator Willis Smith. He later called me at my home at 9:00 PM 1 October 1951 and stated he could not enter on duty 1 November 1951, but he continued to be interested in the job and would probably be in contact with Col. Edwards in the spring of 1952 to determine if there continued to be a vacancy in which he could be placed.

TO : Assistant Director/Special Operations **DATE:** 13 February 1951

FROM : Security Officer

SUBJECT: O'NEAL, Birch D.

Reference to your memorandum concerning return to duty of Subject sometime prior to 1 December 1951, this office will endeavor to comply with your proposals. I might say that Mr. O'Neal has done a superior job as Alien Affairs Officer for the Agency. There has been some thought given to transferring the Alien Affairs Branch from I&S to the immediate office of Mr. Dulles, and it is impossible to give a positive guarantee of his availability, which in that case would be dependent upon Mr. Dulles' decision.

I feel, however, that OSO could at least tentatively plan along the line of your proposal. The cooperation of the ADSO and Chief, FDT, in making Mr. O'Neal available has been sincerely appreciated.

MEMORANDUM FOR THE DIRECTOR, CENTRAL INTELLIGENCE:

SUBJECT: CIG Administrative Order No. 31

1. CIG Administrative Order No. 31, dated October 31, 1946, makes provision for Group II classification for civilian employees who are Chiefs of Missions or principal officers directly subordinate to Washington, D.C. The Order specifies that these officials will fall in grades CAF-13 or P-6 or above, unless otherwise approved by the Director.

2. I recommend the Group II classification for Wm. B. Caldwell, Hobart Spalding, Justin O'Donnell, Albert R. Haney, and Birch D. O'Neal, who will be Chiefs of their respective Stations and directly subordinate to Washington, but whose grades are below the CAF-13 or P-6 level.

3. It is believed in each case that the fulfillment of the obligations at the Station concerned justifies the Group II classification. Therefore, there is attached a proposed letter of authorization for the Director's signature. The Director's approval of this proposed letter will permit the Special Funds Section to pay the Group II classification to the individuals concerned.

4. It is recommended that the payment under the Group II classification be made effective as of the dates the individuals concerned assume the responsibility at the overseas post.

SUBJECT: Request for Designation of Birch D. O'Neal.

1. Will you kindly request the State Department to designate Birch D. O'Neal as Attache, American Embassy, Caracas, Venezuela.

2. The Caracas office has not previously been in operation under CIG and will be opened upon the arrival of Mr. O'Neal. Intelligence work is, at the present time, being carried on in the Caracas Embassy by the Federal Bureau of Investigation, whose representative in that city carries the title of Legal Attache.

3. The FBI has approximately seven of its personnel stationed at this post.

4. Mr. O'Neal served from January 1938 to May 1946 as a Special Agent of the Federal Bureau of Investigation. In 1942 he spent six months in Ecuador, 1942-1943 he spent nine months in Colombia, and in 1943-1944 he spent sixteen months in Mexico. He was Civil Attache in the American Embassy, Mexico City.

5. Mr. O'Neal is now located in Washington where he is completing arrangements for the opening of the Caracas station.

6. No designation has previously been refused him. Subject will perform the duties previously carried out by the Legal Attache and will be the ranking representative of CIG, reporting directly to Washington.

7. Subject's duties will be comparable to the present FBI representative, who is assigned as Legal Attache to the Embassy.

8. This designation does not involve a replacement or an increase in personnel but concerns the opening of a new CIG office.

9. In order to enable subject to operate securely, it is believed essential that he be given diplomatic status and be issued a diplomatic passport in the capacity of Attache.

FOR MEMORANDUM

Mr. Birch D. O'Neal entered on duty 11 February, 1947, with OSO, FBT. His foreign assignment will be Chief of Station, Caracas, Venezuela, at grade CAF-12 at a salary of $6905.20, and he will be carried on the Special Funds payroll.

The oath of office was completed on 11 February, 1947, and photographs, fingerprints, and other credentials required were requested this date. Request for physical examination and inoculations also made this date.

Agreement to remain at his station for the prescribed length of time (24 months) was also completed by Mr. O'Neal this date. In this connection, Mr. O'Neal posed a question with regard to releases granted to foreign service personnel when they wish to transfer to other government organizations while in the field. Captain Hillsman called Mr. Warner in General Counsel to obtain an opinion from him in this matter. Captain Hillsman was given the following information:

> If a CIG employee wishes to transfer to another government agency while on duty at a foreign station, and prior to the end of his first year abroad, the employee, if released by CIG, will not be required to reimburse CIG for the cost of his own transportation, that of his family, nor the transportation of his personal effects to his original duty post. Return transportation to the States or to a new post with another government agency will be the responsibility of the individual, not CIG.

Assessment approval was given 10 February, 1947: security cleared 20 January, 1947.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether the phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

In the ten months Subj has been under my supervision he has shown an outsta
-ding ability to get work done, even under the pressure of an unusually heav
work load. Subj's willingness to take on additional duties and his indefatigable efforts to discharge all responsibilities are also considered ou
standing. Subj's operational and liaison experience show plainly in his dai
handling of ops problems. Subj's ability to roganize material and budget hi
time for greatest efficiency improved notably in the past months. Subj is
in every sense a senior intelligence officer.

His reporting on clandestine items is habitually days behind Embassy reports. He is totally incapable of writing an intelligent, understandable report. At the end of a year of operations, Mr. O'Neil's record corresponds with his previous achievements in the same class of work. He is an exceptionally steady, industrious and conscientious officer. He obtains results and has proved his ability ~~to handle all aspects of the job assigned.~~

~~Since his previous report, he has not expanded his intelligence coverage to the point desirable in an area of importance as that where he is working. This may be due partly to an insufficient number of assistants; and an increase in his family may also be a factor which has prevented him from increasing his output. In Embassy~~

A. THE REPORTING OFFICER IS DEFINED AS THE EMPLOYEE'S IMMEDIATE SUPERVISOR, IN OTHER WORDS THE PERSON WHO IS PRESUMABLY BEST ACQUAINTED WITH THE EMPLOYEE'S WORKING EFFICIENCY. HOWEVER, DEPENDING UPON CIRCUMSTANCES, THE CHIEF OF STATION MAY NOT WISH TO ENTRUST THE IMMEDIATE SUPERVISOR WITH THIS RESPONSIBILITY. IN ANY CASE, THE CHIEF OF STATION WILL CHANGE OR MODIFY THE RATING OF THE REPORTING OFFICER WHEN SUCH CHANGES OR MODIFICATIONS ARE CALLED FOR. THE CHIEF OF STATION IS ULTIMATELY RESPONSIBLE FOR THE ACCURACY OF FACTS AND STATEMENTS WHICH APPEAR ON THE STATUS AND EFFICIENCY REPORT. IN MANY CASES, ESPECIALLY IN A SMALL UNIT, THE CHIEF OF STATION MAY WISH TO FILL OUT ALL THE REPORTS HIMSELF.

2. IN ADDITION TO THE ANNUAL REPORT, THE FOLLOWING SPECIAL REPORTS, UTILIZING THE SAME FORM, WILL BE RENDERED:

A. UPON COMPLETION OF FIRST NINETY (90) DAYS OF SERVICE AT A STATION.

B. UPON RELIEF OR REASSIGNMENT OF REPORTING SENIOR.

C. UPON DETERMINATION OR RECOMMENDATION THAT AN EMPLOYEE IN A FIELD STATION SHOULD BE REASSIGNED TO ANOTHER STATION OR RETURNED TO U.S. FOR REASSIGNMENT OR OTHER DISPOSITION. SUCH REPORT WILL BE FORWARDED SO AS TO REACH THE WASHINGTON HEADQUARTERS AT THE EARLIEST POSSIBLE DATE AFTER SUCH REASSIGNMENT DETERMINATION IS MADE. IF POSSIBLE, THE REPORT SHOULD BE SENT IN AT LEAST THREE MONTHS PRIOR TO PROPOSED REASSIGNMENT IN ORDER THAT ALL TIME POSSIBLE MAY BE DEVOTED TO APPRAISAL AND EVALUATION. IF CONSIDERATION OF REASSIGNMENT IS BEING GIVEN WITHOUT EMPLOYEE'S KNOWLEDGE, ITEMS 1 TO 6 WILL BE FILLED IN AS FAR AS POSSIBLE BY THE RATING OFFICER WITHOUT REFERRAL TO EMPLOYEE.

3. IN FAIRNESS TO THE INDIVIDUAL BEING RATED AND IN THE INTEREST OF THE GOVERNMENT, THE IMPORTANCE OF CAREFULLY PREPARED AND ACCURATE EFFICIENCY REPORTS CANNOT BE OVERSTRESSED. THE FOLLOWING BASIC PRINCIPLES OF RATING SHOULD ALWAYS BE KEPT IN MIND:

A. ALWAYS BASE YOUR JUDGMENT ON:

(1) WHAT YOU HAVE OBSERVED THE INDIVIDUAL DO OR FAIL TO DO.

(2) [illegible] D STRIKING INCIDENT.

[illegible] TIC UNDER CONSIDERATION.

[illegible] USED TO RATE ALL CIVILIAN EMPLOYEES. BUT REPORTING OFFICERS SHOULD BEAR IN MIND THAT DIFFERENT STANDARDS PREVAIL IN DIFFERENT ASSIGNMENTS WHEREAS IT IS NECESSARY, FOR EXAMPLE, THAT AN INTELLIGENCE OFFICER POSSESS INITIATIVE, THIS SAME TRAIT IS NOT ALWAYS DESIRABLE, EXCEPT IN A MINOR WAY, FOR A TYPIST. THE RATINGS AND EVALUATIONS SHOULD BE IN REFERENCE TO THE JOB - THE ACTUAL WORK ASSIGNMENT FOR WHICH THE PARTICULAR EMPLOYEE IS BEING PAID. EVERY EFFORT SHOULD BE MADE TO ARRIVE AT A JUST ESTIMATE OF THE QUALITIES OF THE PERSON REPORTED ON FOR THE PERIOD COVERED BY THE REPORT. AVOID EXAGGERATIONS AND SUPERLATIVES. THEY DETRACT FROM THE VALUE OF A REPORT AND ARE UNFAIR TO OTHERS.

B. BIASED OPINIONS BASED ON PERSONAL LIKES AND DISLIKES MUST BE SCRUPULOUSLY AVOIDED. IT SHOULD BE BORNE IN MIND THAT THE PREPARATION OF EFFICIENCY REPORTS IS AN IMPORTANT FUNCTION OF ALL SUPERVISORS OF EMPLOYEES, AND THE ACCURATE AND TRUE EVALUATIONS EXPRESSED THEREIN ARE A DIRECT REFLECTION UPON HIS OWN ABILITY AND QUALIFICATION FOR THE POSITION HE HOLDS.

C. NO REPORTS WILL BE RENDERED COVERING PERIODS OF LESS THAN 60 DAYS OBSERVED SERVICE.

4. REPORTS WILL NORMALLY BE CLASSIFIED CONFIDENTIAL; HOWEVER, THE CLASSIFICATION MAY BE RAISED IF DEEMED ADVISABLE BY RATING OFFICER.

5. **REPORTS WILL NEVER BE SHOWN TO THE EMPLOYEE REPORTED ON.**

DISPOSITION OF REPORTS

1. REPORTS WILL BE FORWARDED TO THE APPROPRIATE BRANCH CHIEF IN WASHINGTON HEADQUARTERS WITHIN TEN (10) DAYS AFTER THE CLOSE OF THE REPORTING PERIOD.

2. IF THE REPORTING OFFICER IS THE CHIEF OF STATION, REPORTS WILL BE FORWARDED BY HIM TO THE APPROPRIATE BRANCH CHIEF IN WASHINGTON HEADQUARTERS.

3. IF THE REPORTING OFFICER IS NOT THE CHIEF OF STATION, THE REPORT WILL BE REFERRED TO THE NEXT IN COMMAND FOR REVIEW AND FINALLY TO THE CHIEF OF STATION FOR FORWARDING TO WASHINGTON HEADQUARTERS.

4. UPON RECEIPT OF REPORT IN WASHINGTON HEADQUARTERS, THEY WILL BE REVIEWED BY THE BRANCH CHIEFS PROMPTLY AND THEN REFERRED TO THE ASSISTANT EXECUTIVE FOR PERSONNEL FOR RETENSION IN THE PERSONNEL FILE OF THE EMPLOYEE.

A. IF A CHANGE OF PERSONAL STATUS IS REPORTED UNDER SECTION 6, ONE COPY OF SUCH REPORT WILL BE DETACHED AND SENT TO THE SECURITY OFFICE.

ANY DESIRED REMARKS OF REVIEWING OFFICER AND/OR CHIEF OF STATION

relations, however, he has scored great success and was the subject of a special commendatory letter written by the new Ambassador, Honorable Walter Donnelly, to the Department of State. His report writing is precise and clear but tends to be inclusive of too much detail. In this respect it is felt that he is following the practice of his previous employment with the FBI and that his training in the methods of our own organization was insufficient inasmuch as he departed for his post before full completion of the training course. A temporary assignment in Washington would be profitable to him in order to get the spirit and methods of revised intelligence operations and reporting.

He is a Chief of Station which this Branch particularly desires; and if he wishes to remain at his present post on termination of his contract, it is recommended that he be so reassigned inasmuch as he has developed a keen personal interest and corresponding knowledge of this very important area.

Agreement

AGREEMENT made this 29th day of November, 19 51, effective the 3 day of December, 19 51, by and between the United States of America (hereinafter referred to as the Government), as represented by the Central Intelligence Agency, and O'NEAL, Birch D. (hereinafter referred to as the Employee).

RECITALS

A. The Government desires the services of the Employee for CIA under circumstances requiring the Employee to receive a Foreign Service Staff Corps designation from the Department of State and proposes to send the Employee overseas to Guatemala City, Guatemala ____________________ for operations in the general area of____________________.

B. The Employee desires as an employee of the Government to serve CIA abroad under the supervision and control of the Assistant Director for Special Operations, CIA, (ADSO) and is willing to accept a designation in the Foreign Service Staff Corps with the obligations thereof.

In consideration of the premises, the mutual covenants and promises herein contained, and for other good and valuable considerations, the parties hereto agree as follows:

ARTICLE I. Relationship of Employee to the Department of State. The Employee, in so far as possible, shall abide by all the rules, regulations, and customs of the Foreign Service of the United States which affect personnel of the Foreign Service Staff Corps in order to appear as a normal member of the Foreign Service establishment.

1. The Employee shall rigidly comply with the provisions of Title X, Part A of the Foreign Service Act of 1946, prohibiting officers and employees of the Foreign Service from:

(a) Wearing uniforms;
(b) Accepting presents from foreign governments;
(c) Engaging in business abroad;
(d) Correspondence on affairs of foreign governments;
(e) Political, racial, religious, or color discrimination.

2. The Chief of the Foreign Service establishment and certain other key members of his staff will know about the Employee's status and relationship under the terms of the TOP SECRET agreement between the Department of State and CIA. Other personnel may discover that there are certain irregularities in travel orders, position numbers, pay accounts, and other internal administrative procedures of the Foreign Service. Nevertheless, the Employee shall not divulge his relationship to CIA except with the expressed approval of the ADSO. While serving abroad, he shall for normal administration be under the control of the Chief of the Foreign Service establishment to which he is attached, but for operations, including travel as specified below, he shall be under the control of CIA.

3. The travel of the Employee shall be governed as follows:

(a) For temporary duty outside the continental limits of the United States within or beyond the Employee's stipulated area, he shall perform CIA operational travel as directed by the ADSO or his designee with the consent of the Chiefs of the Foreign Service establishment involved. TD travel customary and necessary in the performance of routine Foreign Service Staff functions may be performed without clearance from the ADSO.

(b) For any travel to the United States, either temporary duty or permanent change of station, the Employee shall travel only at the direction of the ADSO after clearance has been arranged through the State Department in Washington.

(c) All travel will be directed and performed in accordance with Foreign Service rules and regulations.

4. Although the Employee's Foreign Service Staff Corps title, location, appointment, Foreign Service class, and other pertinent information may be published in the Foreign Service list and other publications of the Department of State, such listings shall not affect his employment and the obligations and duties stipulated in this contract.

5. All payments to be made under this contract, including reimbursement for travel expenses, shall be made to the Employee by the Department of State except payments referred to in ARTICLE II, Section 4.

ARTICLE II. Relationship of Employee to CIA. Although for all intents and purposes it will appear as though the Employee is employed by the Department of State as indicated in ARTICLE I above, he shall in fact be employed by and under the operational control of CIA. In so far as possible, he will be expected to abide by the rules, regulations, customary practices, and courtesies of the Foreign Service, but his ultimate responsibility will be to CIA. In the event of any conflict of authority in the field between the Department of State and CIA, the matter shall be referred to the ADSO for resolution.

1. The line of authority for the Employee shall be as follows:

(a) Senior Representative of OSO at Foreign Service establishment.
(b) OSO Foreign Branch Chief in Washington.
(c) Chief of Operations, OSO.
(d) ADSO
(e) Director of CIA.

2. All travel shall be directed by the ADSO in accordance with ARTICLE I, Section 3. The Employee shall request appropriate Foreign Service clearance for travel through the Senior OSO Representative at the Foreign Service establishment, who shall be responsible for arranging such clearance.

3. It is understood and agreed that the Employee's overseas assignment is to be for a minimum period of two years from the date of his arrival at his overseas post of duty, unless terminated by the Government for its convenience. If the assignment is terminated in less than twenty-four months at the Employee's request, the following shall prevail:

(a) If the Employee resigns in less than twelve months from the date of his arrival at his overseas post of duty, he shall reimburse CIA for all travel expenses involved in the transportation of himself, his immediate family, household goods, and personal effects to the foreign station, and pay all such expenses for return to the United States. Such expenses for return to the United States and amounts expended by the Government on account of such travel and transportation shall be considered a debt due by the Employee to the United States.

(b) If the Employee desires to terminate between the twelfth and twenty-fourth month from the date of his arrival at his overseas post of duty, he shall pay all expenses for the travel and transportation of himself, his immediate family, household goods, and personal effects to the United States.

4. If deemed necessary by CIA, the Employee may be reimbursed or advanced funds for operational expenses. Such amounts must be advanced or reimbursement made in accordance with CIA regulations, which require a full accounting of the amounts expended by the Employee. Therefore, the Employee will be required to account fully for any such funds advanced or reimbursed in accordance with CIA regulations.

ARTICLE III. Overseas Allowances and Transportation Expenses. When specifically authorized by the ADSO, the expenses of travel and transportation of the Employee, his immediate family, household goods and effects, including personally owned automobile and other allowances, will be paid the Employee in accordance with the Foreign Service Act of 1946 and regulations issued thereunder by the Department of State. When authorized by the ADSO, the Employee shall be paid a quarters allowance, cost of living allowance, or special foreign living allowance in accordance with the Foreign Service Act of 1946 and regulations issued thereunder. The amount of quarters and cost of living allowances and the special foreign living allowance is set forth in Bureau of the Budget Circular A-8, which is amended periodically to reflect adjustments in price indexes. Therefore, such allowances will be subject to change, and the amounts paid will vary according to Budget Circular A-8.

ARTICLE IV. Annual and Sick Leave. The Employee shall be permitted annual leave, sick leave, and leave of absence in accordance with Title IX, Part D of the Foreign Service Act of 1946. Under such Act, the Employee may be granted not to exceed sixty calendar days annual leave of absence with pay in each year. Annual leave which the Employee may receive and which is not used in any one year shall be accumulated for succeeding years until it totals 180 days. Sick leave with pay may be granted to the Employee at the rate of fifteen calendar days each calendar year and may be accumulated for succeeding years until it totals 120 days.

1. If the Employee is transferred from another Government Agency to this position, any annual or sick leave standing to his credit in such Agency, may be transferred, if appropriate, in accordance with E. O. 9837, 27 March 1947, issued pursuant to Section 935 of the Foreign Service Act of 1946.

ARTICLE V. Return to the United States. The Employee shall be ordered to the United States on leave of absence or permanent change of station upon completion of two years continuous service abroad or as soon as possible thereafter.

ARTICLE VI. Retirement. The Employee occupies a position within the purview of the Civil Service Retirement Act. Accordingly, deductions shall be made at the rate provided by law (presently ~~5%~~ 6) from the Employee's basic salary and placed in the Civil Service Retirement Fund. The Employee may not avail himself of the provisions of the Foreign Service Retirement and Disability System, provided for in Title VIII of the Foreign Service Act of 1946.

ARTICLE VII. Medical Care and Hospitalization. In the event of illness or injury to the Employee requiring hospitalization not the result of vicious habits, intemperance, or misconduct on his part, and incurred in the line of duty while assigned abroad, the expenses of treatment of such illness or injury at a suitable hospital or clinic, ~~or~~ and transportation expenses to such hospital or clinic may be paid by the Government in accordance with Title IX, Part E of the Foreign Service Act of 1946. Under appropriate regulations, a physical examination of the Employee will be made, together with necessary inoculations, or vaccinations, or the expense thereof will be paid to the Employee.

1. In the event of the death or disability of the Employee, the Employee or his dependents shall be afforded the benefits of the United States Employees' Compensation Act of 7 September 1916, as amended.

ARTICLE VIII. Equipment. The Employee may be furnished technical equipment and supplies to assist in the rendition of services hereunder, including an automobile where necessary. The Employee shall be responsible for such equipment and supplies issued to him by CIA in accordance with CIA Property Regulations. All such material shall remain the property of the Government regardless of any apparently conflicting ownership or the manner of registration.

ARTICLE IX. Salary. The Employee shall receive a basic salary of $ 8481.00 (FCS-3) per year in accordance with Section 415 of the Foreign Service Act of 1946. In-class promotions shall be granted to the Employee in accordance with regulations established in the Department of State pursuant to Title VI, Part E, Section 642 of the Foreign Service Act of 1946. Other changes in status will be made only as specifically authorized by the ADSO.

ARTICLE X. Continuance of Pay and Allowances. If the Employee is determined by CIA to be absent in a status of "Missing", "Missing in Action", "Interned in a Neutral Country", "Captured by an Enemy", "Beleaguered", or "Beseiged", he shall for the period he is determined to be in any such status be entitled to receive or to have credited to his account the same pay and allowances to which he was entitled at the beginning of such period of absence. Continuance of pay and allowances as specified above shall be as prescribed in the Missing Persons Act of 1942 (50 U.S.C.A. App 1001-1015, 7 March 1942).

ARTICLE XI. General. The Employee shall comply with the following provisions, and violation thereof by the Employee shall be deemed a breach of this contract.

1. In participating in the programs and activities of any private organization, the Employee shall make it clear that the Department of State has no official connection with such organization and that it does not sponsor or sanction the viewpoints which he may express. In general, his relations with private organizations shall be governed by applicable Foreign Service Regulations.

2. Neither the Employee nor the members of his family shall act as correspondents for American or foreign newspapers, press syndicates, or associations unless special authorization has been obtained in advance from the ADSO. He shall not write for publication any article or other manuscript on political or controversial subjects. Articles or manuscripts on nonpolitical or noncontroversial subjects shall be submitted to the ADSO for review and approval prior to their submission to a publisher.

3. Neither the Employee nor members of his family shall correspond privately on personnel or other official matters with members of Congress, or officers in the Department of State, CIA, or other Governmental agencies.

4. Members of the Employee's family shall not be employed in the same Foreign Service office except during grave emergencies or when special authorization has been obtained in advance of employment from both the Department of State and CIA.

5. Before contracting marriage with a person of foreign nationality, the Employee shall request and obtain permission from the appropriate officials in both the Department of State and CIA. Any such marriage with an alien without obtaining advance permission shall be deemed a breach of this contract and shall result in termination of service with the Government.

6. In the event the Employee desires to resign from the service overseas, he shall submit a written resignation addressed to the ADSO, who will take appropriate steps to clear the matter with the Department of State.

ARTICLE XII. Security. This contract contains information affecting the national defense of the United States within the meaning of the Espionage Act (50 U.S.C. 31 and 32, as amended). Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law. Violation of this ARTICLE or any security agreement signed by the Employee with the Government shall result in immediate disciplinary action, which may include suspension, separation from Government service, and may subject the Employee to criminal prosecution under the Espionage Act.

1. The termination of this contract will not release the Employee from the provisions of any security oaths which he may be required to take by CIA.

2. The Employee shall not publish, transmit, or divulge in any manner, information received by him as the result of his employment by the Government under this contract without specific written authority from the Director, CIA.

ARTICLE XIII. Orders and Directives. Orders and Directives received by the Employee from competent authority, including instructions received in briefing and training, shall be complied with by the Employee. No promises or commitments to the Employee of any nature whatsoever, beyond and in addition to the terms hereof, shall be binding on the Government unless and until such promise or commitment is reduced to writing and approved by an authorized official of CIA, and such writing placed with this contract thereby becoming an amendment hereto.

ARTICLE XIV. Amendments. The Government may at any time amend this contract and may terminate this contract upon thirty day prior notice to the Employee. If the Government proposes to amend this contract by reducing the salary provided for in ARTICLE IX (including class promotions, or other authorized increases, if any) and such reduction is unacceptable to the Employee, resignation by the Employee for such reason shall be considered as a termination of this contract for the convenience of the Government. Where the Employee is directed to proceed to a new post on a permanent change of station by the ADSO, this contract will be deemed to have been amended to the extent of such change.

ARTICLE XV. Special Provisions. The following special provisions shall apply to the Employee under this contract:

Part (a) of Section 3 of ARTICLE II shall not apply to employees who have served in a departmental position with CIA or who have served an overseas tour of duty with CIA, and in such case, Part (b) of Section 3 of ARTICLE II shall be deemed amended to read as follows: "(b) If the Employee desires to terminate or return to the United States prior to the expiration of twenty-four months from the date of his arrival at his overseas post of duty, he shall pay all expenses for the travel and transportation of himself, his immediate family, household goods and personal effects to the United States."

ARTICLE IX does not apply. The employee shall receive an annual salary of $9600.00 (GS-14), and, during the period of official duty overseas shall receive allowances based on such annual salary (including subsequent increases) computed in accordance with applicable Foreign Service Regulations. Initially, the sum of $8481.00 per annum (FSS-3) (plus in-class or class promotions) directly by the Department of State. The difference between the authorized CIA salary and the salary paid by the Department of State, plus the difference, if any, between allowances based on the authorized CIA salary and the allowances based on salary payments by the Department of State and paid by them, shall be paid to the employee in accordance with his written instructions.

A lump sum payment for annual leave is to be paid up to 2 December 1951. Sick leave is to be held in escrow until such time as subject reverts back to GS-status, at which time, accrued sick leave will be credited.

In the event any of the provisions in this Article are inconsistent with the provisions of any other Article in this contract, the provisions of this Article XV, shall govern and be determinative of the rights and obligations under this contract.

INSTRUCTIONS TO APPOINTING OFFICER

The appointing officer before whom the foregoing certificate is made shall determine to his own satisfaction that this appointment would be in conformance with the Civil Service Act, applicable Civil Service Rules and Regulations and acts of Congress pertaining to appointment.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

APPOINTMENT AFFIDAVITS

INFORMATION FOR APPOINTEE

NOTE.—Before he can be appointed, an applicant for a Federal position must meet certain requirements over and above the requirement that he be able to do the work he is employed to do. On the attached form you are to swear (or affirm) that you meet these requirements. In addition, there are certain restrictions upon your conduct as a Federal employee. They are set forth on this sheet. You should familiarize yourself with these restrictions and be guided by them. *Detach this portion of the form and retain it for your information and guidance.*

I. INFORMATION ABOUT APPOINTMENTS

Persons selected from competitive registers will receive either a temporary or a probational appointment.

For persons receiving a probational appointment, the first year of service is a probationary period unless a shorter period is fixed for the position by the Civil Service Commission. Satisfactory completion of probation is required for absolute appointment.

The completion of probation is required when a person who is reinstated or transferred has not previously completed a probationary period.

Persons receiving probational appointments are included under the Civil Service Retirement Act.

Appointments specifically limited to 1 year or less are usually considered temporary appointments.

For excepted appointments, a trial period may be required at the discretion of the employing agency.

II. MEMBERS-OF-FAMILY RESTRICTION

Except for persons entitled to veteran preference, no person may be probationally appointed to a position in the competitive service if there are two or more members of his family already serving in the competitive service under probational or permanent appointments. A family is defined by the Attorney General as persons who live under the same roof with the head of the family and form part of his fireside. When they branch out and become heads of new establishments, they cease to be part of the old family. Minors do not establish another family merely by living at an address different from that of their parents. An appointment is illegal if the appointee is disqualified by the members-of-family restriction.

III. APPOINTMENTS ARE SUBJECT TO INVESTIGATION

All probational appointments, reappointments, reinstatements, conversions to competitive appointments, inter-agency transfers, and certain temporary appointments are "subject to investigation" for an 18 month period. During this period, the Civil Service Commission has authority to instruct an agency to separate an employee for any of the reasons given below except that the Commission's authority is not limited by the 18-month period in cases described under Items 4, 5, and 8 below. The condition "subject to investigation" expires automatically at the end of 18 months of service unless an appeal on loyalty matters is pending. However, an employing agency may remove an employee for any of the reasons given below at any time.

Any of the following reasons constitutes sufficient cause for the removal of an employee from the service:

1. Conduct or capacity of such a nature that removal will promote the efficiency of the service.

2. Physical or mental unfitness for the position he holds.

3. Criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct.

4. Establishment of the fact that the employee has made intentional false statements or engaged in deception or fraud in examination or appointment.

5. Refusal to furnish testimony to the Civil Service Commission or its authorized representatives in regard to matters inquired of arising under the Civil Service Act, Rules, and Regulations.

6. Habitual use of intoxicating beverages to excess.

7. Reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States (see Section IV).

8. Any legal or other disqualification which makes the applicant unfit for Federal employment.

IV. SUBVERSIVE ACTIVITY AND AFFILIATION

Section 9A of Public Law 252, 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act," provides:

"(1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

"(2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any act of Congress for such position or office shall be used to pay the compensation of such person;"

Executive Order 9835 of March 21, 1947, provides:

"1. The standard for the refusal of employment or the removal from employment in an executive department or agency on grounds relating to loyalty shall be that, on all the evidence, reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States.

"2. Activities and associations of an applicant or employee which may be considered in connection with the determination of disloyalty may include one or more of the following:

'*a.* Sabotage, espionage, or attempts or preparations therefor, or knowingly associating with spies or saboteurs;

'*b.* Treason or sedition or advocacy thereof;

'*c.* Advocacy of revolution or force or violence to alter the constitutional form of government of the United States;

'*d.* Intentional, unauthorized disclosure to any person, under circumstances which may indicate disloyalty to the United States, of documents or information of a confidential or nonpublic character obtained by the person making the disclosure as a result of his employment by the Government of the United States;

'*e.* Performing or attempting to perform his duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States;

'*f.* Membership in, affiliation with or sympathetic association with any foreign or domestic organization, association, movement, group or combination of persons, designated by the Attorney General as totalitarian, Fascist, Communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means.'"

The appointing officer will make available to you the list of organizations prescribed by the Attorney General upon your request.

Various appropriation acts contain a provision prohibiting the use of appropriated funds to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts employment the salary or wages for which are paid from any such appropriation shall be guilty of a felony, and, upon conviction, shall be fined not more than $1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

The affidavit referred to above is one of those to which you are required to swear (or affirm) on the attached page.

V. STRIKING AGAINST THE FEDERAL GOVERNMENT

Various appropriation acts provide that no part of the funds appropriated therein shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government. Such acts provide further that any person who engages in a strike against the Government, or who is a member of an organization of Government employees that asserts the right to strike against the Government, and accepts employment the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than $1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

One of the affidavits on the attached page to which you are required to swear (or affirm) pertains to this provision against striking against the Government.

VI. HOLDING STATE OR LOCAL OFFICE

Federal employees are prohibited from accepting or holding an office or position under State, territorial, county, or municipal governments. There are certain specific exceptions. They are published in Civil Service Commission Form 1236. Before any person appointed to the Federal service accepts or continues to hold any office or position under a State or local government, the matter should be presented to the appropriate authorities of the agency in which he is employed for a decision as to whether he properly may accept or continue to hold such office or position.

VII. POLITICAL ACTIVITY

The terms of the act of August 2, 1939 ("Hatch Act"), as amended, prohibit officers and employees in the executive branch of the Federal Government from using official authority or influence for the purpose of interfering with an election or affecting the result thereof. Further, such officers and employees are prohibited from taking any active part in political management or in political campaigns. These prohibitions apply not only to permanent employees, but also to temporary employees, employees on leave of absence with or without compensation, and substitute employees during the period of active employment. Political activity identified with any political party in any election is prohibited.

Some of the forms of forbidden political activity are:

1. Serving on or for any political committee, party, or other similar organization.
2. Soliciting or handling political contributions.
3. Serving as officer of a political club, as member or officer of any of its committees, addressing such a club, or being active in organizing it.
4. Serving in connection with preparation for, organizing, or conducting a political meeting or rally, addressing such a meeting, or taking any other active part therein except as a spectator.
5. Engaging in political conferences while on duty, or canvassing a district or soliciting political support for a party, faction, or candidate.
6. Manifesting offensive activity at the polls, at primary or regular elections, soliciting votes, assisting voters to mark ballots, or helping to get out the voters on registration or election days.
7. Acting as recorder, checker, watcher, or challenger of any party or faction.
8. Serving in any position of election officer, in which partisanship or partisan political management may be shown.
9. Publishing or being connected editorially or managerially with any newspaper generally known as partisan from a political standpoint, or writing for publication or publishing any letter or article, signed or unsigned, in favor of or against any political party or candidate. (Ownership entirely disassociated from editorial control and managerial activities limited entirely to business management would not be regarded as being within this provision.)
10. Becoming a candidate for nomination or election to office, Federal, State, or local, which is to be filled in an election in which party candidates are involved.
11. Distributing campaign literature or material.
12. Initiating or circulating political petitions, including nomination petitions.
13. Assuming political leadership or becoming prominently identified with any political movement, party, or faction, or with the success or failure of any candidate for election to public office.

General statements as to certain activities which are considered as permissible on the part of Federal officers and employees:

1. *Voting.*—The direct language of the law specifically provides that all such persons retain the right to vote as they may choose.

2. *Expression of opinions.*—The right to express political opinions is reserved to all such persons.

NOTE: This reservation is subject to the prohibition that such persons may not take any active part in political management or in political campaigns.

3. *Contributions.*—It is lawful for any officer or employee to make a voluntary contribution to a regularly constituted political organization, provided such contributions are not made in a Federal building or to some other officer or employee within the scope of the act referred to above.

4. *Political pictures.*—It is lawful for any officer or employee to display a political picture in his home if he so desires.

5. *Badges, buttons, and stickers.*—While it is not unlawful for an officer or employee to wear a political badge or button or to display a political sticker on his private automobile (except where forbidden by local ordinance), it is felt that it is inappropriate for any public servant to make a partisan display of any kind while on duty, conducting the public business.

6. *Penalties.*—Persons appointed to positions in the Executive branch of the Federal Government are warned that the penalty for an established violation of the above mentioned political activity prohibitions is immediate removal from the service.

VIII. OFFENSES WHICH ARE PUNISHABLE BY FINE OR IMPRISONMENT

Certain other statutes prohibit Federal officers and employees from engaging in various activities under penalty of fine or imprisonment, or both. The activities prohibited by such statutes relate to such matters as political assessments, political coercion and discrimination, and purchase and sale of office. The text of these statutes is set forth in Civil Service Commission Form 1236.

Some of the activities prohibited under penalty of fine or imprisonment, or both, are as follows:

1. Solicitation or receipt of political contributions by one officer or employee from another.
2. The giving or handing over of a political contribution by one employee to another.
3. Solicitation or receipt of political contributions in a Federal building by any person, whether or not an employee of the Government.
4. Solicitation or receipt by any person of political contributions from any person receiving any benefit under any act of Congress appropriating funds for relief.
5. Solicitation or receipt of anything of value, either for personal reward or as a political contribution, in return for the use of, or the promise to use, influence to secure an appointive office under the United States.
6. Payment, or the offer of payment, for the use of influence in securing an appointive office under the United States.
7. Promising employment, compensation, or other benefit made possible by act of Congress as consideration or reward for political activity.
8. Discrimination by an officer or employee in favor of, or against, another officer or employee on account of political contributions.
9. Depriving any person on account of race, creed, or color, or political activity, of compensation or other benefit made possible by any act of Congress appropriating funds for relief.
10. Disclosure for political purposes of any list or names of persons receiving benefits under an act of Congress appropriating funds for relief and the receipt of such a list for political purposes.

IX. PROHIBITION AGAINST DISCRIMINATION

Appointing officers are required by the Civil Service Rules to act on all personnel matters "solely on the basis of merit and fitness and without regard to political or religious affiliations, marital status, or race."

X. INSTRUCTION OF APPLICANTS

Officers and employees of the Government are prohibited from instructing or teaching with a view to the special preparation of any person for civil-service examinations.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. The physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

The aim of the Executive order September 4, 1921, under which this examination is made, is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States *employees'* compensation laws.

Notes for Examining Physician

WEIGHT.—Males, without *clothing*, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If *overweight*, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or *shoes*, observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; *corneal* scar; pterygium. In recording distant vision consider *20 feet* as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as *denominator*. If glasses are used, record for each eye the *finding* with and without glasses. Near vision must be reported. *In* testing vision without glasses the applicant or appointee should be instructed to *remove the glasses at least one-half hour before testing uncorrected vision.*

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In *recording* hearing, record 20 feet as normal distance for *conversational* voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow *through* each nostril. If free, a speculum examination would *not* be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—*Ulcers, inflammations, etc.*

6. **Thyroid.**—Presence of *tumor* in neck and tremor, exophthalmos; nervous high-strung *disposition*, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state *whether* or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—*e. g.*, size of walnut, lemon, etc.

11. Flat feet of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

COUNTRY Algeria

SUBJECT Possible Identification and Surveillance of "CIA Agents" by the Algerian Security Service

OPERATIONAL INFORMATION REPORT

This report has been prepared by the DOMESTIC CONTACT SERVICE, DDI. The operational information contained herein may not be disclosed to personnel outside of the CLANDESTINE SERVICE, CIA, without the prior permission of the Domestic Contact Service.

SOURCE US citizen, a former intelligence officer who is employed with a firm that conducts business on a worldwide scale.

A representative of a US company with contracts in Algeria in early March 1974 held a personal conversation on business matters with a high level Algerian Foreign Ministry Official (other wise unidentified) in Algiers. The Algerian mentioned that his government has become increasingly concerned with the expanding presence in Algeria of US citizens, who are in the country as a result of the growing number of US business contracts. Almost in passing, the Algerian noted that his government is suspicious that many of the Americans might be US intelligence agents. In fact, he claimed that Algerian security authorities "already have identified six CIA Agents", and that these individuals "are under close surveillance". The US businessman did not want to appear too inquisitive, and so he did not probe for any further information on this matter. He is not able to provide the names of the individuals who are under suspicion.

U.S. citizen, a former intelligence officer who is employed with a firm that conducts business on a worldwide scale.

Mr. Gleichauf, who as you know is the former Chief of the Miami and Dallas Field Offices, currently is employed with a company with extensive contractual arrangements overseas. He learned the information contained in this report quite by chance from a co-worker who returned from Algeria last week. Mr. Gleichauf believes that the co-worker does not have any further details.

Headquarters Inquiry re Private Intelligence Organization, Denver, Colorado

REF : Stetson/Walker telcon, 25 June 1975

1. As per referenced telcon, following your initial inquiry on 20 June 1975 we searched our memories for any clue to an organization in the Denver area such as the one described in the German newspaper article. It is quite likely that an organization staffed with ex-government types and performing such things as telephone taps for wealthy private citizens would have come to our attention through one of our many contacts in the area. We could think of none that matched your description and we let the matter drop.

#154537

2. On 24 June we received a phone call from a local agent of the FBI who had received the same information that you had passed on to us and was trying to run it down. We again denied any knowledge of such an organization. However, as the matter was rehashed among the DFO staff we recalled that a few months ago, shortly after the CIA expose first appeared in the New York Times, we received in the mail a brochure from The Wackenhut Corporation, 262 Havana, Denver, Colorado #154531 This organization was described as a private investigative service with capabilities beyond that of the average private investigator in that they are staffed with men and women formerly employed by the FBI, Secret Service and DIA. We also believe that under the list of services they offered was some type of electronic surveillance. Since this type of organization is of no interest to us we discarded the brochure and forgot about it until your inquiry prompted us to recall it.

3. We passed the above information on to the local Bureau office, stressing that this was indeed a long shot, that our memory of the contents of the brochure is vague at best, that we have no reason to believe that the Wackenhut Corporation is anything other than what it advertises itself to be, and that this is our best recollection but even at that we are not absolutely sure it was the Wackenhut Corporation that was mentioned in the brochure.

4. With this memorandum we merely wish to go on record with you as having passed the above information to the local FBI office in the form stated.

1. I MET BRUCE BERCKMANS AT HIS WACKENHUT OFFICE THIS MORNING AS SCHEDULED. BERCKMANS BEGAN THE INTERVIEW BY REQUESTING THAT I READ A MULTIPAGE LETTER WHICH HE IS THINKING OF SENDING TO THE INSPECTOR GENERAL. IT IS A DETAILED STATEMENT OF GRIEVANCES STEMMING FROM HIS FORCED RESIGNATION AND INDICATES THAT HE IS CONSIDERING A SUIT AGAINST THE AGENCY. HE HAS IN FACT RETAINED COUNCIL, APPARENTLY ANOTHER FORMER AGENCY STAFFER, BUT THEY HAVE NOT YET DECIDED WHETHER TO PROCEED WITH LEGAL ACTION. OTHER ELEMENTS SHOULD PROBABLY BE INFORMED.

2. THE PRECEDING NOT WITHSTANDING, BERCKMANS, WHO IS FOND OF SAYING THAT HE RESIGNED FROM THE AGENCY BUT NOT THE UNITED STATES, OFFERED TO SERVE AS A FAIRLY TYPICAL DCD CONTACT WITH RESPECT TO THE INFORMATION HE DERIVES IN HIS REGULAR WACKENHUT DUTIES. BERCKMANS UNDOUBTEDLY HAS MANY USEFUL CONTACTS ESPECIALLY IN LATIN AMERICA AND SOON IN THE MIDDLE EAST. UNDER NORMAL CIRCUMSTANCES THIS MIGHT BE A USEFUL INFORMATIONAL RELATIONSHIP.

3. I TOLD BERCKMANS, HOWEVER, THAT IN VIEW OF THE CIRCUMSTANCES DESCRIBED IN PARAGRAPH 1 ABOVE I FELT IT INAPPROPRIATE FOR US TO MAINTAIN ANY SYSTEMATIC RELATIONSHIP AT THIS TIME. SHOULD HE DECIDE NOT TO PROCEED WITH HIS SUIT AND OTHER THINGS FALL INTO PLACE, PERHAPS A FUTURE USEFUL CONTACT COULD BE ESTABLISHED.

4. IN DESCRIBING HIS DUTIES BERCKMANS DID DROP ONE MINOR PIECE OF INFORMATION WHICH MIGHT BE USEFUL AGAINST THE CURRENT

Contact with ITT A 120

A-130680

1. In view of the considerable interest expressed from time to time in any Agency involvement with ITT the following information is submitted for the record. We have learned indirectly but apparently accurately that Manuel J. Chavez, Jr. has very recently left his position with the [illegible] and is now employed as a senior executive concerned with Latin American security matters for ITT. You will recall that Chavez was at one time a military assignee to the Miami Field Office and later served here briefly as a staff employee.

15-45-31

2. Needless to say, this office has not been in contact with ITT and we plan no professional approach to Mr. Chavez whatsoever. Local geography and routine courtesy are such that on occasion an unintended social encounter may occur. Should we meet Mr. Chavez again no official business will be conducted of any kind.

REF : HORTON/MAINWARING TELECON OF 2 OCTOBER 1973

A-1 [illegible] 1. ON THE AFTERNOON OF 1 OCTOBER 1983 I MET AT HIS REQUEST WITH MARTY MARTINEZ, A FORMER AGENCY STAFFER NOW EMPLOYED BY THE WACKENHUT CORPORATION. MARTINEZ SAID THAT HE HAD INFORMATION TO PASS TO US WHICH ACTUALLY ORIGINATED WITH THE DADE COUNTY ORGANIZED CRIME BUREAU AND WHICH WAS INITIALLY PASSED TO WACKENHUT WITH THE UNDERSTANDING THAT WACKENHUT WOULD IN TURN CONVEY IT TO THE AGENCY. PARENTHETICALLY, FOR THE RECORD, WE MAINTAIN SOME SLIGHT CONTACT WITH A FEW WACKENHUT EMPLOYEES, SEVERAL OF WHOM ARE FORMER AGENCY STAFFERS, BUT WE HAD NOT MET MARTINEZ PRIOR TO THIS MEETING.

179730

2. ACCORDING TO MARTINEZ, HE HAD BEEN TIPPED BY A CLOSE CONTACT IN THE ORGANIZED CRIME BUREAU THAT SEBASTIAN CHARLES VOLPE HAD BEEN APPREHENDED RECENTLY APPARENTLY IN THE COURSE OF INSTALLING A MIKE OR WIRE. THE CIRCUMSTANCES AND DATE ARE

PAGE 2 DCD/MIAMI 12422 S E C R E T

NOT KNOWN AT THIS TIME. VOLPE IMMEDIATELY CLAIMED THAT HE WAS ON A MISSION FOR THE CIA AND APPARENTLY SUCCESSFULLY AVOIDED CHARGES AND PUBLICITY, AT LEAST INITIALLY. A LOCAL FOUR-MAN PANEL OF JUDGES REVIEWED THIS MATTER, HOWEVER, AND AT LEAST ONE JUDGE HAS INDICATED HE DOES NOT BELIEVE VOLPE'S STORY.

3. WACKENHUT DOES NOT KNOW WHAT THE NEXT STEP WILL BE BUT APPARENTLY THE ORGANIZED CRIME BUREAU WISHED TO ALERT THE AGENCY IN ADVANCE TO POTENTIAL ADVERSE PUBLICITY WHICH MAY ARISE AT ANY TIME. INFERENTIALLY, THE CRIME BUREAU APPEARS ALSO TO BE CONCERNED THAT VOLPE WAS REALLY INVOLVED FOR THE AGENCY.

A177726 A177728 A177727

(PPL)

4. VOLPE, BY THE WAY, IN ADDITION TO THE NAME ALREADY PROVIDED, IS KNOWN VARIOUSLY AS SAM VOLPE, CHARLES S. VOLPE AND JUST PLAIN CHARLIE VOLPE. HE HAS APPARENTLY STARTED SOME SORT OF SECURITY BUSINESS KNOWN AS ALEX ALERT. A POSSIBLE COMPLICATING FACTOR IS OUR UNDERSTANDING THAT VOLPE HAS BEEN THE TOP WIRE MAN FOR LOCAL STATE'S ATTORNEY RICHARD GERSTEIN. GERSTEIN, AMONG OTHER THINGS, IS KNOWN FOR HIS EFFORTS TO BRING LOCAL CONSPIRACY CHARGES AGAINST THE WATERGATE GROUP, A PLAN WHICH WE BELIEVE ARCHIBALD COX SUCCESSFULLY BLOCKED.

PAGE 3 DCD/MIAMI 12422 SECRET

5. VOLPE, WE BELIEVE HAS ALSO ACTED ON BEHALF OF DADE COUNTY SHERIFF E. WILSON PURDY, AN EXTREMELY CONTROVERSIAL LOCAL FIGURE, KNOWN AMONG OTHER THINGS FOR EXTENSIVE USE OF TELEPHONE TAPS.

6. THE CIRCUITOUS ROUTE TAKEN BY THE ORGANIZED CRIME BUREAU TO PASS THIS INFORMATION IS POSSIBLY BEST EXPLAINED BY THE FACT THAT A SENIOR MEMBER OF THE BUREAU KNOWS THAT MARTINEZ IS A FORMER AGENCY STAFFER. IN ADDITION, WE ARE TOLD THAT THIS INDIVIDUAL HAS A DISLIKE OF AND DISTRUST FOR REGULAR LIAISON CHANNELS AT ANY LEVEL OF GOVERNMENT.

7. AS DISCUSSED WE ARE REPORTING THIS FOR THE RECORD IN THE BELIEF THAT ANGUS THUERMER AND PERHAPS OTHERS MIGHT WISH TO BE FOREWARNED. WE PLAN NO FURTHER ACTION UNLESS REQUESTED BY YOU. E2 IMPDET CL BY 024476

TSD Interest in Electronic Surveillance System

A-154531

1. A year or so ago, while in Miami, I forwarded some information on an electronic surveillance system developed by Wackenhut Corporation of Coral Gables, Florida. TSD was quite interested and sent two technicians to Coral Gables to check on the system and subsequently invited Wackenhut representatives to put on a demonstration in Washington, at Agency expense.

A130680

2. I recently met Manuel Chavez of Wackenhut, an old friend, and he stated that Wackenhut had not heard further from our people but he would like to advise that the system is now available on the market. He furnished a brochure concerning the product which is appended.

3. Would you please forward this to TSD. If I recall correctly one of the TSD representatives who visited Coral Gables was Paul Reilly.

If such a demonstration is not possible in Florida, without incurring any cost to TSD/Special Devices Branch, or in any case, if further discussion is desired, please advise and we will be glad to pursue the matter further with appropriate TSD components.

1. On 21 Sep 70 Mr. George Wackenhut, President Wackenhut A154531 Protection Systems of Coral Gables, Florida invited me to a demonstration of a new device his company has developed, which may be of some interest to us and other Government agencies. The device involves a small transmitter, dimensions about 1/2" x 3/4", or less than the size of a half pack of cigarettes.

2. The transmitter can be used to track vehicles as well as persons. If used in a car reception varies from 2 - 3 miles in major high-rise metropolitan areas such as New York, to 5 - 6 miles in Miami. The central station could monitor a fleet of cars and determine where a given vehicle is.

3. If the transmitter is carried on a person, as in a heel, it would only have a range of 3/4 - 1 mile, but if carried at the waist it would have 1 1/2 - 2 miles. If used at the line of sight it would have a range of 8 - 10 miles.

4. The transmitter is operated on 40 [illegible] and is on the air 1 second of 5. Its signal can not be picked by on AM/FM receivers and the batteries are standard Mercury batteries which last 7 - 10 days.

5. The equipment was recently tested by the Los Angeles Police Department and a car with the transmitter was located in a 60-foot deep, three-layer parking garage in Los Angeles.

6. Some printed material describing the equipment is appended as of possible interest to TSD and other selected consumers.

7. FYI: ElectroFinders, Inc. is a wholly-owned subsidiary of Wackenhut.

Mr. Gleichauf, who as you know is the former Chief of the Miami and Dallas Field Offices, currently is employed with a company with extensive contractual arrangements overseas. He learned the information contained in this report quite by chance from a co-worker who returned from Algeria last week. Mr. Gleichauf believes that the co-worker does not have any further details.

FIELD COMMENTS

Reference: Mainwaring/Austin/Blake telecons of 10 & 11 January 1974.
Wackenhut Corp. offered this information gratuitously, for security reasons, they have made this look like a report to a client - thus, "addressee" and "firm" refer to CIA.
Beyond this report, local Miami officials, based on their clandestine activities, state unequivocally that this is one phase of a Cuban program to hurt Washington-Nassau relations.
Some of these names are known to other Agency components.

During our interview which resulted in OOB 321/06420-70 Mr. Chavez did not mention that he had a photo of the Soviet helicopter he saw in Colombia. He remembered that he had the attached photo when we were conducting a subsequent interview.

SOURCE **US national, official of a US firm engaged in providing commercial services to business firms and industries. He travels frequently and has contacts among business executives and government officials.**

[This report was developed by an AFNIN Air Force representative assigned to the office of preparation.]

1. During a recent business trip to Colombia I had occasion to visit and converse with business executives, owners of industrial firms and government officials. Through conversation with such I gained the information presented below.

2. The majority of the business community, both big and small businesses, is not in complete harmony with the government of President Carlos Lleras. Most business executives confirm that under the previous Conservative Party administration there was a stimulation of interest in foreign investment, a factor which is causing the current administration immense problems due to restrictive legislation on the percentage of capital which may be removed from the country. It is the consensus of the business community that this law will be changed within the next eight months, as a result of pressure by the business community upon the government.

3. At the present time there is much discontent among owners of private business firms as well as among the employees about a proposed new law. Current legislation requires that employers place in a fund a certain percentage of employees earnings, which will be returned to the employee upon retirement or termination of employment. Under this arrangement the employer may make use of the money for investments or development of the firm or industry. The reason for the discontent is that the government is attempting to pass a law requiring all business firms and industries to pay, on a monthly basis to the government, the money received from the employees. Severance or retirement pay of an employee will then become a responsibility of the government. The business community is adamantly against this legislation because it will restrict much of business operation. Employees are equally against the legislation because they feel once the government collects the money it will be appropriated for other purposes and never returned to the people.

4. The government has stated that the money collected will be used for development of low and middle class housing, and rents collected from these developments will be placed in a fund for the payment of severance and retirement benefits.

SOURCE US national, official of a US firm engaged in providing commercial services to private industry and government. He travels frequently and has contacts among business executives and government officials.

[This report was developed by an AFNIN Air Force representative assigned to the office of preparation.]

1. During a recent business trip to Ecuador I had occasion to visit and converse with several business executives and government officials. Through conversation with business colleagues I gained the information presented below.

2. The business community is in complete harmony with the administration of President Otto Arosemena Gomez. The efforts of the present government to encourage foreign business investment is considered to be the biggest plus on the side of the current administration. Evidence of the efforts made by the government and the success achieved is demonstrated by the joint venture of two major oil companies, Texaco and Gulf, in drilling for new oil deposits. Agreements were reached between the government and the oil companies for prospective drilling in an area northeast of Quito, approximately 30 minutes by helicopter. The first four holes resulted in four oil producing wells. This strike is considered the richest since the Venezuelan strike. The government is presently being flooded with requests for permits to continue oil explorations in the area. The requests are coming from US, Japanese and West German firms.

3. President Arosemena is in firm control of the Army, and all elements of his political machine. He would like very much to continue as President. The desire of Arosemena to continue as President takes on more meaning when consideration is given to the possibility that Jose Maria Velasco Ibarra may again be elected President. The business community does not look favorably on this possibility but most businessmen are quick to concede that Velasco has the inside track at this time.

4. There is no evidence of insurgent capability by any group at the present time. Guerrilla activity is practically nonexistent and is not considered a problem area for the Army or the government.

SOURCE US national, official of a US firm engaged in providing services to industry and business firms. He travels frequently and has contacts among business executives and government officials in several foreign countries.

[This report was developed by an AFNIN Air Force representative assigned to the office of preparation.]

1. During a recent business trip to Colombia I had occasion to visit and converse with several business executives and government officials. Through such conversations I gained the information presented below.

2. Guerrilla activity within the country is presently confined to the following geographical locations. The Army of National Liberation (ELN) is operating in Departemento Santander Del Sur at a point nearest the Venezuelan border. This base of operations provides the group with numerous escape routes to Venezuela in cases of hot pursuit when engaged by elements of the Army. It also provides ease of operations in the exchange of necessities. There is considerable traffic in this area and all attributed to the ELN.

3. The leader of ELN is Fabio Vazquez Castano. He is the same person who hijacked a Colombian airliner and forced the pilot to fly him to Cuba. Vazquez is presently in Cuba. Victor Medina Moron is second in command, and is presently running the operations of the group. The ELN is dedicated to and followers of the Peking line.

4. The Revolutionary Armed Forces of Colombia (FARC) is presently operating along the borders of the Departamentos of Tolima and Huila in the Intendencia of Caqueta. The leader of this group is Manuel Morulanda, better known as "Tiro Fijo". This group is dedicated to and followers of the Moscow line.

5. All members of ELN and FARC are known to be Colombian nationals. The leaders of each organization have been trained in Cuba or in the Soviet Union.

6. Money and necessities for the ELN groups is being furnished by Cuba. Support for FARC is unknown. Numerous weapons have been left behind by FARC after engagements with the Army. These weapons are of Czech origin. However, most of the weapons in use by ELN and FARC have been acquired as a result of engagements with the Army.

REF : MAINWARING/FRENCH TELECON OF 9 SEPTEMBER 1976, SAME SUBJECT

1. FOR THE RECORD, THE PRIMARY PURPOSE FOR BRUCE BERKMANS' REQUEST THAT I SEE HIM WAS TO ENABLE HIM TO REFER A POSSIBLE APPLICANT FOR STAFF EMPLOYMENT TO THE AGENCY. I WILL INFORMALLY RAISE THIS MATTER WITH THE PERSONNEL RECRUITER WHEN HE IS NEXT IN THE MIAMI FIELD OFFICE. BERKMANS HAD NO PERSONAL INTEREST IN THIS MATTER AND WAS SIMPLY TRYING TO PLAY THE ROLLE OF A HELPFUL INDIVIDUAL.

2. HE ALSO REVIEWED SOME PROJECTS THAT HIS ORGNIZATION WILL BE INVOLVED IN BOTH LATIN AMERICA AND THE MIDDLE EAST. AS OF THIS DATE IT IS TO EARLY TO DETERMINE WHETHER WE MIGHT HAVE ANY INTEREST IN THESE MATTERS. RIGHT NOW WE HAVE NO REPORTABLE INTEL OR OPERATIONAL MATERIALS.

3. BERKMANS ALSO DISCUSSED HIS COMPANY'S APPROACH TO EXECUTIVE PROTECTION AGAINST THE THREAT OF INTERNATIONAL TERRORISM. THIS MAY BE STILL ANOTHER AREA IN WHICH HE MIGHT OCCASIONALLY VOLUNTEER A USEFUL ITEM.

4. AS NOTED EARLIER, SINCE HIS DECISION TO REFRAIN FROM ANY LITIGATION INVOLVING THE AGENCY, HE SEEMS TOTALLY RELAXED. MY PERSONAL APPRAISAL NOW IS THAT HE WILL POSE NO PROBLEMS FOR US IN THE FUTURE DESPITE THE UNPLEASANTNESS OF A FEW YEARS AGO.

1. I MET AGAIN ON 2 JULY 1976 WITH BRUCE BERKMANS. IMMEDIATELY HE REITERATED WHAT HE HAD ALREADY TOLD ME ON THE TELEPHONE: AFTER CONSULTATIONS WITH HIS ATTORNEY AND CONSIDERABLE REFLECTION HE HAS DECIDED THAT HE WILL NOT SUE THE AGENCY OR ANY STAFFERS OR FORMER STAFFERS. HE ATTRIBUTES THIS DECISION TO WHAT HE CALLED THE INORDINATE COSTS IN BOTH TIME AND MONEY. HE ALSO VOLUNTEERED HIS FEELING THAT THE AGENCY WAS BEING KICKED FROM EVERY SIDE AND HE DID NOT WISH TO ADD TO THE PROBLEM.

2. BERKMANS WAS CONSIDERABLY MORE COMPOSED AND RELAXED AT THIS SECOND MEETING ALMOST AS IF HE WERE RELIEVED AT FINALLY HAVING COME TO A DECISION. HE THEN REPEATED WHAT APPEARS NOW TO BE A SINCERE OFFER TO ACT ON A VOLUNTARY BASIS AND IN A NONOPERATIONAL CAPACITY AS A NORMAL DCD CONTACT. HE MENTIONED VOLUNTARILY THAT HE HAD SOUGHT AND OBTAINED THE CONSENT OF HIS BOSS GEORGE WACKENHUT IN THIS RESPECT.

3. THERE IS NO DOUBT THAT BERKMANS IS INVOLVED IN VARIOUS FOREIGN PROJECTS WHICH COULD BE OF INFORMATIONAL INTEREST TO US. I WAS, NONETHELESS, DELIBERATELY VAGUE AND NONCOMMITTAL WITH REGARD TO HIS OFFER. I AM, HOWEVER, LESS WARY OF SOME SORT OF RELATIONSHIP THAN I MIGHT HAVE BEEN BASED PURELY ON OUR FIRST INTERVIEW. IN ANY EVENT THERE IS NO DOUBT THAT WE WILL HEAR FROM BRUCE BERKMANS AGAIN. E2 IMPDET CL BY 011668

SUBJECT : Contact with Former Staff Agent

1. This will confirm our green line telephone conversation of 22 June 1976 concerning a recommendation that DCD contact Mr. Bruce Berckmans Jr., (201-309117), a former staff agent under the LPGLOBE program. Mr. Berckmans recently telephoned an Agency staff officer with whom he is acquainted, indicating that he had information of interest and needed to talk with some one from the Agency. Mr. Berckmans is currently employed by the Wackenhut Corporation in the Miami area.

2. We discussed this case with Mr. Anthony Goldin, Assistant General Counsel/DDO, who felt that a representative of the Agency should meet with Mr. Berckmans to see what he had on his mind. Mr. Goldin said we would not be in violation of any Agency regulations or guidelines since Mr. Berckmans was the one requesting the meeting. Mr. Goldin recommended that contact be made through an overt employee (DCD) rather than through the LA/Miami Station.

3. Upon learning of your two immediate intel reports on 22 June, from private investigator sources, concerning plans for possible assassination of Caribbean leaders, we felt there may be a connection between these reports and Mr. Berckmans' information. It is for that reason that we suggested that DCD might want to move rapidly on this matter.

4. As mentioned on the green line, Mr. Berckmans' address is 3941 Midway St., Miami, Florida; his telephone number is (area code 305) 443-2260.

1. I MET BRUCE BERCKMANS AT HIS WACKENHUT OFFICE THIS MORNING AS SCHEDULED. BERCKMANS BEGAN THE INTERVIEW BY REQUESTING THAT I READ A MULTIPAGE LETTER WHICH HE IS THINKING OF SENDING TO THE INSPECTOR GENERAL. IT IS A DETAILED STATEMENT OF GRIEVANCES STEMMING FROM HIS FORCED RESIGNATION AND INDICATES THAT HE IS CONSIDERING A SUIT AGAINST THE AGENCY. HE HAS IN FACT RETAINED COUNCIL, APPARENTLY ANOTHER FORMER AGENCY STAFFER, BUT THEY HAVE NOT YET DECIDED WHETHER TO PROCEED WITH LEGAL ACTION. OTHER ELEMENTS SHOULD PROBABLY BE INFORMED.

2. THE PRECEDING NOT WITHSTANDING, BERCKMANS, WHO IS FOND OF SAYING THAT HE RESIGNED FROM THE AGENCY BUT NOT THE UNITED STATES, OFFERED TO SERVE AS A FAIRLY TYPICAL DCD CONTACT WITH RESPECT TO THE INFORMATION HE DERIVES IN HIS REGULAR WACKENHUT DUTIES. BERCKMANS UNDOUBTEDLY HAS MANY USEFUL CONTACTS ESPECIALLY IN LATIN AMERICA AND SOON IN THE MIDDLE EAST. UNDER NORMAL CIRCUMSTANCES THIS MIGHT BE A USEFUL INFORMATIONAL RELATIONSHIP.

3. I TOLD BERCKMANS, HOWEVER, THAT IN VIEW OF THE CIRCUMSTANCES DESCRIBED IN PARAGRAPH I ABOVE I FELT IT INAPPROPRIATE FOR US TO MAINTAIN ANY SYSTEMATIC RELATIONSHIP AT THIS TIME. SHOULD HE DECIDE NOT TO PROCEED WITH HIS SUIT AND OTHER THINGS FALL INTO PLACE, PERHAPS A FUTURE USEFUL CONTACT COULD BE ESTABLISHED.

4. IN DESCRIBING HIS DUTIES BERCKMANS DID DROP ONE MINOR PIECE OF INFORMATION WHICH MIGHT BE USEFUL AGAINST THE CURRENT

JAMAICAN SITUATION. THROUGH A SUBCONTRACTOR HIS COMPANY IS CONSIDERING A CONTRACT IN JAMAICA WHICH WOULD PROVIDE CUSTODIAL SERVICES FOR REVERE BAUXITE HOLDINGS WHICH THE COMPANY IS APPARENTLY PLANNING TO MOTHBALL. E2 IMPDET CL BY 011668.

Dear Mr. Rosnek:

Reference is made to your Contract with the United States Government, as represented by the Central Intelligence Agency, effective 1 March 1970, as amended.

Effective 8 April 1979, paragraph four (4) entitled "Compensation" is amended by deleting the figure $37,270 as it appears therein and by substituting in lieu thereof the figure $41,270. Said paragraph is also modified to provide that subsequent augmentation of your basic fee, based upon the percentage increase authorized U.S. Government employees in the annual Legislative Pay Increases, will be individually authorized by contract amendment at appropriate times as requested and certified by the responsible Government official, provided however, that your total compensation under this paragraph does not exceed the equivalent of the salary rate paid at the top step of GS-15.

All other terms and conditions of the contract, as amended, remain in full force and effect.

SUBJECT : Amendment to Contract for
George Martin Rosnek

1. Action Requested: It is requested that the contract for Mr. George Martin Rosnek, an Independent Contractor, be amended to increase his compensation from $37,270 to $41,270 per annum effective 8 April 1979.

2. Background: In September 1978 Mr. Rosnek, a former senior officer of the KGB, raised with his case officer the question of prior financial commitments made to him by the Agency. Specifically, he claimed that the Agency still owed him $20,000 of an original commitment of $50,000 made to him at the time of his defection. This $20,000 claim has become an obsession with Mr. Rosnek and is likely to affect negatively his relationship with the Agency unless resolved to his relative satisfaction. Attached for background information are documents relating to Mr. Rosnek's claim.

3. After careful consideration of the equities involved in this case it is my belief that security considerations dictate that we settle Mr. Rosnek's claim in the following manner. I will approve an increase in his annual payment by $4,000 effective April 1979 (from $37,270 to $41,270). Thereafter, his annual compensation would be increased each October in the amount identical to the cost of living increase given to US Government employees. (This cost of living provision is currently in his contract). However, at such time

as Mr. Rosnek reaches the salary paid an employee in the top step of GS-15 (currently $47,500) his annual compensation would be increased only as the pay for that step increases.

4. All other terms and conditions of said contract, as amended, remain in full force and effect.

B. Memo Dated 14 August 1972
From DC/Security Research Staff

C. Acknowledgement and Release Form
Dated 12 July 1973

1. A careful review of the PDDONOR file substantiates the fact that there were three unequivocal financial commitments made to PDDONOR at the time of his defection in February 1964. These three commitments were:

a. He would be paid $25,000 for each of the two years he cooperated in place. Total $50,000.

b. He would receive $10,000 for his part in identifying William Vassal, a British Admiralty employee as a KGB agent.

c. He would receive $25,000 per year salary from the Agency.

2. The question at issue now is whether an additional commitment was also made to PDDONOR to the effect that the Agency would provide financial assistance to him to purchase a home. According to PDDONOR, on 30 January 1964 in Geneva prior to his defection in a conversation with his case officer, Mr. Tennent Bagley he stated, "I will arrive with what I have on my back - no home - no roof - no anything." The reply to PDDONOR was as follows: "This will be taken care of. It will be provided." This exchange in PDDONOR's view, constituted

☐ DCL ☒ RVW 14 Feb 99

SECRET

what he believes was a commitment on the part of the Agency to provide him with financial assistance in the purchase of a home. A memorandum dated 16 February 1970, written by Mr. Bruce Solie describes this verbal exchange between PDDONOR and his case officer. (See Reference A). In addition, a memorandum dated 14 August 1972 also written by Mr. Solie (Reference B) states that "Nosenko stated that prior to his defection in Geneva, he discussed his future with Bagley and made three requests, these being:

a. Employment at $25,000 per year;

b. $50,000 in savings account;

c. Assistance in purchasing a house.

According to Nosenko, Bagley, a day or two later, informed Nosenko that his requests had been approved and Nosenko considers this constituted a valid verbal contract."

3. From PDDONOR's viewpoint therefore an additional commitment, quite separate and apart from the three listed in paragraph 1 was made to him. Consequently, he now argues that a payment made to him in July 1970, in the amount of $20,000 and which he used as a downpayment on a house, was the fulfillment of this additional commitment and not part of the $50,000 he was promised for his two years in place. This despite the fact that in the 14 August 1972 memorandum as Mr. Solie states in paragraph 5, . . . "Nosenko also considers that the assistance in purchasing furniture, a house, etc., which he has been given since 1969 should be considered as cancelling the matter of the $50,000.

4. What seems to have occurred is a change of position on PDDONOR's part. While previously acknowledging that the original $50,000 commitment had been met (paragraph 5 of Reference B) PDDONOR now takes the position that of the below listed payments only $30,000 should be applied against the $50,000 commitment. The July 1970 payment of $20,000 should be applied against a separate commitment to provide assistance in purchasing a home.

$2,000 in March 1964
$8,000 in May 1969
$5,000 on 1 July 1970
$20,000 on 1 July 1970 (According to PDDONOR this payment should not be applied against the $50,000 commitment)
$15,000 on 12 July 1973

Thus, according to PDDONOR's reasoning $20,000 is still due him as part of the original $50,000 commitment.

5. Several additional points should be noted. On 2 July 1973 PDDONOR signed an "Acknowledgment and Release" prepared by the General Counsel in which PDDONOR releases and forever discharges the US Government and the Agency from any claim for money promised to him. (Reference C). In addition, the issue of the $20,000 he says is still owed him does not surface in the file until September 1978, 14 years after his defection. The explanation of why this issue would arise at this late date is not clear from available records.

6. Attached are copies of those documents which impact on this issue. Because of the complexities of this case I recommend that we request the Office of General Counsel to review the entire case and provide a ruling on the legitimacy of PDDONOR's claim of $20,000. After such a ruling we can discuss our future course of action.

MEMORANDUM FOR : Chief, Counterintelligence Staff

SUBJECT : Financial Commitments to PDDONOR/1

1. This is in response to your memorandum of 23 February 1979 which requests our opinion concerning CIA's existing financial obligations to PDDONOR/1, a former high-ranking KGB officer who defected to this country in February 1964 after having cooperated in place for the previous two years. Based on information contained in CI Staff files, there appears no question that the Agency made three documented, unequivocal promises to PDDONOR/1 at the time of his defection:

a) he would be paid a total of $50,000 ($25,000 per annum) in consideration for his previous two years' service in place;

b) he would receive a $10,000 payment for his part in identifying a certain KGB operative in the British government; and

c) he would be placed under contract for "an indefinite period" after his defection at a yearly salary of $25,000, with accompanying provision for retirement and other benefits.

Your memorandum seeks our assistance in resolving the issue of whether or not the Agency has, as PDDONOR/1 asserts, any current, independent obligation to pay PDDONOR/1 $20,000 based on an oral commitment made to him by a now-retired CIA officer at the time of his defection promising him the Agency's financial assistance in his securing a residence in this country.

2. As you know, due to unforseen and extraordinary factors which arose shortly after PDDONOR's defection, the three documented commitments made to him as outlined in the previous paragraph were not fulfilled until some years after his defection. In this connection, the file indicates that PDDONOR/1 did not start receiving an Agency salary until March 1969, and that it was not until six years later that he began to be paid at the previously promised rate of $25,000 per annum. Accordingly, in order to belatedly satisfy in full the commitments originally made to PDDONOR/1 in 1964, lump-sum payments have been made to him on three occasions in recent years with the approval of senior Agency management. Briefly, these lump-sum payments consisted of: a) $125,000 (less taxes) in November 1972 to cover the balance owed for salary during the period April 1964 to March 1969; b) $15,000 in July 1973 to settle the remainder due on the $50,000 obligation to PDDONOR/1 for his service in place overseas prior to his defection; and c) $28,500 (authorized in April 1976 but evidently not paid until late last year) to cover the balance of his previously promised $25,000 annual salary for the period March 1969 - March 1975 as well as the $10,000 commitment originally made to PDDONOR/1 prior to his February 1964 defection (see paragraph 1(b) above) for his role in identifying a certain KGB operative in England.

3. As previously stated, the sole issue for consideration at this point revolves around PDDONOR/1's relatively recent assertion that CIA still owes him $20,000 as a result of a vaguely worded oral commitment made to him by a now-retired Agency officer in 1964 who promised that CIA would provide housing for PDDONOR/1 in this country following his arrival. In analyzing PDDONOR/1's contentions in this regard, we believe for the following reasons that the details surrounding CIA's July 1973 payment to him of $15,000 assume particular significance and do, in fact, firmly rule out any further, outstanding legal obligation to him with respect to payments to cover PDDONOR/1's eventual purchase of a home. Of course, the key consideration involved is the fact that the $15,000 payment was made following PDDONOR/1's execution of a quitclaim prepared by this Office through which he agreed to "release and forever discharge...the Central Intelligence Agency...from any claim for money promised to him for, and/or at the time of his defection, and from any and all other claims...in any form whatsoever arising out of or in any way connected with his cooperation and association with... CIA prior to the date of this document, 12 July 1973."

Thus, the wording of the quitclaim is clearly and purposefully unconditional and is specifically intended to bar the kind of belatedly raised claim which PDDONOR/1 is making now.

4. In taking this position, we recognize that one could properly point out in rebuttal that notwithstanding the seemingly all-encompassing scope of the quitclaim, a further payment of $28,500 was in fact subsequently authorized for PDDONOR/1 in April 1976. However, as was noted in an internal OGC memorandum dated 1 April 1976 which concurred in this additional $28,500 payment, the real purpose of the 12 July release was to settle once and for all the issue of the balance of the $50,000 owed PDDONOR/1 for his two years of in-place cooperation prior to his defection. Accordingly, since the $28,500 payment was intended to satisfy other pre-existing commitments to PDDONOR/1 (i.e., back-salary owed for 1964-1969 as well as the $10,000 promised for his role in identifyig the KGB operative in England), this Office concluded at that time that the payment was legally permissible since it was outside the intended scope of the quitclaim and was being used to fulfill separate, fully documented promises of compensation made earlier to him.

5. By contrast, at the time that CIA made its July 1973 payment to PDDONOR/1 in return for his quitclaim, the available background materials contained in the files you have provided us leave little doubt that the issue of compensation to cover his purchase of a home was an intrinsic part of the calculations which led to the decision to authorize the $15,000 payment to him at that time. For instance, in the 25 June 1973 memorandum to Mr. Colby which contained the recommendation for the $15,000 payment, the Director of Security delineated some of the previous advances made to PDDONOR/1 in partial satisfaction of the $50,000 owed to him for the 1962-64 period. It was specifically noted in that connection that "[a]gainst this [$50,000] sum in April-May 1969, [PDDONOR/1] was given $8,000 as financial assistance for resettlement in the private economy and $25,000 in mid-1970 towards the purchase of a new house and other related expenses." (Emphasis added). These amounts plus an additional $2,000 which had been previously advanced were subtracted from the original $50,000 commitment, thus leading to the final figure of $15,000 that was subsequently paid to PDDONOR/1 in July 1973 and for which he readily signed the quitclaim releasing CIA from any further financial obligations to him. The Director of Security's memorandum went on to indicate that PDDONOR/1 "agreed" with these calculations; moreover PDDONOR/1's acknowledgment that CIA had previously fulfilled its

commitments to him regarding a house is more explicitly documented in a 14 August 1972 memorandum for the file from the Deputy Chief, Security Research Group, which quotes PDDONOR/1 as saying that he "considers that the assistance in purchasing furniture, a house, etc. which he has been given since 1969 should be considered as cancelling the matter of the $50,000". (Emphasis added).

6. Therefore, from all of the above, it must be concluded that, contrary to PDDONOR/1's assertions, CIA has long since fulfilled any promises which Agency representatives made to him prior to his defection concerning his housing in this country. Further, the available evidence clearly tends to indicate that PDDONOR/1 fully understood and accepted the fact that these obligations had been fully met at the time that he signed his quitclaim in July 1973. Thus, since the terms and scope of the quitclaim are fully controlling on the claim which PDDONOR/1 is asserting, we have determined that the Agency has no legal obligation whatsoever to pay him the $20,000 which he seeks.

7. As a final note, this Office recognizes that, notwithstanding the absence of any legal obligations, the particularly sensitive status of PDDONOR/1 within CIA may nevertheless give rise to an understandable desire in some quarters to make the $20,000 payment to him on security and/or moral grounds. We do not necessarily quarrel with such a view, nor do we mean to imply that CIA is legally precluded from, in effect, "waiving" the terms of the quitclaim if it so chooses. At the same time, it must be remembered that this Office was asked to prepare the quitclaim at issue in 1973 precisely in anticipation of a situation such as the one before us now. It is respectfully submitted that such documents will cease to have any future efficacy or credibility whatsoever if individuals such as PDDONOR/1 who are ostensibly bound by them perceive a willingness on the part of CIA to set aside these carefully worded and legally binding documents whenever a claim (no matter how ill-founded) is advanced. In short, we hope and trust that any decision to pay PDDONOR/1 the $20,000 at issue despite the quitclaim and documented evidence to the contrary will be based on truly compelling security or moral considerations.

1. (S) Referenced memorandum pertained to a formal request to amend Subject's contract to provide authorization for specific operational expenses.

2. (S) Paragraph five (5) of Subject's current contract, among other things, provided for "other expenses". It is our opinion that the intent here was to provide authorization for expenditures for "Operational" purposes. The language being general and non-restrictive in nature, it would follow that any expenditure deemed by you, as the operating activity, to be of an operational nature, and so authorized, would be within the framework of the authorization and that there would be no need to specifically identify and additionally authorize the item and/or its value. Accordingly no action is taken upon your request, it being presumed that you already have adequate contractual authority.

1. Action Requested: It is requested that the contract for Bruce A. BERTOTALLY, an Independent Contractor, be amended by changing the last sentence of Paragraph 5, Allowances, Travel, and Other Expenses, to read as follows:

> "If, in the course of this contract, you are directed to travel or are authorized to incur other expenses, reimbursement of such expenses will be made on a commuted rate basis, based on constructive cost, while in the Washington metropolitan area. This commuted rate sum will not be reduced by any operational entertainment that may be provided to you.".

2. Background: Because of the current wording in paragraph 5 of BERTOTALLY's contract, C/PCS/CSS/B&F believes that a reduction in BERTOTALLY's commuted rate entitlement must be made when operational entertainment (meals) are provided him by his case officer. This interpretation is based on the present wording in the contract stating that reimbursement for expenses will be in "substantial accordance with CIA regulations." Since under CIA regulations a reduction in per diem is effected when meals are provided by the Government, C/PCS/CSS/B&F believes the language of the contract should be amended to permit operational entertainment (meals) to be provided to Subject without resultant deduction in his commuted rate reimbursement.

George Martin Rosnek

1. Action Requested: It is requested that the contract for Mr. George Martin Rosnek, an Independent Contractor, be amended effective as of 1 January 1978 to pay him $50.00 per month for the use of his private living quarters as an office. It is also requested that Mr. Rosnek's contract be amended to include the interest payments on a car that he purchased so that he could be ready and available for work when we request him.

2. Background: When CI Staff assumed responsibility for Mr. Rosnek in July 1976, we noted that the Office of Security had an informal arrangement by which it reimbursed Mr. Rosnek $50.00 per month for the use of his private quarters as office space. It is now requested that this arrangement be incorporated into Mr. Rosnek's contract.

On 7 February 1977 former Chief CI Staff agreed to reimburse Mr. Rosnek for the interest payments on a car which he purchased so that he would be ready and available for work when we needed him. The monthly interest charge as of December 1977 is slightly less than $39.00 and it is

expected to decline steadily as the unpaid balance is amortized over the next two years. It is, therefore, requested that Mr. Rosnek's contract be amended to also include this payment.

All other terms and conditions of said contract, as amended, remain in full force and effect.

SUBJECT : Contract Amendment for
Bruce A. BERTOTALLY

1. Action Requested: It is requested that the contract for Bruce A. BERTOTALLY, an Independent Contractor, be amended retroactive to 1 June 1977 deleting the last sentence of paragraph 3, concerning the taxability of operational travel by his wife, of a previous amendment effective 1 June 1977. It is further requested that a one-time payment of $1,404 to BERTOTALLY be authorized to offset the tax he is required to pay on the $3,100 which represents his wife's travel expenses on their last operational trip abroad, which appeared on BERTOTALLY's W-2 form for 1977 as additional taxable income.

2. Background: After CI Staff assumed responsibility for BERTOTALLY in July 1976, based on requirements developed by the field, he was asked if he would be willing to undertake occasional operational trips abroad for the purpose of briefing and lecturing friendly liaison services and other high-level foreign officials. BERTOTALLY agreed, but was adamant that he would only do so if the Agency would allow his wife to accompany him not only for purposes of companionship but also to enhance his security. Because this was his condition to such overseas operational travel and because it was felt her presence would contribute to his good morale, effectiveness in the performance of his mission, and also preclude his possibly creating potentially embarrassing incidents for us and the host liaison services; Chief,

E2 IMPDET
CL BY 012208

SECRET

CI Staff made a personal commitment to BERTOTALLY that he could indeed have his wife accompany him on any operational trips abroad, if he chose to have her do so, and that her travel expenses would be borne by the Agency. It was understood that her travel expenses would be limited to the cost of her travel and per diem.

Subsequent to this agreement BERTOTALLY took three separate trips abroad accompanied by his wife and one quick trip to Mexico accompanied by his case officer. No problems developed following the first two trips. Vouchers submitted after each trip, claiming their joint costs as operational expenses, were honored without question. However, following their last joint trip abroad her travel expenses of $3,100 were interpreted as additional taxable income. BERTOTALLY considers this a violation of the commitment made to him and has demanded that the Agency pay him a sum equivalent to the additional Federal and state taxes he will have to pay as a result of our unilateral decision on this matter.

Presently we already have three separate trips abroad planned for BERTOTALLY during 1978. We are convinced that unless we reimburse him for the $1,404 additional tax he must pay for 1977 and assure him that his wife can accompany him on future operational trips abroad at Agency expense and without having such expenses declared as additional income, he will refuse to go on any more trips abroad on our behalf.

SUBJECT : Contract Amendment for
George Martin Rosnek

1. Action Requested: It is requested that the contract for Mr. George Martin Rosnek, an Independent Contractor, be amended retroactive to 9 October 1977 to increase his compensation from $33,000 per annum to $35,327. This represents a cost of living increase of 7.05 per cent. (It is further requested that a clause be included in Mr. Rosnek's contract to the effect that he is entitled to the equivalent of any future cost-of-living increases granted to Agency employees.)

2. Background: Mr. Rosnek was recruited by the Agency in Switzerland in 1962 and promised $25,000 per year while working as an agent in place. He later defected to this country. In July 1976 responsibility for him was transferred from the Office of Security to the CI Staff and he continues to be of great assistance to this Staff as well as to the FBI.

E2 IMPDET

The remuneration that he receives from the Agency is his family's sole means of support. He was given cost-of-living increases in the past and when CI Staff assumed responsibility for him he was assured by the Chief, CI Staff that he would continue to receive such increases in the future. In early December 1977 he inquired why his pay did not already reflect the 7.05 per cent increase given to Agency employees in October. We believe it to be in the best interests of the US Government to honor all commitments made to him and to assure that he continues to identify himself positively with the Agency.

All other terms and conditions of said contract, as amended, remain in full force and effect.

SUBJECT : Contract Amendment - Bruce A. BERTOTALLY

1. We are in receipt of a copy of subject contract amendment dated 27 June 1977. To administer the conditions of this amendment, there are two questions which come to mind:

a. The amendment provides that travel of subject's dependent wife may be authorized "when it is determined by the responsible Government official that such travel will support and best serve operational interests and objectives." Under the provisions of HR 22-2a (18) (now in the process of amendment), TDY travel for dependents of an employee must be approved by a Deputy Director. Further, under the OGC ruling 77-1264, TDY travel for a dependent "should not be authorized, save the Deputy Director's discretion. It should be changed to preclude any possible interpretation of which would give rise to TDY junkets for wives and dependents at Government expense." While it is recognized that subject is in fact an Independent Contractor, the entire subject of dependents TDY travel is a delicate issue, and because of this, we ask that your office identify the level of the "responsible Government official" who must approve the operational necessity travel of subject's wife.

REFERENCE

SECRET

E 2 IMPDET CL BY 061932

b. Query, if the TDY travel of subject's wife is in fact properly approved, not as an operational necessity, but for matters "essential to her health", do these payments in fact become taxable income. The regulations define an Independent Contractor as a self-employed individual who may be paid a fee for certain services or products, and generally contracts provide for reimbursement for necessary operational expenses. We have no difficulty in certifying the wife's travel when it can be classified as an operational necessity. However, as both references provide authority only to Deputy Directors to approve dependent operational TDY travel, this also gives rise as to what level of authority is required to authorize travel for a dependent wife to accompany her husband on a TDY trip "as a matter essential to her health." It is requested that we be advised of the level of the "resonsible Government official" who can approve such travel. Further, as subject's contract draws a line between the operational necessity travel and that travel essential to her health, we would appreciate being advised if the non-operational travel payments for subject's wife represents taxable income.

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 March 1970.

Effective 1 June 1977 paragraph five (5) entitled "Allowances, Travel and other Expenses" is amended by expanding its scope to authorize the concurrent, voluntary, travel of your dependent wife, including the appropriate rate of per diem, when it is determined by the responsible Government official that such travel will support and best serve operational interests and objectives. The extent and destinations of such dependent travel will be as designated and defined by such official and, when in the course of such travel it is determined as a matter of operational necessity or as a matter essential to her health and well being that she remain at some particular place in the course of such travel while you continue on to specific geographical locations in fulfillment of operational missions, continuation of her per diem will be authorized for such periods. All monies advanced or reimbursed you hereunder by the Government and for the purposes herein indicated are determined to be additional income to you and as such considered to be taxable for federal income tax purposes.

It is also understood and agreed by all concerned, and is herein so confirmed, that this amendment is in no way intended or should be construed as obligating your dependent wife to accompany you on travel abroad, under the terms of this agreement. It is also understood and agreed that the U. S. Government neither infers or assumes any liability of whatsoever nature concerning her health and well being if she freely elects to undertake such travel.

In subparagraph (a) of your memorandum you requested identification of the level of the responsible Government official who must approve the operational necessity travel of subject's wife. The Chief CI Staff was so identified.

Subparagraph (b) basically related to the taxability or non taxability of funds made available and relating to the dependent wife's travel. It was the consensus and agreement of all present that all such funds should be considered as additional compensation and taxable.

COMMENTS OF REVIEWING OFFICIAL (contd) William M. Kent

Clandestine Service, one of my prime responsibilities is to try to reestablish the integrity of the current letter evaluations used in fitness reports and one of the first places for me to start is in my own Staff.

With that said, I do wish to underscore the fact that Mr. Kent is a responsible and responsive professional who knows what he has to do, does it with a minimum of fuss, writes clearly and to the point, is dedicated and in my judgment fully warrants an overall evaluation of strong. The above comments will be shown to the rater as well as the ratee.

SECTION D Narrative Comments (Continued)

languages (Spanish and Italian), and his admirable command of English prose which enables him to write crisp operational communications with speed and precision, all aid him in carrying out his responsibilities in a superior manner.

Subject does not become a victim of routine. In addition to developing the effective referrals system noted above, he has also on his own initiative created our own "skills bank" in which we are able to locate suitable NOC candidates, and those on board, in terms of needed professional or area experience, rare and esoteric language skills, etc. to the point that we can supply "leads" to divisions in a matter of minutes. (Several hundred NOC applicants and on-board personnel have thus been listed by skills bank criteria.)

Subject constantly seeks to make the NOC Branch a more meaningful and useful management tool. I find him a thoughtful and canny colleague, careful to observe in full the regulatory limits of our activity but quick to perceive opportunities to support and assist the divisions within those limits. He is a firm, fair, no-nonsense supervisor of Branch personnel. He speaks his mind, honestly but tactfully, when differences occur between him and me. It is my conviction that he is ready to enter into the upper reaches of staff and supervisory echelons of the Directorate and has by now proven that he is as adept at staff responsibilities as he was previously impressive in his field and desk operational responsibilities. In short, a comer and a cherished colleague.

SECTION D NARRATIVE COMMENTS

State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section D, attach a separate sheet of paper.

In February 1976, following the emergency hospitalization and retirement of my deputy, Subject became my new deputy, a position he has filled since that time in addition to performing most of the assignments he had been tasked with earlier. His undiminished energy and enthusiasm for his work is a hall-mark of his performance since that time. Subject has, on his own initiative, developed our referrals system (finding new NOC applicants and those on board for filling specific area priority needs) to a point where it is serving the entire Directorate with distinction and precision, especially in the "crisis" areas of NOC needs, such as Africa and Near East Divisions. Thanks to his creation of an orchestrated system of finding and "shopping" new-hire applicants with rare skills, we have also begun to serve the newly-created Clandestine Corps program with dozens of such applicants, in addition to serving normal area division NOC needs.

As a Branch supervisor, Subject deals with the entire spectrum of Branch activity in my absence with sureness and confidence. His broad operational background abroad, his near-native ability in two /continued/

COMMENTS OF REVIEWING OFFICIAL

I became C/CMS on 1 October 1976 and thus my comments must be restricted to the October-December 1976 time frame. I have no basic disagreement with the narrative comments but do challenge the letter evaluations. While Mr. Kent's performance has been strong and he has amply demonstrated he is a GS-15 level officer capable of assuming greater responsibilities, I cannot concur that his performance "is so exceptional to requirements of the work and in comparison of others doing similar work as to warrant special recognition". On purely technical grounds there is no other officer serving as DC/CMS/NOC and thus the comparison is invalid. Secondly, as Chief, Career Management Staff and administrator of the (contd)

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Mr. William M. Kent, Period: 1 January - 20 May 1977

1. As I depart from the assignment as Chief, Nonofficial Cover Branch, Career Management Staff, I should like to make a final comment on the performance of Mr. Kent who has served with me during the entire period of my assignment and who, since March 1976, has been my deputy. More specifically, the period since 1 January 1977 has been a trying one for this component and has culminated with its sudden transfer from one component (CMS) to another (ADDO/D).

2. During this most recent period, Mr. Kent has demonstrated his capacity for growth and leadership. He has himself handled virtually all of the transition aspects for the Branch, involving briefings and counsel for his new overall chief (the ADDO/D) and for his new branch chief. He has served in the past 30 days substantially as acting branch chief, given my fairly lengthy TDY absence abroad during that period. I can only reiterate my judgment in the last fitness report that Kent is a senior and mature supervisory officer, very well organized in his work habits and capable of making measured judgments and decisions. His continuity in all aspects of nonofficial cover and its ramifications makes him a valued and valuable staff officer. I would say his future contribution lies in the entire area of managing and guiding Directorate personnel. I have noted the clear progress he has made in the past year in taking supervisory decisions involving personnel, firmly and crisply.

3. Given his impressive field and Headquarters experience, Kent should be given an opportunity to display his worth in future Directorate assignments involving discretion, professionalism and maturity. I give him an unquestioned "Strong" for this final period he has served with me.

COMMENTS OF REVIEWING OFFICIAL

I am in basic agreement with these comments and with the overall rating of Strong. Unfortunately, due to the physical separation of my office and that where Mr. Kent labors, I find it difficult to provide meaningful substantive comments. I have served as C/CMS only since 1 October 1976 and, while individual branches within CMS are widely dispersed, I have been lucky in having each managed and run by a senior experienced officer of supergrade rank. This was true in CMS/NOC and I am more than willing to accept C/CMS/NOC's evaluation of Mr. Kent. In my own dealings with Kent, I have found him to be responsive, informed, articulate and an excellent team player. I am also aware of certain innovations developed by him and implemented within CMS/NOC which have benefically contributed to the Directorate's NOC program. A good, solid officer with additional growth potential.

Section D (continued)

healthy skepticism enables him to contribute materially to the smooth, still on-going, transition from the old to the new way. In this context he has made invaluable suggestions on how we shall proceed in order to improve the operational efficacy of a NOC officer, as well as to ease the burdens imposed on the private life of a NOC officer.

3. Worthy of special note is the systematic and orderly fashion in which he tackled each new problem. These attributes resulted in his solving many of the thorny personnel problems which have confronted us of late. Mr. Kent's industriousness -- on the average he spends 10 hours a day in the office -- together with his legendary meticulousness have enabled him to set up an effective referral system through which we control the flow-through of both traditional and new NOC officers -- a most difficult and at times frustrating task.

4. As a deputy and acting branch chief he has been a firm and stern supervisor who exacts precision and perfection from his subordinates. The firmness and sterness, however, are tempered by a judicious application of human understanding or compassion in cases of "hard-to-place" NOC officers. His advice in solving many of these cases to the satisfaction of both the officer and the operational component involved was most welcome.

5. In sum, Mr. Kent has been a most effective deputy. As noted above, he has many outstanding traits and his overall performance has been a solid strong.

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section C to provide best basis for determining future personnel action. If extra space is needed to complete Section D, attach a separate sheet of paper.

1. Having been appointed to my present position on 23 May 1977, this report covers seven months. In this time I have learned to appreciate Mr. Kent's excellent performance in supporting and guiding the mission of this branch. Considering the outstanding evaluation he received from my predecessor, it must have been a great disappointment to Mr. Kent that he was not advanced to become branch chief. I make this observation because Mr. Kent has never demonstrated his obvious disappointment to me. On the contrary, from the first moment he has shown extraordinary and enthusiastic willingness in providing the needed continuity to run this branch which controls the career progression of the NOC officer complement consisting of between 275 and 300 officers at any given time. No doubt the reader is aware of the intricate, complicated and at times confusing bureaucratic machinery which governs the NOC officer program. Mr. Kent has done a superb job in helping me understand and cope with this maze.

2. With the creation of the Office of External Development and concomitant issuance of new, precise and explicit regulations we now hope to streamline and simplify this bureaucratic machinery. Mr. Kent's knowledge of past practices coupled with his eagerness and at times

COMMENTS OF REVIEWING OFFICIAL

I have not had the opportunity to observe Mr. Kent's performance as closely as the rating officer. However, the rater's comments strike me as being eminently fair and accurate. Mr. Kent has certainly performed well and his thorough and accurate presentations have indeed been impressive. Despite my somewhat limited association with Mr. Kent, but having full confidence in the rating officer's judgment, I have no hesitation in concurring in the overall rating of Strong.

7. Consistent with your cover activity, you will continue to be responsible for compliance with CIA rules and regulations.

MEMORANDUM FOR: Deputy Director for Plans

ATTENTION : DDP/OP

SUBJECT : Request for Quality Step Increase (HR 20-37), Mr. William M. Kent, GS-13

1. On the basis of the information presented below, it is recommended that a Quality Step Increase be approved for Mr. William M. Kent.

2. Mr. Kent has made a most valuable contribution to the Covert Action mission of this Division. On occasion of the discovery of a Cuban arms cache in Venezuela in November 1963, of the January 1964 riots in Panama, of the April 1965 revolution in the Dominican Republic, of many other crises and situations which have developed, Mr. Kent immediately took the initiative within and outside this Division for the initiation and coordination of Covert Action efforts to safeguard the U.S. image and support U.S. objectives in each case; this, of course, without neglecting his other, routine, day-to-day responsibilities. Mr. Kent has been energetic, imaginative, and professional in his work to a degree much beyond that normally found or expected. He speaks excellent Spanish, and this has been an essential ingredient in his critical abilities in the handling of his assigned tasks.

3. Mr. Kent has been with the WH Division's Covert Action Staff since 1963. In 1964, he attended the Mid-career Executive Development Course No. 4. He has consistently maintained a very high level of competence, conscientious application, and strong dedication to his duties. In this connection, despite an illness which lasted from December 1964 to July 1965, he took only two days of sick leave and did not allow his work performance to suffer. There is every reason to believe that Mr. Kent's exceptional proficiency and effectiveness will continue.

GROUP 1
Excluded from automatic downgrading and declassification

Dear Mr [redacted] Kent

In view of your contemplated cover assignment, you have been designated a Staff Agent. The purpose of this Supplement is to call your attention to existing policies which are particularly material to you while you are so designated and to set forth certain rights and obligations incident to your status as an appointed employee.

1. Payroll Administration. As indicated in your Staff Agent Personnel Action, your present salary and grade are $14,[redacted] 666 .00 per annum and GS-13 5, respectively. As an appointed employee of the Government you are entitled to receive and retain only the salary, allowances and other benefits applicable to that status. However, certain procedural variations will be followed to preserve the security of your cover position.

(a) The gross emoluments that you receive from your cover activities will be retained by you as an offset against the gross emoluments due you from this organization. If cover emoluments ever exceed those due you from this organization, the overage is to be remitted to this organization on a monthly basis, unless a different period is specified.

(b) Your Federal income taxes will be withheld and reported in conformance with R 20-661 or any subsequent regulations or procedures promulgated by this organization. For your information, this organization shall withhold from the gross payments due you, Federal income taxes in an amount which, when added to the income taxes withheld by your cover facility, will equal the tax withholdings normally made from your gross taxable compensation with this organization. Taxes will be withheld from the differential due you by this organization. If there is no differential or if it is insufficient, you will be required to make tax remittances in conformance with HB 20-661-1.

(c) This organization will deduct from the gross payments due you an amount equivalent to six and one-half per cent (6 1/2%) of your gross salary for contribution to the Civil Service Retirement Fund. This amount will be deducted from the differential due you by this organization. If there is no differential or if it is insufficient, you will be required to make direct remittances to this organization in satisfaction of the required contributions. The Agency will not reimburse you for mandatory social security deductions required by virtue of your cover employment.

2. Nonofficial Cover Premium Pay. You are hereby authorized Nonofficial Cover Premium Pay in conformance with applicable organizational policies and issuances. For your information, currently this premium pay is ten per cent of your base salary and represents additional taxable compensation to you.

3. Place of Assignment. This Supplement is predicated upon a domestic PCS assignment under non-Governmental cover. Any deviation therefrom will require a new Supplement or an amendment hereto.

4. Security. [illegible] and all information [illegible] writing by the Government [illegible] lation of such [illegible] Espionage Laws, dated 25 June 1948, as amended, and [illegible] laws and regulations.

SUBJECT: Request for QSI:
William M. Kent, GS-14

1. It is recommended that Mr. William M. Kent be granted a Quality Step Increase in recognition of his outstanding performance as Chief of the SA Section and Acting Deputy Branch Chief of WH/6 during the tension-filled days which preceded and followed the Chilean military coup of 11 September 1973. The nature of Mr. Kent's service to the Agency during this period has been described more fully in his most recent fitness report, which evaluated his overall performance as "Outstanding."

2. Mr. Kent served as Acting Deputy Branch Chief of WH/6 for five months, from mid-June to mid-November 1973, while concurrently continuing to direct the large and important Chilean covert action program with exceptional competence. Mr. Kent thus was handling two exacting jobs simultaneously during the entire coup period. This was a time of particular tension for the Branch, since developments in Chile were of international importance and generated almost daily requests for special papers and briefings for top U.S. Government leaders. Mr. Kent performed at a consistently high level in both his SA and managerial capacities: his propaganda and political action guidance was timely, imaginative and effective, while his managerial decisions as provisional head of a 15-man branch reflected sound judgment and an across-the-board foundation in clandestine operations.

3. A self-reliant and exceptionally talented SA officer, Mr. Kent was personally responsible for the creation and implementation of two successful Division programs -- one in the political action and one in the propaganda field -- which have made an important contribution to the achievement of U.S. policy objectives with regard to Chile. These programs are being continued even though Mr. Kent has now left the Branch to handle an exacting new staff assignment.

1. Mr. Kent was assigned to a high priority Task Force in WH Division from 21 September through 30 October.

2. During this period Mr. Kent assisted in the preparation of propaganda material and was in charge of black operations. Based on his knowledge of the Cuban Intelligence Service and Cuban modus operandi, Mr. Kent prepared several highly imaginative black operations and provided much needed advice to the Task Force on this subject. The biographic material he pulled together on a major proponent of our little drama was of exceptional value and was delivered to several U. S. as well as foreign newsmen who made extensive use of it. Mr. Kent is a well trained and resourceful Clandestine Service Operator whose work showed the stamp of professionalism and whose attitude was marked by a deep interest in his work. MEMORANDUM FOR THE RECORD

SUBJECT: Commendation of Mr. William Kent

During the last five months I have turned to Mr. Kent on two occasions to help the Latin America Division in connection with Senate Select Committee's investigation of covert action in Chile. When confronted with a need to produce a paper on Chile in a short timeframe, I instinctively turned to him. It was not only because he had expertise on Chile, due to service in the Chile Branch, but because he is highly skilled in written presentation. He organizes his material well and presents it in a lucid, highly readable manner. On the first occasion, he helped us prepare a paper that was eventually used by the Director in his presentation before the Senate Select Committee on 14-15 July. On the second occasion his contribution was used by the DDO in his appearance before the Senate Select Committee on 28 October. Both of these papers were excellent and have withstoood critical scrutiny.

Aside from Mr. Kent's ability to write I would like to take this occasion to record my overall high esteem for Mr. Kent as a professional and as a person. I have always considered him to be one of our more able and promising officers. His dedication is exemplary; he has spent untold extra hours of his time carrying out his duties. He has good judgment and common sense. Mr. Kent has a very attractive personality and excellent personal presence. From all standpoints he is an excellent officer that deserves to move ahead in the organization. I am convinced he has the ability and potential to do so.

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

Versatility is another factor in subject's favor as is dedication to job. His overall performance on the Cuban desk has been excellent.

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Subject is a bright young officer who has made an outstanding contribution to the operations of the Station since his arrival on duty. He is unusually well motivated and energetic in his work. He has shown a high degree of imagination and intelligence in his direction of KUCAGE operations. He has handled his agents and other contacts in an exemplary fashion.

The only factor that has had to be discussed with Subject is his need for greater patience, tact and understanding in his dealings with fellow workers.

Subject has great potential which should not necessarily be limited to KUCAGE type activities. His abilities and attributes are of equal value to KUTUBE operations.

This employee is an outstanding, talented and dedicated individual who is original in his ideas and thorough in executing them. He has been placed in most difficult positions, particularly in the handling of incompatible people and groups which he has managed without alienating either side and on various occasions accomplishing the impossible by satisfying everyone concerned. His versatility, coupled with his language ability, makes him particularly important at this time; however, I believe that his potential has not been scratched. He is circumspective, intelligent conscious and possesses administrative ability.

FIELD FITNESS REPORT

The Fitness Report is an important factor in organization personnel management. It seeks to provide:
1. The organization selection board with information of value when considering the application of an individual for membership in the career staff; and
2. A periodic record of job performance as an aid to the effective utilization of personnel.

INSTRUCTIONS

TO THE FIELD ADMINISTRATIVE OR PERSONNEL OFFICER: Consult current field administrative instructions regarding the initiation and transmittal of this report to headquarters.

TO THE FIELD SUPERVISOR: Read the entire form before attempting to complete any item. As the supervisor who assigns, directs and reviews the work of the individual, you have primary responsibility for evaluating his strengths, weaknesses, and on-the-job effectiveness as revealed by his day-to-day activities. If this individual has been under your supervision for less than 30 days, you will collaborate, if practicable, with his previous supervisors to make sure the report is accurate and complete. Primary responsibility rests with the current supervisor. It is assumed that, throughout the period this individual has been under your supervision, you have discharged your supervisory responsibilities by frequent discussions of his work, so that in a general way he knows where he stands.

Section F 3.

I agree with the rating officer that the subject has a great deal of enthusiasm and interest in his job and in many aspects performs his duties in a highly professional manner. I do not, however, for reasons stated below, believe that his over all rating should be higher than 4+.

While it is true that he demonstrates considerable imagination and energy, he is headstrong and develops prejudices that prevent him on occasions from being objective in handling operations. This in my opinion is due to his youth and lack of experience in dealing with a particular situation of the kind with which he is now faced. This is by no means meant to be a reflection on his qualifications or future potential.

I emphatically disagree with the last sentence of Section E for the reasons set out above. He should not be, at the present time, given greater individual responsibility but rather should be subject to close, strong supervision of a senior officer.

SECTION E — NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Subject has a unique flair for planning and conducting political action operations. His previous field experience in dealing with Latin American political action agents and his facility with the Spanish language have made him an unusually strong asset in the conduct of current operations in the Dominican Republic. His personality and background enable him to establish rapport with foreign nationals with remarkable ease. He uses imagination in developing new operations and is aggressive in follow-up procedures. He is well qualified for a Headquarters position which would give him greater individual responsibility.

REC'D ROOM

Mr. Kent's greatest strengths are a good, analytical mind, skillful handling of agent personnel, fluency in languages, intimate background knowledge of targets and assets, strong loyalty up and down, good sense of humor. He has the ambition to go on to jobs calling for greater responsibility, and he has amply demonstrated his readiness to move on to such jobs.

On occasion he may forget that good staff work includes not only defining problems but recommending sound solutions as well. This is only a transitory weakness that will be corrected by more experience and training.

The undersigned would be happy to have Mr. Kent as a colleague during any future assignment.

Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

During the approximately six months of Mr. Kent's association with WH/5, the Branch CA effort was almost exclusively concentrated on a special operation with which Mr. Kent was not directly concerned. His assigned task was to act as Headquarters case officer for those CA projects not directly involved in the special project and for peripheral aspects of some which were. He performed his assigned duties competently and demonstrated that in the graphic aspects of CA work he has few peers.

At the same time, Mr. Kent did not show any large measure of initiative in developing those projects assigned to him, and seemed to treat his assignment as a temporary one (as indeed it turned out to be) to which he was not fully committed and in which he was not overly interested.

Mr. Kent is a pleasant and cooperative officer who doubtless can perform capably in a position with supervisory responsibilities, although his duties with WH/5 gave him no opportunity to demonstrate his competence in this area.

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

Mr. Kent has been under my supervision and has occupied his present position of responsibility for propaganda matters for less than four months, but in that time has demonstrated an unusual ability to provide imaginative, timely and useful propaganda guidances for covert field use. He is very sensitive and perceptive to the capabilities and limitations of WHD media operations and exploits their possibilities to the maximum. He has been particularly effective in the exploitation of leads provided by KUTUBE sources as the basis for "black" operations. In this regard he has shown great initiative, imagination and professional ability. Kent regularly makes sound suggestions for increasing the effectiveness and security of WHD media operations, and with more time on the job, and an increased knowledge of specific country operations, he should further improve his ability to assess and review WHD projects.

This officer is admirably suited for his present assignment; he is creative and an industrious worker, producing quickly and with a minimum of supervision; his guidances are well written and easily understood; and he has sole responsibility for his functional duties as part of a small three-man staff team. He has a friendly disposition and gets along well with his co-workers, although he is a person of strong convictions which he does not hesitate to express.

No further training is recommended at this time. His proficiency in Spanish is excellent and he uses that ability regularly in originating media operations, especially "black" operations.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

Mr. Kent has sustained the same high degree of competence, imagination and conscientious application to his duties noted in the last fitness report. He is unusually well qualified for his present job by reason of experience, knowledge and sensitivity to the Latin American culture and mentality. Although he is a person of strong convictions, not always tactfully expressed, it is to his credit that he has adapted to the role of a staff officer with admirable self-restraint and self-discipline.

Were it not for the fact that Mr. Kent cannot accept a permanent overseas assignment at this time for family medical reasons, he should now be considered for assignment to a senior position at a country desk preparatory to a Field Station assignment. Under these circumstances, Mr. Kent is making a valuable, perhaps even indispensable, contribution to the covert action mission of WHD and should remain in his present position for the immediate future.

No further training is recommended at this time. He completed the Midcareer Executive Development Course No. 4 during the reporting period.

Mr. Kent has no supervisory functions in his present position, but he appears to be capable of performing such duties. His security record is excellent and his cost consciousness is good.

Mr. Kent is indeed a professional in his field, an expert in propaganda operations which require area knowledge, technical know-how, and imagination. In a specialty where it is only too easy to go off the deep end, Mr. Kent has always kept his wits about him and avoided parochialism. He is a lucid writer who focusses on the essential. By nature, Mr. Kent is an impatient man who has certain biases which sometimes get into the way of his operational judgements. He is keenly aware of this and his efforts to remain as "uninvolved" as possible are commendable. In summary, Mr. Kent is a "doer" who in his field contributes much.

Mr. Kent has no supervisery duties to perform. He is highly cost conscious.

SUBJECT : Recommendation for Promotion to Grade GS-14, [redacted] (Staff Agent)

William M. Kent

Kent

1. [redacted] who was a Staff Employee up to the time of his conversion to Staff [redacted] in July of this year, has been connected with the Latin American scene since he joined the Agency in 1951. Even before that time he had lived in some Central American countries. Thus, it is not surprising that he brought to his assignments a thorough knowledge of the social, economic, and political currents throughout the WH Division area.

Kent's

2. In handling many tasks at various levels of responsibility and different locations, one facet of [redacted]erformance has always been outstanding: he has an unusual ability to apply his imagination toward realistic and useful operations. To be specific: on occasion of the discovery of a Cuban arms cache in November 1963, of the January 1964 riots in Panama, of the April 1965 revolution in the Dominican Republic, and of many other crises and situations which have developed in the WH area [redacted] immediately took the initiative within and outside the Division for the initiation and coordination of covert action efforts to support U.S. (and Agency) objectives. In his last assignment prior to assuming his duties under nonofficial cover, his constructive analyses of this Division's covert action activities and conclusions therefrom have made a significant impact on the formulation of our operational posture. Kent's [redacted] task in his current assignment will be to find and develop channels to Latin American Christian Democratic individuals and groups which will require maturity and judgment, tact and operational know-how, creativeness and flexibility. His current assignment is and some others in the past were at a level of a GS-14 if not higher and thus the promotion of [redacted] to GS-14 is strongly recommended at this time.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Kent, William M

[redacted], GS-14; Employee Number 059198; DOB: 5 September 1929; Operations Officer; Career; Service Designation: D

PERIOD UNDER REVIEW: 1 January 1968 - 6 January 1969

MONTHS UNDER MY SUPERVISION: 16

OVERALL RATING: Proficient

1. During this reporting period Subject has continued to maintain a state of more than satisfactory proficiency and has done a good job of establishing himself under unofficial commercial cover. He is always on the alert for new avenues of approach to targets of interest using his cover as access.

2. At present he is handling one quite sensitive penetration of an Embassy and to date has managed this case in a highly professional manner.

3. Subject is well motivated, takes a serious approach to his work and profits by his mistakes. At times he is inclined to take precipitate action and think later. However, he is most willing to learn and takes constructive criticism of his work in the proper spirit.

4. In order to increase Subject's value to the Washington Base, it is recommended, that when time permits, he be enrolled in the CI/CE and the Soviet Realities courses.

5. As of the present Subject has no supervisory responsibilities. He has proven to be sensibly cost conscious and submits his accountings promptly.

SECTION C NARRATIVE COMMENTS (Continued)

Subject devised a first-class cover relationship with the priority (REDTOP) target of this Base. For a period the relationship was close, and in our judgment it was wholly unsuspicious because Subject made it seem so natural. This was a very delicate operation which Subject handled with distinction.

Personal characteristics of this officer which should not be overlooked in this review are loyalty, responsiveness, willingness to accept any direction.

In conclusion I want to emphasize my conviction that this officer's assignments should be limited to the area for which he was trained and in which he feels confident: Latin America.

This officer is reasonably cost-conscious. I have had no opportunity to observe his capability for supervising other case officers.

SECTION C

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

This officer to some extent has been a victim of his assignment. His undergraduate training in Latin American affairs was thorough and extensive. His employment with RVROCK for the next 16 years was Latin-oriented. His Spanish language is rated "native". Yet during the period under review he was diverted from Latin-American affairs toward a variety of higher priority targets. This re-orientation was not uniformly successful, and should not be continued, because Subject seems to have no natural interest in foreign nationals (with the apparent exception of Latin Americans) and in most foreign affairs (with the exception of Latin American affairs).

Subject's strongest characteristic is his ability to live and to utilize his commercial cover. He showed great aptitude and commendable imagination in devising new modes of commercial access to foreign nationals residing in Washington. For example his use of his cover was the matrix of several successful recruitments for which other case officers received the ultimate credit, even though the recruitments were based on this officer's discovery of the potential agents and his initial development of them before they were transferred. Conversely, when Subject retained the contacts through the development phase, the contacts languished.

COMMENTS OF REVIEWING OFFICIAL

This reviewing official concurs with the ratings and narrative comments. Subject tended to evince operational interest in individuals or situations that were rather marginal in terms of the mission of the Base. It is significant that during the course of his tour in the Washington Base, he has made no recruitments of foreign targets. His propensity for living his cover was so strong that it suggests his future operational utilization in the field should be in spotting and assessing rather than recruiting.

policy, CCS will not okay engaging in recruitment activities people who are under cover of legitimate firms (such as my cover firm, WWIS). The risk, he said, is too great, adding that where recruitment responsibilities are envisaged, a devised facility cover rather than that of a real firm, is provided. He suggested that I call Mr. Will Burke, current Chief of the Corporate Cover Branch in CCS, for further details and confirmation.

5. I spoke with Mr. Burke on the morning of 29 June. In essence, he said the same thing that Biladeaux had said, allowing that there are occasional exceptions such as an instance where an officer assigned abroad might use an alias, or on the rare occasion where a person might, in effect, recruit himself. With specific reference to WWIS, when I had that cover recruitment activity was precluded.

Subject has been under the supervision of Branch 6 since August 1966. In August Subject was transferred PCS to New Orleans where he was responsible for all aspects of the operation of proprietary foundation JMCLIPPER. During the reporting period, he has consistently demonstrated a high degree of enthusiasm and operational initiative. Although operating under instructions not to expand foundation activities too rapidly, he has not waited for an official "go-ahead" but has shown unflagging energy in planning operations for the period when JMCLIPPER could expand activities. He has shown an unusually keen perception of areas of CA operational needs and of imaginative thinking on how to fill these needs.

Subject has shown himself fully capable of exercising the self-disciplined and self-motivation necessary in an unofficial cover position. His proficiency in Spanish has been useful in meeting and entertaining Latin American travelers of potential operational interest passing through his city. He has handled his cover situation well. The cover office has been well run with no significant financial, administrative, or personnel problems having arisen during the period. Subject has exhibited an above-average cost consciousness.

In the past [redacted] has proven himself to be a dynamic and highly-skilled operations officer whose geographic area of specialization was WH and whose professional forte was propaganda and covert action activity. During his 5 months association with the Washington Base, this officer has continued to maintain a state of exceptional proficiency while establishing himself locally under unofficial commercial. He has done this with his usual high degree of energy, perception and seriousness. Having laid a firm operational base, it is expected that during the next reporting period the operational "take" from Subject will be equally firm. During his brief Base tour [redacted] has handled several selected operational matters within the area of his greatest competence and during the Fall meeting of the OAS acquitted himself with exceptional proficiency. Subject has no supervisory duties at present. He is cost conscious in all respects. It is expected that [redacted] will be able to provide meaningful assistance during the coming year in attacking those areas of priority operational interest assigned to the Base by Headquarters. In order to assist [redacted] in this and to enable the Base to utilize his many talents to the optimum, it is planned, when the Base operational climate allows, to have him take the Kent Soviet Realities course and the CI/CE course. [redacted] is well-motivated and does his best to become a meaningful member of the Washington Base.

I concur generally in this evaluation. Subject is always on the look-out for new leads. While in general this is commendable, it should be noted that his assessments are not in depth. It would be preferable if he concentrated on a few good prospects, leading to a solid recruitment, rather than enlarging numerically his stable of contacts.

MEMORANDUM FOR: Mr. Joseph Di Stefano

SUBJECT : Responsibilities During Assignment to DO/Washington Base (re Fitness Report Jan 69 - Jan. '70)

FROM : Mr. William M. Kent

1. During the early days of my assignment to DO/Washington Base, the matter of my cover was discussed a number of times with DO Personnel and CCS. Eventually, CCS came up with World Wide Information Services, Inc., of New York, as a legitimate firm which would provide me with the needed cover. It came out loud and clear during the discussions that this cover would allow me to spot, assess and develop targets of interest, and would allow me to handle recruited agents, but, because of the high risk involved in the use of a legitimate firm for cover purposes, I was not to engage in recruitments.

2. Despite its one limitation, the cover was ideal. Among other things, I:

a. Handled a recruited Venezuelan agent assigned to the Venezuelan Embassy in Washington;

b. Handled a recruited code clerk assigned to one of the embassies in Washington;

c. Contacted and assessed a high official of the Soviet Embassy, made arrangements to have him met by another Base Case Officer under alias who continued the development which eventually was to lead to a recruitment pitch;

GROUP 1
Excluded from automatic
downgrading and

d. Established contact and developed a third national employed by the Algerian Embassy, gained access to the Embassy, went all through it, drew a sketch of the interior of the premises including the location of the code room;

e. Made contact with and developed two Arab officials assigned to the Arab Information Office in Washington;

f. Made contact with and developed officials in the Polish, Czech, Hungarian and other Embassies; was on particularly good terms with the Poles;

g. Made contact and developed an official of the Pakistani Embassy;

h. Made contact, developed and turned over to another case officer under alias a Swedish national who was subsequently recruited and was to be sent to India to work on the Chicom target.

i. Maintained my cover in a manner which was completely devoid of suspicion during the entire period I used it.

3. When the Base moved to its new offices in Washington, the COB gave me my instructions. He told me that I should avoid making or maintaining contacts in the Church and Latin American communities in Washington; that I was not being assigned any geographical area on which to concentrate but would be expected to use my judgment, seek out persons who might be of interest, and take advantage of opportunities which might arise; that I would be given recruited agents to handle as the need arose; that, per the limitation concerning my cover, I was not to engage in actual recruitments, but was to spot, assess, and develop persons of possible interest who would be turned over to other case officers under alias for further development and recruitment.

4. On 28 June 1971, I called Dick Biladeaux of CCS who was involved at the time I was given the WWIS cover. While I did not, purposely, make specific reference to the matter at hand, in response to my query he said that as a matter of

and he is consistent and reliable in his performance. His writing is entirely coherent and always in good form, although occasionally a little too clever and glib for my tastes. He has an excellent understanding of personal and operational security and cover.

A word about versatility: Mr. Kent does indeed have near-native Spanish and a specific interest in Latin American affairs as noted in his previous fitness report; however, his general interests cover a much greater geographic and topical area and and he has no difficulty in quickly finding some common ground with persons of all backgrounds and nationalities. Although his job here in the branch rarely called for direct operational contacts, I have no reservations about his ability to develop, recruit and handle all types of persons of intelligence interest. He is presentable, sensible, well-spoken, and a definite credit to the Agency in his dealings with other elements of the U.S. Government.

Mr. Kent is an enthusiastic and energetic activist with now proven managerial abilities. His greatest asset is his quick, sharp and imaginative mind: His only shortcoming worthy of mention is a slight tendency towards impulsiveness in making decisions. My relationship with this officer has been such that we discussed operational and personnel matters and his handling of them at least several times a day; thus, special performance consultations with him were not considered necessary. His performance was fully up to our expectations of him and consistent with the high standards of responsibility and efficiency required in this branch.

Mr. Kent came to this branch from a non-official cover job which had little in common with the duties of a country desk chief. Moreover, he found himself in the sometimes difficult situation of taking over a position just vacated by the newly appointed deputy branch chief. Despite these, to him, minor obstacles, he called upon his close association with Latin American affairs for many years, his wealth of experience on WH country desks, and his inherent ability to deal successfully with people and situations in asserting leadership and quickly bringing the Peru Desk under his own independent control.

During the year that Mr. Kent served as Peru Desk Chief he domonstrated conclusively that he is equally talented in all fields of clandestine activity. There is little question that Covert Action is what he likes and does the best, as once more evidenced by a written commendation he received for this type of work while part of a special WH task force in September and October 1970; however, it should be equally noted that the FI and CI aspects of his job on the Peru Desk also received full interest and attention during his tenure. He is a good personnel manager and maintained high morale in his unit while working it hard and demanding high standards. He is not at all afraid of responsibility, he meets all deadlines without prompting,

COMMENTS OF REVIEWING OFFICIAL

I have little to add to this comprehensive narrative with which I fully agree. I, too, have worked very closely with Bill for most of the period under review, which witnessed rather hectic days in the life of the Lima Station: it was comforting to be able to rely on his keen perception of latent trouble, clear analysis of events, and sound and/or imaginative, as the case demanded, proposals for approaching problems. Because he has the potential for career advancement, I would strongly recommend that he be soon transferred back to a "line" position, again with managerial responsibilities.

Mr. Kent has competently directed the covert action activities of Branch 6 since being named Chief of the CA Section for the Branch in December 1970. He was selected for this position because of his aggressiveness in the CA field and especially because of his years of experience and success in the propaganda activity. In closely monitoring the actions of the Allende Government (GOC) Mr. Kent lived up to his reputation and demonstrated his unique ability to recognize propaganda vulnerabilities and to attack them with effective and imaginative propaganda guidance.

DS72 During his brief tour in the Branch Mr. Kent developed one economic warfare operation against the GOC which shows indications of partially satisfying the USG objective of discouraging foreign investment in Chile.

Mr. Kent is fluent in the Spanish language and on at least two occasions he has proven himself as a translator for two meetings between senior officials of the USG and Latin American officials.

Mr. Kent has effectively supervised the personnel of the CA Section which, besides himself, consists of two officers and one clerical. In the management of the Branch's covert action programs

In my capacity as Branch Chief during the period January to April 1971, I had ample opportunity to observe the work of Mr. Kent and had the pleasure of working directly with him on a variety of sensitive and important activities. In addition to his highly imaginative yet realistic approach to the problem of Chile, he amply demonstrated his ability to deal with persons who were out to sell bills of goods to the Agency. His clear understanding of the role of the Clandestine Service protected the Agency from disagreeable encounters that might have resulted in compromises or embarrassments. It should be noted that during this period Mr. Kent served for three months as the Acting Deputy Branch Chief, including two weeks when he was the Acting Branch Chief. In both of these positions he performed very capably, showing excellent judgment and managerial abilities in handling Branch-level matters. During the rating period Mr. Kent continued to direct in a highly effective manner the large-scale covert action program carried out by the Branch against the Chilean target, including political action operations, propaganda, economic warfare, black operations and a militant action group. Mr. Kent is uniquely qualified for his present job since he combines an active and imaginative mind with a background of twenty years of operational experience in the Latin American area. He also possesses an unusual degree of fluency in the Spanish language.

In addition to directing the Branch's overall covert action program, Mr. Kent personally handled the majority of the propaganda effort conducted by the Branch. He turned in a very strong performance in originating and coordinating propaganda guidances on the Chilean situation for use in the Western Hemisphere as well as other areas such as Europe. He showed a real flair for spotting propaganda vulnerabilities and then coming up with fresh ideas for the exploitation of these vulnerabilities. He particularly excelled in staying on top of fast breaking situations requiring a steady flow of propaganda guidance.

Mr. Kent also conceived and executed the second phase of an effective propaganda operation in the economic field which is designed

COMMENTS OF REVIEWING OFFICIAL

There is little that I can add to this performance rating and narrative comments. I agree with the rating officer's judgment. Mr. Kent is a self-starter with a very imaginative mind. I have closely observed his work on an effective propaganda operation in the economic field and found it highly successful and effective. His tenure as Acting Deputy Branch Chief left nothing to be desired. I was also personally associated with him at the hemisphere-wide publishers' meeting in late 1971. His professional conduct and good judgment during this meeting undoubtedly was

government's economic credibility both in Chile and abroad. These efforts undoubtedly have played a role in Chile's increasing difficulties in obtaining badly needed foreign financial assistance.

In the course of his duties Mr. Kent was called upon to meet and handle several key Chileans concerning matters affecting covert operations in Chile. In one case he made the first Agency contact with an important Chilean business leader who will be taken over shortly by the Santiago Station. This individual is a leader of the Chilean private sector which has become of increasing interest to the Station's operations.

Mr. Kent ably supervisied the activities of the two other officers and secretary in his Section during the rating period. In addition to his regular duties, he has frequently been called upon to fill in for the Branch Chief and/or the Deputy Branch Chief during absences of the latter two officers. In all such cases he displayed sound judgment and a thorough grasp of both the FI and CA operations being conducted in Chile.

In conclusion, it should be noted that Mr. Kent has turned in an unusually strong across-the-board performance during the highly active period covered by this report. It has been a real pleasure to have worked with an individual of this high competence and dedication.

During the past year Mr. Kent continued to direct the CA Section of the Chile Branch in the same highly effective manner noted in the previous fitness report. In this position he was responsible for directing the Headquarters support for WH Division's largest and most active covert action program. This program is generally credited with having achieved a number of successes during the past year in a wide variety of activities against the Chilean target.

Mr. Kent possesses an unusual combination of talent, language capability and experience that makes him one of the top CA officers in the Division. He is particularly effective in conducting propaganda work and his imaginative exploitation of the Chilean situation has been superb. As a result of his efforts, the Branch has been able to conduct a continuous and effective hemisphere-wide propaganda campaign against the Allende government during the past year. In addition, he has brought in key European stations to assist in this program on numerous occasions.

Among the more significant contributions made by Mr. Kent have been his activities in the economic field. He has successfully carried out a number of operations designed to damage the Allende

I concur with this evaluation. Subject's ability in the propaganda field particularly is exceptional. Blessed with a fertile imagination, he has an uncanny talent for coming up with an appropriate CA remedy to almost any problem. His knowledge and experience in the CA field is wide and deep, making him undoubtedly one of the best officers in this speciality in the Agency. The Branch is indeed fortunate to have his services.

ability to act on his own and get things done, he also has a decided capacity for working as a team member.

While the Outstanding rating necessarily must be assigned sparingly, I believe it is merited in this case. Mr. Kent did a really superb job in the tension-filled days leading to the Chilean coup. His performance and intellectual abilities place him among the top 10% of SA officers in the Division and probably in the Agency.

As far as future assignments are concerned, I believe Mr. Kent is best qualified by experience and personal inclination to handle staff jobs calling for a large measure of political and economic astuteness. The new job he is taking over in the economic section of WH Division will test his talents, but I believe he has the growth potential to rise to positions of even greater responsibility.

operational experience. His ingenuity, originality and flare are balanced by sound common sense and enriched by his sense of humor and personal modesty. Mr. Kent was personally responsible for the creation and implementation of two important Division programs - one in the political action field and the other in the propaganda field, which were designed to influence foreign attitudes toward the Allende Government and to dissuade foreign governments from providing economic assistance to Chile. These programs were highly successful, and since the same techniques can be applied in support of the new Chilean military government, the programs are being retained and hopefully will continue to produce results which make an important contribution to the achievement of U.S. policy objectives.

Mr. Kent continued to supervise the SA Section in the same highly effective manner noted in previous efficiency reports. He also continued to meet and handle several key Chileans, including a top civilian adviser to the new Chilean government. He put in long hours, working eleven or twelve hours a day during crisis periods.

Mr. Kent's transfer to the economic section of WH Division will enable him to make fuller use of his talents in the specialized and important field of economic intelligence, in which he has a particular interest. It is, however, a severe loss to the Branch, which has benefited immeasurably from his imaginative yet level-headed approach to operational problems and challenges. He is much liked as well as respected by Branch 6 personnel and has contributed greatly toward maintaining the high morale and effectiveness of the Branch as a whole.
